The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

(1) Short-term liquidity funds shall be invested in “riskless” investment, i.e., deposits in Kentucky commercial banks or savings and loan associations that are fully federally insured or deposits collateralized by U.S. Treasury securities with a current market value of at least one hundred percent (100%), or in direct obligations of U.S. Treasury securities.

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, sexual orientation or gender identity), national origin, disability, age, genetic information, political affiliation, or veteran status, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

## **Kentucky Equal Employment Opportunity Act**

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2025 and 2026 (July 1, 2024 – June 30, 2026), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

### **Funding Priority Area: Childhood & Youth Development**

Projected funding target is approximately \$660,000 of total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2025 Budget.

LFUCG seeks to strengthen and enhance **Childhood and Youth Development** by supporting programs and services for early childhood through teenage populations (birth through 18 years old). These programs would include, but not be limited to: **addressing student learning loss (specifically kindergarten through 12<sup>th</sup> grade), youth violence prevention, and mentorship**. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. ### Funding Priority Area: Childhood and Youth Development

Projected funding is \$660,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance **Childhood and Youth Development** by supporting programs and services for early childhood through teenage populations (birth through 18 years old). The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

These programs shall consist of an intentional, pro-social approach that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for young people by providing opportunities, fostering healthy relationships and supporting positive leadership. These programs may address one or more of the following areas, but shall not be limited to:

- Services for limited English language learners & for overcoming cultural barriers
- Transportation access for child & youth programming
- Addressing student learning loss (*specifically kindergarten through 12<sup>th</sup> grade*)
- Youth Violence Prevention
- Mentorship

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

## 5.1 Program Proposal & Design

### 5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

### 5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

### 5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

### 5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

## 5.2 Program Measures & Evaluation

### 5.2.1 Service Efficacy & Desired Outcomes 10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

### 5.2.2 Client Empowerment & Community Impact 10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

### 5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

## 5.3 Capacity & Sustainability

### 5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

### 5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

### 5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

## 6.0 Program Budget Summary Form

## 5.1 Program Proposal & Design

### 5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

The mission of The Hearing & Speech Center's (HSC) therapeutic Early Learning Center (ELC) program is to provide early interventions – early childhood education, speech-language therapy and audiology services – to support school-readiness, specifically at-risk children with identified communication delays and disabilities, for Kindergarten. Children's delays are tied to hearing loss, autism spectrum disorder, and other diagnosed disabilities that cause speech and language delays which do not discriminate across socio-economic, race, gender, or ethnicity classes. Left untreated, communication delays can have a negative impact on a child's speech and language development, communication, and learning resulting in a negative impact on social success and academic development. The impact for these children as adults are significant as studies show their psychological and overall health decline, as well as their earning power.

HSC is proudly a Level 5 Kentucky All Stars Program comprised of thirteen early education inclusive classrooms for children with all abilities that foster language-enriched age-appropriate daily activities. On-site clinical services provided include individual speech-language therapy, group speech therapy, reading intervention and audiology services. A multi-disciplinary approach is used where a collaborative team of teachers and clinicians work to ensure each child is reaching their educational and speech-language goals. This triad of care for children 0-6 in one location is the only one of its kind in Lexington. Children are typically enrolled in a full day program which offers not only core academics but also full day enrichment programming.

Data from the Kentucky Stats shows that 39.6% of all children enrolling in kindergarten in Fayette County schools were "school ready". This past year, 76% of the graduates from HSC met or exceeded the expectations for school readiness.

### 5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

- Students 0-2 have access to 10 hours a day of language-enriched care in a naturalistic environment 51 weeks a year; students with hearing loss receive supplementary 30 minutes of listening and spoken language classroom therapy every weeks and all students will receive early literacy programming with a speech therapist in our Tiny Tots Talking program.
- Ages and Stages Questionnaire (ASQ) screenings completed at minimum annually near the child's birth date to track developmental progress for students 0-2. Developmental activities for children under three are sent home post ASQ.
- Students 3-5 are enrolled in full day preschool sessions (hours between 7:30-5:30) 5 days a week for 38 weeks using the Foundations for Literacy curriculum, Second Step social/emotional curriculum and the Kentucky Early Childhood Standards as guiding principles.
- Reading intervention program in 2 Pre/K classes and our kindergarten classroom, using an Orton Gillingham approach and small group intervention with speech pathologists.
- Dedicated preschool teacher trained in listening & spoken language to support children with hearing loss.
- Audiology team supports hearing devices and assistive technology, daily.
- Brigance testing twice a year for students 3-6 to assess school readiness and within two months of a child's second birthday.
- ELC Assistant Director supports all families with the transition to public or private school; supporting the IEP or 504 plans.
- Students receive up to 45-minute individual speech-language therapy per week from an HSC speech pathologist
- SLPs and teachers meet to discuss shared students weekly; approximately 32 (1) hour meetings.
- Scholarship program based on family income provides 100% to 5% of tuition.
- Participate with the child care assistance program (CCAP).

### 5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

The Early Learning Center Therapeutic program enrolls children ages 0-6 with identified communication delays or disabilities. Children who enroll with an identified delay or disability, or who are identified after enrollment, are expected to participate in speech-language and/or audiology services, as the HSC clinical team deems necessary.

Children are expected to regularly attend school and to not miss more than two speech sessions in a two-month span.

For HSC to reach our goals to prepare each student for Kindergarten, the families of our students must be involved in their child's educational and clinical goals. If receiving clinical services, families are encouraged to attend at least one speech-language therapy session a month and at least one audiology visit a year based on each child's needs. All PreK/K families are expected to attend two parent-teacher conferences a year.

Families are expected to pay tuition, based on family income, for their educational services (HSC accepts CCAP and provides scholarships for low-income families). Families are responsible for their clinical services provided through private insurance (co-pays, co-insurance, etc.). HSC contracts with Medicaid and receives grant funding to help all low-income families receive these services for little to no cost. HSC actively fund raises to help offset the loss we experience in our clinical programs as a result of accepting Medicaid and private insurance.

### 5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

HSC's ELC Therapeutic program bases its educational approach on the evidence-based Division of Early Childhood (DEC) standards. The DEC Recommended Practices were developed to provide guidance to practitioners and families about the most effective ways to improve the learning outcomes and promote the development of young children, birth through five years of age, who have or are at-risk for developmental delays or disabilities. The DEC Recommended Practices are based on the best available empirical evidence as well as the wisdom and experience of the field. DEC standards provide guidance for the following areas: Assessment, Environment, Family, Instruction, Interaction, Teaming and Collaboration, and Transition.

The ELC provides services and support in a natural and inclusive environment during daily routines and activities to promote the child's access to, and participation in, learning experiences. Instruction is embedded within and across routines, activities, and environments. The ELC teachers and HSC clinicians, along with the family, work together as a team to systematically and regularly exchange expertise, knowledge, and information to meet the language and other educational goals of each child.

HSC sets goals for each child to be "school ready" as defined by the Kentucky Department of Education, meaning HSC strives to have each child ready to engage in and benefit from early learning experiences that best promote the child's success. To reach this goal, HSC bases its curriculum around the premise of having children ready for school in five areas: Academic/Cognitive, Language Development, Physical Development, Self-Help, and Social-Emotional Development.

## 5.2 Program Measures & Evaluation

### 5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

The primary Goal is for HSC Students enter school “Kindergarten Ready” as defined by Kentucky’s Common Kindergarten Entry Screener, the BRIGANCE with a goal of 70% of graduating students capable of testing that received services while enrolled are kindergarten ready; 100% of Preschool students not graduating capable of testing and graduating students capable of testing, who are not kindergarten ready will increase their total score on the Brigance by the end of the school year and 100% of students ages 3-6 will be referred to Kindergarten/first grade for an IEP or 504 plan, as eligible.

Additional goals include students making gains toward age-appropriate speech-language skills and families are prepared for their child to enter kindergarten. Making gains towards age-appropriate speech-languages skills include 70% of graduating students have age-appropriate speech-language skills; 70% of students enrolled in speech therapy meet their treatment goals by the end of the school year; 80% of students increase their Growth Scale Values – by producing fewer speech-language errors or increasing correct responses and making gains towards age-appropriate speech-language development and 100% of students using a hearing device and assistive technology receive daily equipment checks to ensure proper functioning and receive supplies/repairs as needed during the school day. Supporting family preparedness includes families being supported through the IEP process; families attending parent/teacher conferences and parents attending speech therapy sessions.

HSC is committed to ensuring students have access to HSC’s Early Learning Center through 100% of students from low-income eligible families have access to the scholarship program and child care assistance program (CCAP).

### 5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

HSC’s goal is to provide the proper knowledge, tools, and services catered to each child’s specific communication delay, disability or impairment so they can be on par with their peers by kindergarten with a proper foundation for future learning. Untreated hearing loss in children can cause educational hardships along with adverse effects on a child’s speech, language, academic, emotional, and psychological development.

When children are provided the skills to cope in their environment, such as children on the autism spectrum who are provided the skills to self-regulate, families are able to interact and enjoy their community with their child.

When children with identified delays and disabilities are provided quality early childhood education, hearing, and speech-language healthcare, the more likely they will succeed in school leading to a better educational journey and resulting in a higher quality workforce for the community. In addition, special education costs are saved by the school system when children with communication delays and disabilities receive early interventions. Specifically, studies show that with early identification and treatment of hearing loss many children will progress at age-appropriate rates and require few, if any, special education services resulting in cost savings of at least \$100,000 per child.

HSC has one very dynamic graduate this year who began his journey as a two-year old nonverbal toddler and today is articulate, social and amazingly engaging. During the past three years, he has been enrolled in our Early Learning Center, speech therapy and is a client of a partner ABA organization. He will graduate in May with very limited special education supports.

### 5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Fayette County schools use Kentucky's Common Kindergarten Entry Screener, the BRIGANCE Early Childhood Kindergarten Screen, which provides an assessment of a child's development in five areas: Academic/Cognitive, Language Development, Physical Development, Self-Help, and Social-Emotional Development. HSC conducts this testing at the beginning of the school year on all students ages 3-6 and once again at the end of the school year. In addition, the Assistant Education Director tests children within two months following their second birthday. This testing provides evidence as to each student's progress throughout the school year in the five assessment areas. This information gives HSC the tools we need to assess our programming for each student and the necessary steps that need to be taken to improve on our programming to ensure students are "Kindergarten Ready".

Data generated after each speech-language therapy session provides progress tracking toward each student's speech-language goals as compared to their baseline data. The Speech-Language Departments uses a variety of evaluation tools to assess progress toward language and speech goals. Depending on the severity of the student's language delay/disability, the following assessments will be used to measure receptive and expressive language and vocabulary: Goldman Fristoe, Peabody Picture Vocabulary Test, and the Expressive Vocabulary Test. For students who are unable to be assessed using these tests, due to their diagnosis, teachers/clinicians will use the MacArthur Bates Inventory and other five area criterion assessments based on their specific abilities.

## 5.3 Capacity & Sustainability

### 5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

-Kim Smart, Education Director, has a Bachelor's degree from Georgetown College in Sociology and Child Development. She has 35 years of pediatric care and development experience which includes over 21 years at HSC as the Early Learning Center Director. Smart oversees the day to day activities of the Early Learning Center.

-Shelby Rutledge, M.A., CCC-SLP, LSLS Cert. AVT; HSC Speech/Language Program Director; has a Master's degree from Eastern Kentucky University in Communication Disorders. She has 37 years of pediatric experience which includes 35 years at HSC specializing working with children with hearing loss. Rutledge holds a Listening and Spoken Language Specialist (LSLS) Auditory-Verbal certification. Rutledge oversees the day to day activities of the Speech-Language Department.

-Jeanette Miller, Au.D., CCC-A, Pediatric Audiologist and HSC Clinic Director and Cochlear Implant Specialist; has a Doctorate degree in Audiology from A.T. Still University's Arizona School of Health Sciences. She has over 27 years of audiology experience in working with children from birth to 21 years of age which includes over 20 years at HSC. Miller oversees the day to day activities of all Clinic programs.

-Jill Reisz, Assistant Education Director, has a Bachelor's degree in Speech Pathology and Audiology from Miami University; Over 13 years of early childhood education working with children birth to five years of age with 9 years at HSC. Reisz provides support to families and oversees early intervention in the Early Learning Center. Reisz helps the Education Director with day to day activities of the Early Learning Center.

**5.3.2 Partnership & Resource Leverage**

**5 Points**

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

The ELC partners with several local agencies to ensure each child in Fayette County is receiving the services they need to excel. HSC partners with the Child Care Council of Kentucky for teacher training and other resources, Fayette County Public Schools to facilitate the seamless transition of students into the public school system, KEIS/First Steps, Associates in Pediatric Therapy for OT services, and local Autism Behavior Analysis practices for those students enrolled in HSC that receive O.T. and A.B.A services, and other local child cares for referrals. HSC also works with other local and state agencies, like Visually Impaired Preschool Program and First Five Lex, to promote early childhood education.

HSC is fortunate to have the support of the local community for many of our programs. The United Way of the Bluegrass, the Murry Foundation, the Marksbury Family Foundation and the Commonwealth of Kentucky help fund the Early Learning Center.

HSC is fortunate to have an active board that provides a multitude of skills and abilities that assist in our efforts to provide quality programming. HSC volunteer/board member, Dr. Anne Olson, with the University of Kentucky College of Health Sciences, places graduate Communication Disorder Students each year to assist with assessments and HSC staff participate in her classes as guest speakers to promote the importance of the interdisciplinary approach. Many volunteers, which include retired teachers, support the ELC.

**5.3.3 Outreach & Inclusion Strategy**

**15 Points**

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor’s Commission on Racial Justice & Equality?

The Hearing & Speech Center’s goal is to provide every child – regardless of income, disability, or family background - the quality early childhood education and clinical services necessary to provide a proper foundation for learning. The ELC Therapeutic program specifically targets children with communication delays and disabilities, which do not discriminate against any class of children. Therefore, HSC enrolls and provides services to a wide range of children with varying disabilities (children with hearing loss, down syndrome, cerebral palsy, autism spectrum, etc.), family income levels, races, and ethnicities. HSC supports children from households where English is not the primary language, including, but not limited to Spanish, Farsi and American sign language households. HSC helps support these families with interpreters to provide optimal communication about their child’s goals and progress.

To ensure diversity in our enrollment, HSC participates in a wide range of community awareness activities to ensure our programming and services are shared with children and families from across the community.

In addition to the ELC scholarship program offered to children from low-income families with a diagnosed communication delay or disability, HSC participates with the child care assistance program (CCAP) to help families pay for tuition. HSC provides, on average, \$85,000 in scholarships per school year to students with disabilities from low-income families.
