The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. ## **The Office of Homelessness Prevention and Intervention, Innovative and Sustainable Solutions to Ending Homelessness Fund**

The Lexington-Fayette Urban County Government's Office of Homelessness Prevention and Intervention (OHPI) provides coordination of services, facilitation of programs focused on ending homelessness, advocacy for system and policy changes, and education of the community at-large on the solutions to ending homelessness. The OHPI is the designated community Collaborative Applicant and lead agency for the local Continuum of Care (CoC) as well as the locally designated Homeless Management Information System (HMIS) database administrator.

The Innovative and Sustainable Solutions to Ending Homelessness Fund provides financial support to new and/or innovative projects that implement research-based best practices to prevent and reduce homelessness in Lexington. The purpose of this Request for Proposals is to solicit proposals for the services of a racial and equity systems audit and analysis. This RFP is being issued to solicit proposals with great detail and clarity regarding how services would be provided, specifically seeking recommendations to align systems of care and organizations across Fayette County to prevent and end homelessness with a primary focus on racial equity.

### **Background**

Demographic data from the HMIS for both fiscal year 2019 and 2020 has demonstrated the ongoing impacts of structural racism in the Fayette County homeless services response system. These data show an overrepresentation of Blacks/African Americans entering the homeless system (28.2%) as well as a reduced rate for Hispanic/Latinos (4.6%). Data showed Blacks/African Americans experienced homelessness longer than White counterparts, on average 72 days longer (FY20). In FY20, it was shown that Multiracial households returned to homelessness at nearly five (5) times the rate of Whites as well as exited the system to permanent housing at significantly lower rates, only 13% of the time.

The members of the Lexington CoC have been tracking and analyzing their demographic data and are seeking recommendations to align the homeless response system to prevent and end homelessness with a primary focus on racial equity. The proposed racial equity systems analysis should provide analysis from system level to organizational level. The goal of this collaborative analysis between system and organizations will be used as a roadmap for concrete actions that can be taken.

The CoC believes that coordinating goals and strategies centered on racial equity will strengthen local actions and potentially deepen the impact of the local strategic plan to prevent and effectively end homelessness.

### **Instructions**

Please submit all required narrative and attachments no later than the deadline indicated below:

## **1.0 General Provisions**

### **1.1 Funding**

The funding period is for length of the analysis and completed recommendations, not to exceed one (1) year. LFUCG will conduct ongoing evaluation of the project to determine effectiveness including whether adjustments may be needed in order to maximize outcomes and return on investment.

LFUCG intends to award only one (1) proposal with funding via the American Rescue Plan Act and allocated to the Innovative and Sustainable Solutions to Ending Homelessness Fund. Unless otherwise agreed upon between the LFUCG and the selected applicant, LFUCG reserves the right to make multiple awards of varying amounts.

Contractors must comply with 2 CFR 200.

### **1.2 Proposal Submission**

In order to be considered, proposals must be received by the January 20, 2022, deadline. The proposal must contain the required documents and respond to each of the required narrative questions to be complete.

Proposals containing significant omissions of required information will be considered non-responsive and will be removed from the funding process. Significant missing responses to narrative questions constitute an incomplete proposal.

The final decision regarding proposal completeness and penalties will be determined by the Director of the Office of Homelessness Prevention & Intervention.

### **1.3 Acceptance/Rejection of Applications**

The LFUCG reserves the right to reject any proposals which may be considered irregular, show serious omission, contain unauthorized alteration of form, or are incomplete.

The LFUCG reserves the right to accept or reject any or all applications in whole or in part, with or without cause, to waive technicalities, to implement scoring penalties, or to accept applications or portions thereof which, in the Urban County Government's judgement, best serve the interests of Urban County Government.

### **1.4 Requests for Clarification**

The LFUCG reserves the right to request clarification of information submitted and to request additional information (to clarify the information submitted) of the applicant either orally or in writing. This may include negotiation of funding amounts, outcomes, and other adjustments prior to the execution of a funding award.

### **1.5 Timeline**

This Request for the Lexington Continuum of Care Racial Equity Analysis proposals is being released on December 6, 2021, and is made available to the public and all potentially eligible applicants.

Completed proposals are due no later than 2 p.m. on January 20, 2022, and late or incomplete proposals will not be accepted or evaluated.

The LFUCG intends to conduct proposal evaluation immediately following the proposal due date and intends to make funding announcements no later than February 28, 2022. This timeline is subject to change without notice.

No funds may be expended prior to the execution of a funding agreement and grantees will not be reimbursed for pre-award costs.

## 1.6 Evaluation

Proposals will be evaluated by a neutral panel, the Program Performance & Evaluation Committee of the LFUCG Homelessness Prevention & Intervention/Continuum of Care Board, all of whom have some expertise in the field of human services but no affiliation with any applicant.

Scoring criteria are outlined in Section 4.0 Evaluation.

## 1.7 Selection

The highest scoring proposal as determined by the panel will be recommended for funding and contacted to negotiate a funding agreement. Should no agreement be reached, the second highest scoring applicant will be contacted.

## 1.8 Reporting

The funded project will be required to submit quarterly financial and project timeline reports. Failure to submit complete reports on time will delay processing of grant payments and affect the grantee's competitiveness for any future funding opportunities with LFUCG.

## 2.0 PROPOSAL FORMAT

### **3.0 SCOPE OF WORK**

#### **3.1 General Overview**

The CoC and its partners are seeking a contractor with demonstrated knowledge of racial equity and experience with homeless services data analysis, meeting facilitation, working with diverse stakeholders, including consumers and local government, and coordinating with partners across multiple industries to draft a set of recommendations to center racial equity in our shared efforts to end the experience of homelessness. The process and outcome will be geared towards producing a holistic and integrated system, as opposed to simply making recommendations for equity ‘add-ons’.

The analysis should ensure that it is responsive to the needs of those who are at the highest risk for prolonged or multiple episodes of homelessness, so that the resulting system has the capacity to respond effectively to the needs of all.

The final deliverable will be a set of concrete recommendations or actions that the CoC can take at the local level and collectively create a more racially equitable approach to ending the experience of homelessness.

These recommendations should identify how existing CoC policy and practice may contribute to outcomes that compound disparities seen within the homeless services response system and provide concrete actions to remedy them.

Identifying opportunities for upstream interventions, as an additional component for this analysis, will strengthen the consultants' final recommendations and provide opportunities for greater cross-partner collaboration.

The selected contractor should have the skills and experience to complete the following tasks.

### **3.2 Project Plan and Management**

In collaboration with CoC staff and members of the CoC Board, the contractor shall create a project timeline and plan that includes an implementation plan for conducting consumer and stakeholder engagement in the area and presentation to the relevant CoC committees and other interested members of the public.

The contractor should provide any presentation materials to the CoC staff CoC Board two (2) weeks in advance of any public or joint meetings.

The project timeline should also specify at the outset the need for any administrative data in order to provide information in a timely manner to the contractor.

The contractor shall submit a timeline for milestones and deliverables within 10 business days of contract award. The CoC staff and CoC Board will submit any feedback on the proposed timeline to the contractor within 10 business days or less.

The contractor will be responsible for coordinating with CoC staff and the CoC Board to ensure that completion of products and deliverables remains on schedule and aiding local stakeholders and CoC partners as needed to complete tasks successfully. A schedule for regular updates to the CoC's Program Performance and Evaluation Committee should be included in the project timeline.

### **3.3 Data Collection and Analysis**

The contractor shall work with the CoC staff and the CoC's Advocacy, Issues, and Program Committee to review all components of the participating homeless services systems, inclusive of all staff, programs, and service delivery points.

The contractor should use quantitative, as well as qualitative, sources of information to inform the final set of recommendations. This may include focus group meetings or interviews with customers and stakeholders from multiple sectors, including government, non-profit, community-based organizations, private business, advocacy groups, legal, educational or research institutions, and other groups which work with people experiencing a housing crisis.

The initial analysis shall be incorporated into a presentation to share with the CoC Board, all partners, stakeholders, and the public. Draft presentations shall be available two (2) weeks in advance of any stakeholder or CoC meeting to allow partners and participants an opportunity to review the information in advance.

### **3.4 Development and Facilitation of a Robust Customer and Stakeholder Engagement Process**

Together with the CoC and its partners, the contractor will assist with implementing a meaningful customer-centered engagement process, to include people with lived experience

and service providers that can be tailored for different audiences. Respondents should describe their approach in detail and estimated number of engagements that may be necessary, acknowledging the limitations and constraints created by the COVID-19 pandemic for in-person meetings and interviews.

The contractor will coordinate meetings and engagements with assistance from the CoC staff as well as any logistics for any community meetings with the selected consultant.

Feedback from stakeholder engagements and other public meetings shall be documented and integrated into the final set of local and regional recommendations. While CoC staff will assist in facilitating meetings, ensuring the confidentiality of participant feedback will be the responsibility of the selected contractor.

### **3.5 Incorporate Feedback and Draft Recommended Actions**

The contractor shall compile comments delivered from in-person meetings, stakeholder engagements, and/or submitted online to inform the draft document’s recommendations and action plan.

The draft recommendations should include actions that can be taken in each of the partner organizations as well as collectively as a CoC.

The draft recommendations should note the intersectionality of homelessness and highlight where there are patterns in involvement with other systems of care that may have contributed to a person’s experience of homelessness. Rather than provide detailed potential upstream interventions, contractors should identify recurring themes (across agencies and sectors) for future consideration. These recommendations will be used to support cross-sector and cross-agency solutions to prevent and end the experience of homelessness.

Final recommendations should be edited and presented in a reader-friendly format accessible to a wide audience of decision-makers, community members, consumers, and other stakeholders.
