Further, either party may terminate this Agreement for cause shown with thirty (30) days written notice, which shall explain the party's cause for the termination. - (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

Bids which stipulate a minimum order amount for delivery will be rejected. There shall be no delivery charge or fuel surcharge for the term of this contract. In the interest of reducing overall handling cost, the LFUCG will endeavor to minimize and consolidate deliveries whenever possible. A complete and accurate invoice shall accompany each delivery. If an invoice reflects a price increase which has not been approved under the terms stated in paragraph 2.2 the invoice will not be processed for payment and LFUCG will request a revised invoice be submitted reflecting the applicable and agreed upon price.
- 2.2 Prices: Bid price levels shall remain in effect throughout the term of this contract. Bids including a discount or cost **range** will be rejected. All pricing must utilize a part manufacturer's reference price level and be **verifiable** as such. Example: if bidder submits a bid for Acme piston rings @ list price less 10%, bidder must provide the published Acme list price sheet for piston rings. **Verifiable manufacturer's price information must be available in printed, electronic, or digital format or available online.**  
**Pricing may be adjusted periodically in accordance with the master OMNIA Partners government cooperative agreement.**
- 2.3 Price Increase: Price increases are allowed however any price increase must be from the manufacturer and not from the vendor/dealer directly, any increase must be proven that it came from the manufacturer and shall be submitted within 1 week of the increase. Any increase that is not substantiated shall be rejected by LFUCG.
- 2.4 Parts Warranty: Bidder shall supply warranty terms and details for each manufacturer represented in bid package. Part warranties shall be used in the evaluation of bids and in purchasing decisions made under the terms of this contract. Warranty credit shall be written within 2 business days of vendor receiving defective product.

In the interest of paperwork reduction and lower administrative cost, the LFUCG requires that vendors NOT invoice core deposit charges. A suitable core shall be provided within 5 business days for any purchase that requires a core exchange.

2.9 Special Shipping: If an ordered item is out-of-stock in the bidders inventory and LFUCG requests special expedited shipping, the cost of the expedited shipping can be passed through to the LFUCG; otherwise no shipping or delivery charges are permitted under the terms of this contract.

# Advance Auto Parts Limited Warranty Policy

## General Limited Warranty Period and Applicability

The warranty period is 90 days from your date of purchase or any longer warranty period that may be printed on your original sales receipt. During the warranty period, we will replace or refund, at our option, any new part that fails due to a defect in materials or workmanship under normal use and service after proper installation. Simply return the part along with your original sales receipt to any Advance Auto Parts store. You must be the original purchaser of the part and still own the vehicle on which it was installed. This warranty is not transferrable. Replacement parts are warranted for 90 days from the date of exchange or the remainder of the warranty period on the original part, whichever is longer.

Refunds will only be considered if you bring the defective part to an Advance Auto Parts store along with your original sales receipt within 90 days from the original date of purchase. Refunds will be issued in accordance with our Refund Policy.

## Battery Limited Warranty

The battery Free Replacement Period begins the day of purchase and expires at the end of the Free Replacement Period that is printed on your original sales receipt. This period does not renew when the battery is replaced during the Free Replacement Period. There is no other warranty outside of the Free Replacement Period that began when the battery was purchased. Installation or use of an automotive battery in any other type of vehicle or equipment voids your warranty.

## What is Not Covered

- Failure due to: accident or collision; misuse, abuse or modification; chemical fallout; salt, hail, or other environmental conditions including natural disasters; marine use; improper installation; installation of an incorrect part; and damages caused by other faulty parts.
- Parts under manufacturer's recall for a related problem.
- Parts installed on vehicles used off-road or for racing purposes.
- Parts installed on a commercial-use vehicle after 90 days (see below).
- Normal wear and tear.
- Used or salvage parts.

## Commercial Use Vehicles

Parts installed on commercial-use vehicles are warranted for 90 days from the date of purchase only, regardless of any longer warranty period that may be printed on your sales receipt.

## Part-Specific Requirements

Certain parts must meet specific installation requirements. Failure to provide proof that these requirements have been met will void your warranty.

- **A/C Compressors.** Flushing is required. Must also install a new receiver dryer/accumulator, orifice tube or expansion valve (as applicable).
- **Clutch/Clutch Kits.** The clutch/clutch kit must be installed according to the manufacturer's instructions, including installation of a new pilot bearing and resurfacing of the flywheel. Clutches contaminated by oil and grease are not eligible for warranty replacement/refund.
- **Crankshafts.** The installer must validate that the crankshaft OE number matches and there is no visible damage to the unit prior to installation. Warranty is limited to replacement of the crankshaft and bearings prior to installation. Warranted crankshafts that are returned must include the bearings supplied with the unit.
- **Fuel Pumps.** Replacement of pump strainer (for in-tank electric pumps) and inline fuel filter at time of repair is required. Must also drain and clean fuel tanks.

**Advance  
Auto Parts**

## Remanufactured Transmissions Limited Warranty

### General

- All warranties set forth herein are those of the manufacturer. The warranty belongs to the person or business whose name is printed on the purchase receipt or Order Confirmation email and cannot be transferred to anyone at any time.
- Advance Auto Parts hereby disclaims all warranties, expressed or implied, relating to your transmission, including, but not limited to the warranties of merchantability and fitness for particular purpose.

### What is Covered?

- Your automatic transmission, is warranted against defects in materials or workmanship for a period of 36 months or 75,000 miles, whichever comes first. Manual transmissions & transfer cases are warranted for 12 months against defect in materials or workmanship from date of purchase. Commercial applications are warranted for 12 months or 12,000 miles whichever comes first. There will be no refunds issued after 90 days from original purchase date.
- If your transmission fails during the warranty period, please notify the Advance Auto Parts warranty department at (888) 286-6772 between the hours of 8:00 am to 5:30 pm Monday through Friday Eastern time. The warranty department, not the store, will help to administer the warranty with the manufacturer. Should the manufacturer determine that the transmission requires replacement, you must return the alleged defect before you can receive the replacement. There can be no exceptions.
- This limited warranty also provides partial reimbursement for labor cost in the event the transmission is found to be defective in materials or workmanship under examination by the manufacturer. Labor will be paid only if the transmission is originally installed by a licensed repair facility. Customer will be asked to submit a printed work order for the original installation. No labor is paid for self-installed units.
- Labor reimbursement is limited to \$50.00 per hour based on time allowed by the Mitchell labor guide. All labor payments must be approved by the manufacturer before being paid. \$350.00 is the maximum amount paid for replacement or repair, and includes any diagnostic charges to determine the cause of failure.

### What is NOT Covered?

- This limited warranty does not cover towing charges, rental vehicles, fluids, inconvenience, loss of time, commercial loss, property damage, personal injury, or any other incidental or consequential loss or damage.
- This limited warranty does not apply if the transmission has been abused, neglected, improperly maintained, damaged in an accident, modified, improperly installed, or damaged due to the operation of parts or items not furnished with the transmission.
- Any unauthorized removal or repairs will void the warranty. Before doing anything, please call (888) 286-6772 for warranty assistance.
- Some units are shipped with auxiliary coolers designed to replace the OE cooler. Failure to install and use this cooler will void warranty for replacement or labor.
- This limited warranty does not apply to vehicles used commercially for snow removal, or for off road vehicles. This usage will void any warranty.

Note: Please check the transmission before installing. Is this the correct transmission? We try very hard to supply you with the correct transmission, but mistakes can and will happen. The final check is for you to compare the transmission removed from the car with the replacement and make sure everything is correct before installing it. Now is the time to be sure, not after it is installed.

There will be no labor reimbursement for the installation and removal of the wrong transmission.

Some states do not allow limitations on how long an implied warranty lasts, so the above information may not apply to you. ## Remanufactured Transmissions Limited Warranty

### General

- All warranties set forth herein are those of the manufacturer. The warranty belongs to the person or business whose name is printed on the purchase receipt or Order Confirmation email and cannot be transferred to anyone at any time.
- Advance Auto Parts hereby disclaims all warranties, expressed or implied, relating to your transmission, including, but not limited to the warranties of merchantability and fitness for particular purpose.

### What is Covered?

- Your automatic transmission, is warranted against defects in materials or workmanship for a period of 36 months or 75,000 miles, whichever comes first. Manual transmissions & transfer cases are warranted for 12 months against defect in materials or workmanship from date of purchase. Commercial applications are warranted for 12 months or 12,000 miles whichever comes first. There will be no refunds issued after 90 days from original purchase date.
- If your transmission fails during the warranty period, please notify the Advance Auto Parts warranty department at (888) 286-6772 between the hours of 8:00 am to 5:30 pm Monday through Friday Eastern time. The warranty department, not the store, will help to administer the warranty with the manufacturer. Should the manufacturer determine that the transmission requires replacement, you must return the alleged defect before you can receive the replacement. There can be no exceptions.
- This limited warranty also provides partial reimbursement for labor cost in the event the transmission is found to be defective in materials or workmanship under examination by the manufacturer. Labor will be paid only if the transmission is originally installed by a licensed repair facility. Customer will be asked to submit a printed work order for the original installation. No labor is paid for self-installed units.
- Labor reimbursement is limited to \$50.00 per hour based on time allowed by the Mitchell labor guide. All labor payments must be approved by the manufacturer before being paid. \$350.00 is the maximum amount paid for replacement or repair, and includes any diagnostic charges to determine the cause of failure.

### What is NOT Covered?

- This limited warranty does not cover towing charges, rental vehicles, fluids, inconvenience, loss of time, commercial loss, property damage, personal injury, or any other incidental or consequential loss or damage.
- This limited warranty does not apply if the transmission has been abused, neglected, improperly maintained, damaged in an accident, modified, improperly installed, or damaged due to the operation of parts or items not furnished with the transmission.
- Any unauthorized removal or repairs will void the warranty. Before doing anything, please call (888) 286-6772 for warranty assistance.
- Some units are shipped with auxiliary coolers designed to replace the OE cooler. Failure to install and use this cooler will void warranty for replacement or labor.
- This limited warranty does not apply to vehicles used commercially for snow removal, or for off road vehicles. This usage will void any warranty.

Note: Please check the transmission before installing. Is this the correct transmission? We try very hard to supply you with the correct transmission, but mistakes can and will happen. The final check is for you to compare the transmission removed from the car with the replacement and make sure everything is correct before installing it. Now is the time to be sure, not after it is installed.

There will be no labor reimbursement for the installation and removal of the wrong transmission.
