

TO: Mayor Jim Gray
FROM: Kristin Chilton, Chief
DATE: February 1, 2017
SUBJECT: Price Contract with FATPOT Technologies for annual software maintenance

Request:

To extend the annual price contract with FATPOT Technologies, LLC for the maintenance of mobile data software currently in use by the Division of Fire and Emergency Services through June 30, 2021.

Why are we requesting?

The software provides mapping, dispatching, and messaging services on the Division's mobile data computers. This software package provides the vehicle mapping that is used to dispatch the emergency units of the Division of Fire and Emergency Services to incidents based on the unit's physical location. This is known as Automatic Vehicle Location (AVL) Dispatching. AVL Dispatching allows the Division of Fire to identify the units that are closest to an emergency call and assign call to the appropriate units.

What is the cost in this budget year and future budget years?

The cost for this FY is: \$0

The cost for future FY is: not to exceed \$36,000

Are the funds budgeted?

Funds are budgeted as follows: 1101-505705-5753-76102

File Number:

Director/Commissioner: Chilton/Bastin
