- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.

Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

## DOCUMENTATION REQUIRED FOR GOOD FAITH EFFORTS AND OUTREACH PLANS

As affirmed in Resolution Number 272-2024, the Urban County Council has adopted an annual aspirational goal of utilizing at least seventeen percent (17%) of public funds spend from certain discretionary agreements with certified Minority Business Enterprises (MBEs) and certified Woman Business Enterprises (WBEs); utilizing at least three percent (3%) of public funds from certain discretionary agreements with Certified Veteran-Owned Small Business and Certified Service-Disabled Veteran-Owned Small Businesses (VOSBs); and utilizing Disadvantaged Business Enterprises (DBEs) where applicable. Bidders should make every effort to achieve these goals.

Therefore, as an element of the responsiveness of the bid, all Bidders are required to submit documentation of their good faith and outreach efforts to ensure all businesses, including small and disadvantaged businesses such as minority-, woman-, and veteran-owned businesses, have an equal opportunity to compete for and participate in the performance of any subcontracts resulting from this procurement. Examples of good faith and outreach efforts that satisfy this requirement to encourage the participation of, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs include:

1. Advertised opportunities to participate in the contract in at least two (2) publications of general circulation media; trade and professional association publications; small and minority business or trade publications; and publications or trades targeting minority, women, and disadvantaged businesses not less than fifteen (15) days prior to the deadline for submission of bids to allow, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs to participate.
2. Attended LFUCG Procurement Economic Inclusion Outreach event(s) within the past year to meet new small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs to partner with on LFUCG contracts and procurements.
3. Attended pre-bid/pre-proposal meetings that were scheduled by LFUCG to inform small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs of subcontracting opportunities.
4. Sponsored Economic Inclusion event to provide networking opportunities for prime contractors and small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs.

6. Contacted organizations that work with small, DBE, MBE, WBE, and VOSB companies for assistance in finding certified DBEs, MBEs, WBEs, VOSB and/or SDVOSBs to work on this project. Those contacted and their responses must be a part of the bidder's outreach efforts documentation.
7. Sent written notices, by certified mail, email, or facsimile, to qualified, certified small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs soliciting their participation in the contract not less than seven (7) days prior to the deadline for submission of bids to allow them to participate effectively.
8. Followed up initial solicitations by contacting small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs via tailored communications to determine their level of interest.

10. Selected portions of the work to be performed by small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs in order to increase the likelihood of subcontracting participation. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate small, DBE, MBE, WBE, VOSB and/or SDVOSB participation, even when the prime contractor may otherwise perform these work items with its own workforce.
11. Negotiated in good faith with interested small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs, not rejecting them as unqualified without sound reasons based on a thorough investigation of their capabilities. Any rejection must be so noted in writing with a description as to why an agreement could not be reached.
12. Included documentation of quotations received from interested small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs that were not used due to uncompetitive pricing or were rejected as unacceptable and/or copies of responses from firms indicating that they would not be submitting a bid.
  - a. Bidder has to submit sound reasons why the quotations were considered unacceptable. The fact that the bidder has the ability and/or desire to perform the contract work with its own forces will not be considered a sound reason for rejecting a small business', DBE's MBE's, WBE's, VOSB's and/or SDVOSB's quote. Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy the participation goals.
13. Made an effort to offer assistance to or refer interested small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs to obtain the necessary equipment, supplies, materials, insurance and/or bonding to satisfy the work requirements of the bid proposal.

**Note:** Failure to submit the documentation requested in this section may be cause for rejection of bid. Bidders may include any other documentation deemed relevant to this requirement which is subject to review by the MBE Liaison. Documentation of Good Faith and Outreach Efforts must be submitted with the Bid, regardless of the proposed level of small, DBE, MBE, WBE, VOSB and/or SDVOSB participation in the procurement. If the Good Faith and Outreach Effort documentation is not submitted with the bid response, the bid may be rejected.

#### OUTREACH EFFORTS EVALUATION

Outreach efforts demonstrated by the bidder or respondent will be evaluated on a pass/fail basis.

**AMENDMENT 1 —  
CERTIFICATION OF COMPLIANCE FOR EXPENDITURES USING FEDERAL FUNDS,  
INCLUDING THE AMERICAN RESCUE PLAN ACT**

The Lexington-Fayette Urban County Government (“LFUCG”) may use Federal funding to pay for the goods and/or services that are the subject matter of this bid. That Federal funding may include funds received by LFUCG under the American Rescue Plan Act of 2021. Expenditures using Federal funds require evidence of the contractor’s compliance with Federal law. Therefore, by the signature below of an authorized company representative, you certify that the information below is understood, agreed, and correct. Any misrepresentations may result in the termination of the contract and/or prosecution under applicable Federal and State laws concerning false statements and false claims.

**The bidder (hereafter “bidder,” or “contractor”) agrees and understands that in addition to all conditions stated within the attached bid documents, the following conditions will also apply to any Agreement entered between bidder and LFUCG, if LFUCG uses Federal funds, including but not limited to funding received by LFUCG under the American Rescue Plan Act (“ARPA”), toward payment of goods and/or services referenced in this bid. The bidder also agrees and understands that if there is a conflict between the terms included elsewhere in this Request for Proposal and the terms of this Amendment 1, then the terms of Amendment 1 shall control. The bidder further certifies that it can and will comply with these conditions, if this bid is accepted and an Agreement is executed:**

1. Any Agreement executed as a result of acceptance of this bid may be governed in accordance with 2 CFR Part 200 and all other applicable Federal law and regulations and guidance issued by the U.S. Department of the Treasury.

2. Pursuant to 24 CFR § 85.43, any Agreement executed as a result of acceptance of this bid can be terminated if the contractor fails to comply with any term of the award. This Agreement may be terminated for convenience in accordance with 24 CFR § 85.44 upon written notice by LFUCG. Either party may terminate this Agreement with thirty (30) days written notice to the other party, in which case the Agreement shall terminate on the thirtieth day. In the event of termination, the contractor shall be entitled to that portion of total compensation due under this Agreement as the services rendered bears to the services required. However, if LFUCG suspects a breach of the terms of the Agreement and/or that the contractor is violating the terms of any applicable law governing the use of Federal funds, LFUCG may suspend the contractor’s ability to receive payment by giving thirty (30) days’ advance written notice. Further, either party may terminate this Agreement for cause shown with thirty (30) days written notice, which shall explain the party’s cause for the termination. - (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the

This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

**HIGH VOLTAGE  
ELECTRICAL MAINTENANCE AND REPAIR  
SCOPE OF SERVICES**

The Lexington-Fayette Urban County Government – Division of Water Quality (LFUCG-DWQ) desires to procure the indefinite services of qualified electrical contractors to repair, service and maintain high voltage electrical maintenance and installation services at the two wastewater treatment plants owned by LFUCG; the Town Branch Wastewater Treatment Plant and the West Hickman Wastewater Treatment Plant. For the purposes of the scope high voltage is defined as 600 volts or greater. LFUCG-DWQ already employs a staff of electricians and technicians qualified for low voltage systems; LFUCG-DWQ wishes to provide staff with on-call/as needed outsourced electrical contracting services that are fully qualified to service all high voltage electrical systems serving the wastewater treatment plants.

Electrical contractors issued a Purchase Order under the terms and conditions of this scope and the associated contract documents must be available to work in an as-needed/on-call capacity, prepared to perform high voltage electrical maintenance and repair work at the rates stated in Exhibit A on the Unit Price Quotation Form in an amount not to exceed \$500,000.00 per calendar year. Unless otherwise authorized, urgent electrical service work requires a maximum four (4) hour response. A maximum of three qualified electrical contractors will be selected for this contract. The contract will be issued for one (1) year with three (3) one (1) year renewals. The selected electrical contractors are expected to all perform electrical service and maintenance tasks on all electrical service equipment “upstream” from the Motor Control Centers (MCCs) serving specific process units, and including the switchgear and substation equipment and terminating at the Kentucky Utilities (KU) service delivery point. The high voltage electrical service at each wastewater treatment plant is generally described as listed below.

**Town Branch WWTP**

- Dual overhead service from KU
- Overhead looped service with two LFUCG owned substations distributing power to specific processes – see Exhibit C for the existing distribution 1-Line.

**West Hickman WWTP**

- Dual overhead service from KU
- Service distribution to the plant as shown in Exhibit E
- 2 12470V Underground feeders
- 2 4160V Transformers
- 2 4160V Generators and ATS
- 1 4160V MCC
- 5 4160V Motors
- See Exhibit D for the existing distribution 1-Line.

Specifics regarding the high voltage service at each plant will be discussed at pre-bid walk-throughs. Please call the contacts below to schedule a walk-through at each plant.

**Town Branch WWTP** (301 Jimmie Campbell Drive, Lexington, KY)  
Brad Pennington – Phone 859-425-2421 (Office)

**West Hickman WWTP** (645 West Hickman Plant Road, Nicholasville, KY)  
Matthew Chancellor – Phone 859-280-8650 (Office)

Scheduled pre-bid walk-throughs are strongly encouraged but not mandatory.

While LFUCG-DWQ intends to contract some low voltage (less than 600 volts) projects via a separate contract, some of the high voltage services requested in this scope may include incidental and necessary low voltage work to complete an assigned task. That incidental and necessary low/medium voltage work may include:

- Assemble, install, test, and maintain electrical or electronic wiring, equipment, appliances, apparatus, and fixtures, using hand and/or power tools. Work from ladders, scaffolds, and roofs to install, maintain or repair electrical wiring, equipment and fixtures. Perform physically demanding tasks, such as digging trenches to lay conduit and moving and lifting or heavy objects. Diagnose malfunctioning systems, apparatus, and components, using test equipment and hand tools, locate the cause of electrical breakdowns and correct the problem. Inspect electrical systems, equipment, and components to identify hazards, defects, and the need for adjustment or repair, and to ensure compliance with all applicable electrical codes. Connect wires to motors, drives, circuit breakers, transformers, or other components. Place conduit (pipes or tubing) inside designated partitions, walls, or other concealed areas, and pull insulated wires or cables through the conduit to complete circuits between boxes. Test electrical systems and continuity of circuits in electrical wiring, equipment, and fixtures, using testing devices such as ohmmeters, voltmeters, and oscilloscopes, to ensure compatibility and safety of system.
- Plan layout and installation of electrical wiring, equipment and fixtures, based on job specifications and local codes. Prepare sketches or follow blueprints to determine the location of wiring and equipment to ensure conformance to all electrical codes. Perform administrative duties such as pulling appropriate permits, maintaining records and files, preparing reports and ordering supplies and/or equipment as delegated.
- Ability to run and bend rigid conduit up to 6 inch. Proficient use of High Pot and Mega Ohm meters. The use of a bucket truck for high voltage work.
- Electrical service will be available as-needed on an on-call basis. Emergency work may include troubleshooting and repairing equipment failures, laying temporary cabling and/or wiring, installing service poles, replacement of electrical equipment and/or components and assisting other contractors as necessary to remedy an emergency situation.

The purpose of this procurement is the repair and maintenance of high voltage service for the wastewater treatment plants and no assigned work will exclude high voltage work in the service request.

### **SAFETY AND TRAINING REQUIREMENTS**

All workers will adhere to NFPA 70E

All installations must meet NEC and local codes.

Contractor is required to submit any electrical safety training that has been completed.

Contractor must provide a list of workers that are high voltage qualified per NFPA 70E.
