WASTE SUPPLY AND DISPOSAL AGREEMENT

THIS AGREEMENT is entered into this ____ day of _____, 2025, by and between the LEXINGTON FAYETTE URBAN COUNTY GOVERNMENT ("LFUCG"), an urban county government organized and existing pursuant to the laws of the Commonwealth of Kentucky, and REPUBLIC SERVICES OF KENTUCKY, LLC, ("REPUBLIC") a corporation organized and existing under the laws of the Commonwealth of Kentucky.

RECITALS

It is hereby ascertained, determined and declared by the parties that:

A. One of LFUCG's governmental functions is the responsibility to provide its citizens with solid waste disposal services.

B. One method of providing solid waste disposal services is the use of a transfer station for the acceptance of all solid waste generated by Fayette County residents.

C. Accordingly, LFUCG advertised for proposals for the transportation, operation of the transfer station and disposal of the solid waste collected by LFUCG, and REPUBLIC was the successful bidder.

D. REPUBLIC has agreed to lease and operate a transfer station owned by the LFUCG and located at 1505 Old Frankfort Pike for the acceptance of LFUCG'S waste, and to transport LFUCG's waste to a contained landfill at the prices contained in Schedule A, attached hereto and incorporated herein by reference as if fully set out herein.

NOW, THEREFORE, in consideration of the premises and the mutual agreements contained herein, including the foregoing recitals, LFUCG and REPUBLIC, each intending to be

of LFUCG, enforceable in accordance with its terms.

There are no pending, or to the knowledge of LFUCG, threatened claims, notices of violation, demands, assessments or litigation with respect to any non-compliance with any Environmental Laws at the Transfer Station. Except as may be disclosed to REPUBLIC by LFUCG in writing prior to the Commencement Date, LFUCG warrants and represents that the Premises are in compliance with all Environmental Laws.

2.6 Statements. To the best knowledge and belief of LFUCG and its officials and employees, no statement, information, representation or warranty of LFUCG contained in this Agreement or furnished by or on behalf of LFUCG in connection with the transactions contemplated in this Agreement contains any untrue statement of a material fact or omits to state a material fact necessary in order to make a statement contained herein not misleading.

3.4 Compliance with Laws. REPUBLIC covenants and agrees that, in the operation of the Transfer Station, REPUBLIC will comply, in all material respects, with any and all federal, state, and local laws applicable to REPUBLIC concerning the operation of the Transfer Station and transportation of waste, subject to REPUBLIC's right to contest in good faith the interpretation, application and enforcement of any such laws.

omits to state a material fact necessary in order to make a statement contained herein not misleading.

4. TERM. Unless terminated earlier pursuant to Section 8 herein, the term of this Agreement shall commence on July 1, 2025, and shall continue in full force and effect until June 30, 2028.

5. RENEWALS. This Agreement may be extended by mutual agreement of the Parties for two additional three-year terms. The parties must provide notice to the other that it intends to exercise its part of the mutual option on or before ninety (90) days before the existing term is due to expire. The parties may only extend for one additional three-year term at a time.

6. OPERATION OF TRANSFER STATION.

6.1 Standard of Operation. REPUBLIC shall operate the Transfer Station according to generally accepted standards for the operation of transfer stations, under the supervision of qualified and trained transfer station personnel and in accordance with the Contract Documents, which are incorporated herein by reference as if fully set out herein, and all applicable laws, ordinances, regulations and orders.

6.2 Specific Operational Obligations. In connection with REPUBLIC's operation of the Transfer Station, the parties agree to the following specific obligations: (i) REPUBLIC shall not allow trucks delivering Waste to the Transfer Station to backup on any highway from which access to the Transfer Station is made; (ii) REPUBLIC shall be responsible for all snow and ice removal on the access road from the highway to the Transfer Station; (iii) REPUBLIC and LFUCG shall divide equally the cost of constructing and maintaining any access road from the highway to the Transfer Station subject to the terms of the Lease Agreement; (iv)

REPUBLIC shall require all trucks transporting Waste to and from the Transfer Station to be tarped or covered and may refuse to accept any uncovered trucks; (v) REPUBLIC shall collect any litter as needed on the access road, on the highway from which access to the Transfer Station is made for a distance of one-half mile from the intersection of the highway and access road in both directions, on Jimmie Campbell Drive, and around and on 1401 and 1405 Old Frankfort Pike. REPUBLIC shall collect any litter along the transportation route which was caused by trucks transporting Waste from the Transfer Station to the Disposal Site; (vi) REPUBLIC shall keep the Transfer Station and all permanent fixtures contained therein free of all liens and encumbrances; (vii) REPUBLIC shall keep and maintain the Transfer Station at all times during the term hereof in good order and repair (reasonable wear and tear excepted) and shall be responsible for all maintenance of the Transfer Station, both interior and exterior subject to the terms of the Lease Agreement; and (viii) REPUBLIC shall procure for the duration of this Agreement insurance against loss or damage by fire or other casualty, with full extended coverage, in an amount equal to the reasonable replacement value of the Transfer Station as provided in paragraph 11.

6.3 Unloading Rights of LFUCG. REPUBLIC acknowledges and agrees that efficient and expedient unloading procedures at the Transfer Station are important to LFUCG and that it is imperative that LFUCG trucks are unloaded in a reasonable amount of time so that they may return to their collection routes. REPUBLIC agrees to take all reasonable and necessary steps to facilitate efficient and expeditious loading procedures at the Transfer Station. LFUCG agrees to use its best efforts to lay out its collection routes in a manner that spaces the arrival of LFUCG trucks and avoids, to the extent reasonably possible, the delivery of large quantities of LFUCG Waste at the same time.

6.4 Obligation to Accept Waste. In its operation of the Transfer Station,

REPUBLIC hereby agrees to accept and dispose of all LFUCG Waste and all Non-LFUCG Waste generated in Fayette County and delivered to the Transfer Station.

6.5 Acceptance of Waste. The Acceptance of Waste Provisions of RFP No. 45-2024 and its Addenda are incorporated herein by reference as if fully stated.

6.6 Ownership of Waste. Ownership of Waste shall pass to and be accepted by REPUBLIC upon unloading of Waste at the Transfer Station, loading of Sludge into truck trailers, and/or removal of roll-offs with contaminated soil or asbestos. Ownership of Excluded Waste delivered to the Transfer Station by or on behalf of LFUCG shall not pass to REPUBLIC at any time unless REPUBLIC agrees in advance in writing to accept such Excluded Waste.

6.7 Access. LFUCG shall have the right to inspect any or all of REPUBLIC's and any subcontractor's operations, facilities or records (excluding confidential financial records) related to this Agreement. LFUCG shall have access to operations and the facilities at any and all times during normal business hours or when there is activity of any kind at those operations or facilities. Any such entry by LFUCG, its agents and representatives, shall not unreasonably interfere with REPUBLIC's operations.

7. FEES.

7.1 Fees and Payments. LFUCG shall pay REPUBLIC fees in accordance with the schedule of fees attached hereto as Schedule A. The environmental remediation fee of \$1.75 per ton or as that amount may be amended in the future shall be paid separately by LFUCG.

7.2 Payment. No later than the tenth (10th) day of each month, REPUBLIC shall invoice LFUCG, via electronic mail or otherwise, for LFUCG Waste accepted by REPUBLIC

during the previous calendar month. LFUCG shall pay such invoice no later than the last day of the month in which the invoice was received.

7.3 Host Fee. REPUBLIC shall no later than the fifteenth (15th) day of each month pay LFUCG a host fee for each Ton of Non-LFUCG Waste accepted at the Transfer Station during the previous calendar month. The amount of the host fee shall be \$2.00 per ton. In consideration of REPUBLIC's commitment to pay LFUCG a host fee for all Non-LFUCG Waste, LFUCG consents to the use of the Transfer Station for such Non-LFUCG waste, and the establishment by REPUBLIC of all fees for Non-LFUCG Waste.

7.3 Annual Price Adjustment. REPUBLIC shall be afforded the opportunity to request an annual price increase to be effective in the following fiscal year (July 1 – June 30 of the following year). The request shall be submitted no later than April 1. REPUBLIC shall provide sufficient documentation and justification for the requested increase. The increase shall be capped at the prior three months average of the “12-month unadjusted Consumer Price Index” as published by the U.S Bureau of Labor Statistics.

8. TERMINATION. Either party may terminate this Agreement upon an Event of Default under this Agreement and failure to cure pursuant to Section 10 below by the other party.

9. EVENT OF DEFAULT. For purposes of this Agreement, an Event of Default with respect to either party shall exist if any of the following events occur: (i) such party breaches or otherwise fails to observe any of the material terms or provisions of this Agreement; (ii) such party shall breach any material covenants, representations, or warranties in this Agreement.

10. OBLIGATION TO CURE DEFAULT. Prior to a party exercising its termination rights pursuant to Section 8, the non-defaulting party shall notify the defaulting party of the default.

Each party shall in the case of any default of its obligations under this Agreement either (i) cure the default within thirty (30) days of receipt of written notice from the non-defaulting party, or (ii) continuously demonstrate within such cure period that it is actively and continuously pursuing a course of action that can reasonably be expected to lead to a curing of the default (the thirty (30) day period will be extended for so long as the defaulting party is actively and continuously pursuing such a course); provided, however, that in the event of the failure of any party to pay the other party any sum required to be paid when due hereunder, cure shall consist of payment which shall be made within fifteen (15) days of written demand from the non-defaulting party, together with interest accruing at the legal rate from the date payment was due.

11. INSURANCE. REPUBLIC, at its expense, shall maintain during the term Pollution Liability Insurance with minimum limits of \$5,000,000. Commercial General Liability Insurance with minimum limits of \$2,000,000, including Property Insurance (replacement value), sufficient to repair or replace any damage or destruction resulting from any occurrence covered by such insurance. Automobile Liability Insurance with combined single limits of \$1,000,000 and Workers' Compensation Insurance with minimum limits no less than those prescribed by Kentucky law. All policies shall name "The Lexington Fayette Urban County Government, its elected and appointed officials, employees, agents, boards, consultants, assigns, volunteers and successor in interest, as additional insureds on any and all appropriate policies issued." All policies of insurance shall be issued by companies qualified and licensed to do business in the Commonwealth of Kentucky with a rating classification of no less than Excellent (A) and a financial size category of no less than VIII, as defined by the most current Best's Key Rating Guide. Certificates of Insurance shall provide that coverage shall not be suspended, voided, canceled by either party, reduced in coverage, or in limits, except after thirty (30) days prior written notice by certified mail,

return receipt requested, to Lexington Fayette Urban County Government, Division of Risk Management, 200 East Main Street, Lexington, Kentucky 40507.

12. INDEMNIFICATION. The Risk Management Provisions of RFP No. 45-2024 are incorporated herein by reference as if fully stated. Copies of the required Certificates of Insurance shall be provided to LFUCG as required therein.

13. NOTICES. Written notice, demand, or other communication required to be given under this Agreement by either party to the other shall be sufficiently delivered if it is dispatched by registered mail, postage prepaid, return receipt requested, or delivered personally to:

To LFUCG: Commissioner of Public Works
Lexington Fayette Urban County Government
200 East Main Street
Lexington, Kentucky 40507

Commissioner of Law

To: REPUBLIC: Republic Services of Kentucky, LLC

Attention: Tim Ward, General Manager

14. ASSIGNMENT AND SUBCONTRACTING. No party to this Agreement shall assign its rights or obligations hereunder in whole or in part without first giving sixty (60) days' notice to, and obtaining the express written consent of, the other party, which consent shall not be unreasonably withheld. Without limiting the foregoing, (i) a transfer of in excess of fifty percent (50%) of the then issued and outstanding voting securities of REPUBLIC; or (ii) a Change of Control shall be deemed an assignment for purpose of this paragraph; provided, however, such a

transfer to a corporate affiliate of REPUBLIC, is hereby excluded and shall not be deemed an assignment. Furthermore, REPUBLIC shall not subcontract this Agreement in whole or in part without the written consent of LFUCG, which shall not be unreasonably withheld; provided, however, that REPUBLIC may subcontract any of its rights and obligations under this Agreement only as provided in its Response to LFUCG's Invitation to Bid. Any subcontractor not identified in said Response shall be subject to prior written approval by LFUCG which approval shall not be unreasonably withheld. Notwithstanding the foregoing, if an emergency occurs which causes contracting with a new subcontractor to be necessary, REPUBLIC may immediately secure the services of a new subcontractor to handle or transport Waste prior to requesting LFUCG approval. However, REPUBLIC may subcontract under an emergency only until such time as LFUCG has responded to REPUBLIC's request for written approval, which request shall be made by REPUBLIC as soon as possible after the emergency occurs. REPUBLIC shall, notwithstanding any subcontract hereunder, remain primarily liable to LFUCG for performance of this Agreement. "Change of Control" as used in this Section shall mean a transfer of a sufficient ownership interest in REPUBLIC the result of which allows a transferee to control management of REPUBLIC or otherwise direct the affairs of REPUBLIC.

15. FORCE MAJEURE. In the event REPUBLIC or LFUCG is rendered unable, wholly or in part, by an event of Force Majeure to carry out any of its obligations under this Agreement, then, in addition to the other remedies provided in this Agreement, the obligations of REPUBLIC or LFUCG may be suspended during the continuation of any inability so caused by the event of Force Majeure, but for no longer period. Immediately upon such event and continuing throughout the duration of such event, the parties shall each use their best efforts to remedy such event of Force Majeure as expeditiously as possible. Any time that REPUBLIC or LFUCG intends

to rely upon an event of Force Majeure to suspend obligations as provided in this Section, REPUBLIC or LFUCG shall notify the other party to this Agreement as soon as reasonably practicable, describing in reasonable detail the circumstances of the event of Force Majeure. Notice shall again be given when the effect of the event of Force Majeure has ceased.

If an event of Force Majeure materially and adversely increases either party's costs to perform under this Agreement, the parties agree to meet and negotiate in good faith regarding any adjustment in fees.

16. CONTRACT DOCUMENTS. The Contract Documents are hereby incorporated into this Agreement by reference. In the event that a conflict exists between the provisions of this Agreement and those of the Contract Documents, the provisions of this Agreement shall control, followed by the Request for Proposal #45-2024 (Exhibit A) then REPUBLIC's Response to LFUCG's RFP #45-2024 (Exhibit B).

17. SLUDGE AND SPECIAL WASTE HANDLING. With regard to the disposal of sludge generated by LFUCG, REPUBLIC shall provide truck trailers at the LFUCG Waste Water Treatment Plants, which truck trailers shall be loaded by LFUCG. REPUBLIC shall transport the truck trailers directly to the Disposal Site and LFUCG shall not be required to deliver sludge from the Waste Water Treatment Plants to the Transfer Station. With regard to the disposal of Special Waste, the parties agree that, because of the consistency of some Special Waste, REPUBLIC may determine to by-pass the Transfer Station and transport certain Special Wastes directly to the REPUBLIC determined Disposal Site. REPUBLIC shall provide LFUCG with the name and location of the Disposal Site, along with a letter from the locality approving the acceptance of Sludge and Special Wastes, at the time of execution of this Agreement.

18. SEVERABILITY. In the event any one or more of the provisions contained in this Agreement shall, for any reason, be held to be invalid, illegal, unconstitutional, or unenforceable, all remaining provisions of this Agreement shall not be affected and shall remain in full force and effect as if such provision had never been contained herein; provided, however, that it is the intention of the parties hereto that in lieu of each term, clause, or provision that is held to be invalid, illegal or unenforceable, there shall be added by mutual agreement as a part of this Agreement a term, clause or provision as similar in terms to such invalid, illegal or unenforceable term, clause or provision as may be possible and valid, legal or enforceable. Notwithstanding the above, if the term of this Agreement is held to be invalid, illegal, or unenforceable in any respect, then the term of this Agreement shall automatically be the maximum valid and legal term allowed by applicable common or statutory law.

19. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Kentucky.

20. BINDING EFFECT. This Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors and assigns.

21. CONSTRUCTION. Words importing the singular number shall include the plural in each case and vice versa, and words importing persons shall include firms, corporations or other entities.

The terms "herein", "hereunder", "hereto", "hereof" and any similar terms, shall refer to this Agreement; the term "heretofore" shall mean before the date of adoption of this Agreement; and the term "hereafter" shall mean after the date of this Agreement. This Agreement is the result of joint negotiations and authorship and no part of this Agreement shall be construed as the product

of any of the parties hereto.

22. ENTIRE AGREEMENT. This Agreement, including the Contract Documents, constitutes the entire understanding between LFUCG and REPUBLIC, and cancels and supersedes all prior negotiations, representations, understandings and agreements, either written or oral, between such parties with respect to the subject matter hereof. No changes, amendments, alterations, or modifications to this Agreement will be effective unless in writing and signed by the parties hereto.

IN WITNESS WHEREOF, LFUCG AND REPUBLIC have caused their respective duly authorized officers to execute this Agreement as of the day and year first above written.
