RE: Good Faith Efforts Emergency Medical Supplies Bid ITB 10-2024

Dear Jessica Allinder,

Bound Tree Medical reviewed the documents for the Participation Goal for MWDBE and Veteran-Owned subcontractor/supplies. We are willing to attempt to source a suitable partner to meet the County's established contract goals, provided a suitable partner can be found; but feel that adequate time was not given to make a good faith effort as required by the terms of the bid documents.

"Advertised opportunities to participate in the contract in at least two (2) publications of general circulation media; trade and professional association publications; small and minority business or trade publications; and publications or trades targeting minority, women and disadvantaged businesses not less than fifteen (15) days prior to the deadline for submission of bids to allow MWDBE firms and Veteran-Owned businesses to participate."

The bid release date did not allow adequate time to meet the above requirement; bid was published only 14 days prior to submission deadline. Bound Tree Medical generally does not use subcontractors and therefore it takes time to reach out and vet potential partners. There were other time sensitive deadlines listed within the documentation for Good Faith efforts but again the timeline has hampered our ability to meet them. Vetting potential partners is a crucial component of a partnership as we want to maintain our good relationship and service with Lexington Fayette Urban County Government.

While we have reached out to the three companies below, we have not yet been able to achieve a meaningful relationship to begin a subcontractor relationship. We will continue to pursue this endeavor with interested parties to ensure that we are able to create a mutually beneficial and meaningful relationship that can meet Lexington Fayette Urban County's MWDBE requirements. Our vetting process for sub-contractors involves a thorough evaluation of potential suppliers based on several key criteria, ensuring that we engage with reliable and committed partners. The following criteria play a pivotal role in our vetting process:

Product Portfolio and Quality:

- Our suppliers are required to stock our products in their warehouses.

Warehousing and Distribution Capabilities:

- We assess the supplier's warehousing and distribution infrastructure to ensure timely and efficient delivery of products.

Licensing and Compliance:

- Suppliers are required to hold and maintain all necessary licenses and certifications relevant to our industry and the products they offer.

Willingness to Support Agreement:

- Willingness to collaborate and enter into an agreement that aligns with our commitment to supporting Lexington Fayette Urban County Government.

Financial Standing:

- Suppliers should have a strong financial standing to ensure the successful fulfillment of contracts.

MWBDE Businesses Contacted:

The Logo Warehouse – contact: Leah Scott – no response

NTC Traffic Control – contact: Robin Hall – interested and reviewing further in coming weeks

Health Connection LLC – contact: Sarah Haydon - interested and reviewing further in coming weeks

We hope that Lexington Fayette Urban County Government will consider our attached proposal. We thank you again for the opportunity to provide all your EMS equipment and information needs. If you have any questions regarding the above information, we can be reached via phone at (800)533-0523 or email Megan.Ropple@boundtree.com or Justin.Holmes@boundtree.com.

- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states: *The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.*

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

**AMENDMENT 1 —
CERTIFICATION OF COMPLIANCE FOR EXPENDITURES USING FEDERAL FUNDS,
INCLUDING THE AMERICAN RESCUE PLAN ACT**

The Lexington-Fayette Urban County Government (“LFUCG”) may use Federal funding to pay for the goods and/or services that are the subject matter of this bid. That Federal funding may include funds received by LFUCG under the American Rescue Plan Act of 2021. Expenditures using Federal funds require evidence of the contractor’s compliance with Federal law. Therefore, by the signature below of an authorized company representative, you certify that the information below is understood, agreed, and correct. Any misrepresentations may result in the termination of the contract and/or prosecution under applicable Federal and State laws concerning false statements and false claims.

The bidder (hereafter “bidder,” or “contractor”) agrees and understands that in addition to all conditions stated within the attached bid documents, the following conditions will also apply to any Agreement entered between bidder and LFUCG, if LFUCG uses Federal funds, including but not limited to funding received by LFUCG under the American Rescue Plan Act (“ARPA”), toward payment of goods and/or services referenced in this bid. The bidder also agrees and understands that if there is a conflict between the terms included elsewhere in this Request for Proposal and the terms of this Amendment 1, then the terms of Amendment 1 shall control. The bidder further certifies that it can and will comply with these conditions, if this bid is accepted and an Agreement is executed:

1. Any Agreement executed as a result of acceptance of this bid may be governed in accordance with 2 CFR Part 200 and all other applicable Federal law and regulations and guidance issued by the U.S. Department of the Treasury.
2. Pursuant to 24 CFR § 85.43, any Agreement executed as a result of acceptance of this bid can be terminated if the contractor fails to comply with any term of the award. This Agreement may be terminated for convenience in accordance with 24 CFR § 85.44 upon written notice by LFUCG. Either party may terminate this Agreement with thirty (30) days written notice to the other party, in which case the Agreement shall terminate on the thirtieth day. In the event of termination, the contractor shall be entitled to that portion of total compensation due under this Agreement as the services rendered bears to the services required. However, if LFUCG suspects a breach of the terms of the Agreement and/or that the contractor is violating the terms of any applicable law governing the use of Federal funds, LFUCG may suspend the contractor’s ability to receive payment by giving thirty (30) days’ advance written notice. Further, either party may terminate this Agreement for cause shown with thirty (30) days written notice, which shall explain the party’s cause for the termination. If the parties do not reach a settlement before the end of the 30 days, then the Agreement shall terminate on the thirtieth day. In the event of a breach, LFUCG reserves the right to pursue any and all applicable legal, equitable, and/or administrative remedies against the contractor.
3. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:
 - (1) Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part, and the contractor may be declared ineligible for further government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

Provided, however, that in the event a contractor becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

4. If fulfillment of the contract requires the contractor to employ mechanic's or laborers, the contractor further agrees that it can and will comply with the following:

- (1) Overtime requirements: No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such a workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such a workweek.
- (2) Violation: liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section, the contractor and any subcontractor responsible therefor shall be liable for

the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory) for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. LFUCG shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower-tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower-tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.

RE: Price Increase Policy

To Whom It May Concern:

As you are well aware, the COVID-19 pandemic has had a considerable impact on the global supply chain of emergency medical products, leading to limited access of personal protective equipment (“PPE”) and other crucial supplies for the EMS market. While the supply chain looks to be improving in some areas, Bound Tree is still experiencing extended lead times and product shortages on PPE and other critical supplies. Additionally, there have been significant shipping costs imposed by manufacturers. Despite the current market dynamics, Bound Tree has been working daily with our supplier partners to secure additional inventory at reasonable costs.

Even with our proactive efforts to source inventory, many our key supplier partners have increased prices and others have signaled additional price updates will be coming, some of which may be significant. In the event such a price increase occurs after the bid award, Bound Tree will notify you of such increase and will make all efforts to provide adequate documentation from the supplier as evidence of the price modifications. The new contract pricing will then go into effect based on the notification period provided in the contract. If the price increase is not accepted, Bound Tree reserves the right to remove the product(s) from the contract or provide an alternative product, which may come at a different price.

Sincerely,

Christopher Fyffe

VAWD Certified State and Nationally Licensed

Several of Bound Tree's Distribution Centers have received VAWD (Verified - Accredited Wholesale Distributors) accreditation from the National Association of Boards of Pharmacy (NABP). VAWD accreditation is achieved after a criteria compliance review that includes a rigorous evaluation of operating policies and procedures, licensure verification, survey of facility and operations, background checks and screening through the NABP Clearinghouse. Our accreditation demonstrates that we are in compliance with state and federal laws and that our prescription drugs are distributed safely and securely.

For a complete listing of VAWD-Accredited Facilities, please visit:

Compliant with DSCSA Requirements

Under the Drug Supply Chain Security Act (DSCSA), entities in the supply chain including manufacturers, wholesale distributors, and dispensers have responsibilities to meet the requirements of the DSCSA. As of May 1, 2015 all wholesalers are required by law, under the DSCSA, to provide transaction information, transaction history and transaction statements for the pharmaceuticals that they supply.

Bound Tree is compliant with these FDA standards which helps improve patient protection by preventing the distribution of substandard or ineffective drugs and while providing our customers with the product and transaction information they need to be in compliance with the FDA standards.

Under the DSCSA you are responsible for knowing that your prescription drug wholesale distributor is an authorized trading partner who holds a valid state or federal license. Bound Tree Medical is licensed federally and in all 50 states. Purchasing from a licensed and VAWD accredited distributor like Bound Tree Medical makes great strides to ensure none of your purchases will ever be counterfeit, contaminated, improperly stored and transported, ineffective, and/or unsafe.

Wholesaler Distributor licenses can be searched online:

Current situation.

- **Financial challenges plague EMS** across all delivery models; rural EMS is in a crisis. Low reimbursements from CMS & commercial insurers, frequently below the cost of the care provided, and lack of funding to support EMS have been the primary contributing factors.
- **High levels of stress, fatigue and burnout** among the EMS workforce. Workforce shortages as reported in national news are exacerbating an already very challenging environment.
- **EMS is a small percentage** of the consumption of PPE within the healthcare market and was left under-allocated for PPE during the pandemic.
- **EMS impacted by shortages and short expiration dates** on critical cardiac arrest and respiratory therapy drugs. Pharmaceutical companies prioritize large hospital GPOs & IDNs over EMS
- **Inefficiencies in using the Strategic National Stockpile** to provide critical PPE to EMS agencies who were the “Tip of the Sword” during the pandemic
- **Community paramedicine** remains an underutilized asset in local healthcare systems due to the lack of reimbursement for this highly cost effective, patient-centered type of care

Advocating for EMS.

- **Increased sourcing efforts** during the pandemic, making financial investments in PPE inventory.
- **Partnered with US government** to address challenges in getting FDA-approved products, given significant counterfeit in N95 masks and gloves.
- **Volunteered to assist** FEMA, HHS, DHS, DoD, FDA and CDC officials as “Voice of EMS” for Committee for the Distribution of Medical Resources Necessary to Respond to a Pandemic, advocating for effective distribution of PPE to first responders.
- **Advocated for increased allocation and funding** for EMS and hardest-hit communities through outreach to over 35 congressional offices.
- **Providing critical data monthly** to HHS Preparedness and Response teams, providing them greater visibility of PPE needs for EMS during the COVID-19 pandemic, as well as future pandemics and natural disasters.
- **Working with the Federal Maritime Commission** and west coast terminal operators to prioritize essential medical supplies at US ports.

How Congress can help.

- **Adjust the ambulance fee schedule** to cover the cost of the emergent, urgent and preventive care provided by EMS, and include reimbursement for treatment in place, transport to alternate designations, telemedicine facilitation, and community paramedicine.
- **Support Bound Tree’s efforts** with pharmaceutical companies and the FDA to prioritize production of key lifesaving drugs for EMS at reasonable costs, as well as to reduce the amount of “short expiration dates.”
- **Fully fund the SIREN Act** (Support and Improving Rural EMS Needs) in FY2022.
- **Support efforts to strengthen** America’s Strategic National Stockpile by directing SNS to partner with healthcare distributors to manage PPE during pandemics and natural disasters.
