- Notes:
- The contractor is responsible for verifying the location of and the protection of all existing utilities prior to construction. Should damage occur, it is the contractor's sole responsibility to repair and/or replace and/or damage at the contractor's expense.
 - All disturbed areas shall be restored to, or better than, pre-construction conditions or to the owner's satisfaction.
 - All grading must seamlessly join existing grades and maintain positive drainage away from building, into existing storm structures.
 - Geotextile fabric to be installed under all stone relocated on site.
 - Grading shall be with a minimum of 1% slope to the street.
 - All plant substitutions or additions are subject to approval by Owner or Owners representative.
 - Any and all work performed by contractor shall be in accordance with LFUGG guidelines and standards.
 - All plant material must be installed in accordance with the LFUGG Planting Manual.
