Vice Mayor Kay discussed the order of voting.

Ms. Henson moved to disapprove the Findings of Fact regarding the proposed zone change MAR 2016-2 for the following reasons: 1) The existing zoning is appropriate and the proposed zoning is inappropriate because the existing zoning allows for commercial use but also maintains residential use, which preserves the character of the surrounding neighborhood; 2) There have been no major changes of an economic, physical or social nature that were not anticipated in the Comprehensive Plan and altered the basic character of the area; and 3) The proposed zoning would create additional traffic and create a more unsafe pedestrian area which is inconsistent with the Cardinal Valley Small Area Plan. The motion was seconded by Mr. Moloney.

The Council discussed the motion.

The motion failed by the following vote:

Aye:	F. Brown, Gibbs, Henson, Kay, Lamb, Moloney	-----6
Nay:	Akers, Bledsoe, J. Brown, Farmer	-----4

The motion failed to override the recommendation of the Planning Commission which requires eight votes and in this case, there were six aye votes.

Mr. Farmer moved to approve the Findings of Fact as submitted by the Planning Commission, and as amended to include the additional prohibited use. The motion was seconded by Ms. Akers. The Findings of Fact are as follows:

1. A restricted Neighborhood Business (8-1) zone is in agreement with the 2013 Comprehensive Plan and the Cardinal Valley Small Area Plan (CVSAP), adopted by the Planning Commission in April 2015, for the following reasons:
 - a. Theme A of the Plan, Growing Successful Neighborhoods, emphasizes the infill, redevelopment and adaptive reuse of the urban area that respects the area's context and design features (Goal #2a.), and encourages striving for positive and safe social interactions in neighborhoods (Goal #3b.). In addition, the Goals and Objectives suggest that the community should "enable infill and redevelopment that creates jobs where people live" (Theme C, Goal #1d.); attract and retain high-paying jobs (Theme C, Goal #2c.); and to uphold the Urban Service Area concept by encouraging "compact, contiguous, and/or mixed-use sustainable development within the Urban Service Area, as guided by market demand, to accommodate future growth needs" (Theme E, Goal #1b.).
 - b. The Plan encourages the consideration of how proposals relate to existing development in the immediate vicinity, as well as protecting neighborhoods and residential areas from incompatible land uses. The proposed B-1 zone is compatible with the immediate vicinity, and a landscape buffer along the rear property line will help to provide an appropriate transition in land use.
 - c. The proposed B-1 zone along an entrance corridor to downtown Lexington that was recently studied by the Division of Planning and the Kentucky Transportation Cabinet (District 7 office) will provide an opportunity to provide some jobs closer to where people live.
 - d. The Cardinal Valley Small Area Plan encourages aesthetic and functional improvements that will make the Versailles Road corridor more accessible to pedestrians, which seems to speak to encouraging pedestrian-oriented development. The corollary development proposed for the site conforms to the B-1 zone setbacks, which encourages pedestrian interaction and development closer to the street. This is consistent with the CVSAP recommendations.
2. This recommendation is made subject to the approval and certification of ZDP 2016-4: VALLANDALE SUBDIVISION (AMD.), prior to forwarding this recommendation to the Urban County Council. This certification must be accomplished within two weeks of the Planning Commission's approval.
3. Under the provisions of Article 6-7 of the Zoning Ordinance, the following use restrictions shall apply to the subject property:
 - a. Prohibited Uses:
 - i. Drive-through facilities within 100' of Delmont Drive.
 - ii. The sale or provision of wine, beer or alcoholic beverages, other than by the drink.
 - iii. Live entertainment and/or dancing.

- iv. Cocktail lounges, brew-pubs and nightclubs.
 - v. Automobile service stations.
 - vi. Arcades, including pinball and electronic games.
 - vii. Sale of firearms other than by federally licensed manufacturers, importers or dealers.
 - viii. Car washing establishments.
 - ix. Pool tables, within an establishment, even as an accessory use.
 - x. Automobile and vehicle refueling stations.
 - xi. Tattoo Parlors.
- b. Other Use Restrictions:
- i. A landscape buffer of at least ten (10 feet in width shall be provided along the northern property boundary, with plantings as specified by Article 18-3(a)(1)2 of the Zoning Ordinance, including the retention or replacement of a 6-foot tall privacy fence.
 - ii. Outdoor lighting shall be shielded and directed away from any adjacent residential zone. Lighting attached to a pole or any structure shall be a maximum of twenty (20) feet in height.
 - iii. Any free-standing sign erected shall be a maximum of ten (10) feet in height.

These use and buffering restrictions are appropriate and necessary for these four lots to ensure greater compliance with the 2013 Comprehensive Plan and Cardinal Valley Small Area Plan and to provide greater consistency with prior action by the Planning Commission and the Urban County Council involving business uses at this location.
