Addendum

Agency: The Nest-Center for Women, Children & Families

Program Name: Child Care Program

LFUCG Partner Agency Program Funding: \$32,500

Program Summary: The Nest is a state-licensed, drop in crisis childcare center with a THREE-STAR state quality rating! We provide a safe, nurturing environment while attending to the physical, emotional and developmental needs of children. Our services are dedicated to preventing child abuse and providing high quality early childhood education to at risk children ages birth through age five. Two hundred and fifty days a year our program can enroll up to 27 children daily. Most of the families we serve face a variety of obstacles. When there are so many immediate needs to attend to, support for educational achievement and an understanding of importance of early childhood education are largely absent. The Nest gives access to safe, affordable care for their children and the opportunity for these parents to invest in their child's education. Of the families we've served in the past year, 60% were single parents, 77% had an income of less than \$19,999 and 60% had no more than a high school education. Our Respite Childcare is available for parents in crisis or experiencing high levels of stress. This service contributes to the much needed mission of preventing child abuse and neglect. The Nest becomes the early detectors for kids who otherwise might not be seen outside of the house. These children can now be screened by certified teachers and red flags in development can be addressed prior to entering public school. This gives the child the opportunity to start their education at the same level as their peers.

Long-Term Program Goals: To provide access to High-Quality Child Care to those families most at need.

- Single Parents
- Families at the low end of the socio-economic spectrum
- Grandparents or other family members that have become full time caregivers
- Parents with no support system
- Families who have experienced abuse
