6	Will the contractor have to vac anything out of the diversion box?	The box is lower than the channel so some dewatering will be required.
7	Should the contractor expect the need to hire utility location services such as Bloodhound to locate any utilities not shown on the Drawings?	Contractor shall comply with all requirements in the specifications regarding underground facilities including section 4.3 of the General Conditions.
8	If electrical is found, will LFUCG be the ones to relocate it?	LFUCG is relocating the known electrical along the perimeter of the existing clarifiers and diversion box. If electrical is encountered in the excavation area, this may be considered a changed condition.

Division of Procurement
Lexington-Fayette Urban County Government
200 East Main Street
Lexington, KY 40507
smiller@lexingtonky.gov

OUR MISSION: The mission of the Minority Business Enterprise Program (MBEP) is to facilitate the participation of Minority Business Enterprises (MBEs), Women Business Enterprises (WBEs), Disadvantaged Business Enterprises (DBEs), Veteran-Owned Small Businesses (VOSBs), and Service-Disabled Veteran-Owned Small Businesses (SDVOSBs) in the procurement process and to promote economic inclusion as a business imperative essential to the long-term economic viability of the Lexington-Fayette Urban County Government (LFUCG). For clarity, the term Minority, Women, and Disadvantaged Business Enterprises (MWD BE) will be an all-encompassing term used to refer to MBEs, WBEs, and DBEs.

To that end the LFUCG adopted and implemented Resolution 272-2024 implementing a revised combined minimum MBE and WBE goal of seventeen percent (17%) for government contracts with minimum subgoals of five percent (5%) for MBEs and twelve percent (12%) for WBEs. There remains a minimum three percent (3%) goal for VOSBs for government contracts. LFUCG recommends that DBEs participate as applicable.

The resolution states the following definitions shall be used for the purposes of reaching these goals (a full copy is available in the Division of Procurement):

Certified Disadvantaged Business Enterprise (DBE) – a business in which at least fifty-one percent (51%) is owned, managed, and controlled by a person(s) who is socially and economically disadvantaged as defined by 49 CFR subpart 26.

Certified Minority Business Enterprise (MBE) – a business in which at least fifty-one percent (51%) is owned, managed, and controlled by an ethnic minority (i.e. Black American, Asian American, Hispanic American, Native American).

Certified Women Business Enterprise (WBE) – a business in which at least fifty-one percent (51%) is owned, managed, and controlled by a woman.

Certified Veteran-Owned Small Business (VOSB) – a business in which at least fifty-one percent (51%) is owned, managed, and controlled by a veteran who served on active duty with the U.S. Army, Air Force, Navy, Marines, or Coast Guard.

Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) – a business in which at least fifty-one percent (51%) is owned, managed, and controlled by a disabled veteran who served on active duty with the U.S. Army, Air Force, Navy, Marines, or Coast Guard.

The term “Certified” shall mean the business is appropriately certified, licensed, verified, or validated by an organization or entity recognized by the Division of Procurement as having the appropriate credentials to make a determination as to the status of the business.

The following certifications are recognized and accepted by the MBEP:

Kentucky Transportation Cabinet (KYTC), Disadvantaged Business Enterprise (DBE)
Kentucky Minority and Women Business Enterprise (MWBE)
Women's Business Enterprise National Council (WBENC)
National Women Business Owners Corporation (NWBOC)
National Minority Supplier Development Council (NMSDC)
Tri-State Minority Supplier Development Council (TSMSSDC)
U.S. Small Business Administration Veteran Small Business Certification (VetCert)
Kentucky Service- Disabled Veteran Owned Small Business (SDVOSB)

To comply with Resolution 272-2024, prime contractors, MWDBEs, and VOSBs must complete monthly contract compliance audits in the Diverse Business Management Compliance system, <https://lexingtonky.diversitycompliance.com/>.

A list of organizations that certify and/or maintain lists of certified MWDBEs and VOSBs is available upon request by emailing Sherita Miller at smiller@lexingtonky.gov.

DOCUMENTATION REQUIRED FOR GOOD FAITH EFFORTS AND OUTREACH PLANS

As affirmed in Resolution Number 272-2024, the LFUCG has adopted an annual aspirational goal of utilizing at least seventeen percent (17%) of public funds spent from certain discretionary agreements with certified MBEs and WBEs, utilizing at least three percent (3%) of public funds from certain discretionary agreements with certified VOSBs, and utilizing DBEs where applicable. Bidders should make every effort to achieve these goals.

Therefore, as an element of the responsiveness of the Bid, all Bidders are required to submit documentation of their good faith and outreach efforts to ensure all businesses, including small business and disadvantaged businesses such as MWDBEs and VOSBs have an equal opportunity to compete for and participate in the performance of any subcontracts resulting from this procurement. Examples of good faith and outreach efforts that satisfy this requirement to encourage the participation of MWDBEs and VOSBs include:

1. Advertised opportunities to participate in the contract in at least two (2) publications of general circulation media; trade and professional association publications; small and minority business or trade publications; and publications or trades targeting MWDBEs/VOSBs not less than fifteen (15) days prior to the deadline for submission of bids to allow MWDBEs/VOSBs to participate.
2. Attended LFUCG Procurement Economic Inclusion Outreach event(s) within the past year to meet small businesses, MWDBEs, and/or VOSBs to partner with on LFUCG contracts and procurements.
3. Attended pre-bid/pre-proposal meetings that were scheduled by LFUCG to inform small businesses, MWDBEs, and VOSBs of subcontracting opportunities.
4. Sponsored Economic Inclusion event to provide networking opportunities for prime contractors and small businesses, MWDBEs, and VOSBs.
5. Requested a list of certified small business, MWDBE, and VOSB subcontractors or suppliers from LFUCG and showed evidence of contacting the companies on the list(s).
6. Contacted organizations that work with small businesses, MWDBEs, and VOSBs for assistance in finding certified MWDBEs and VOSBs to work on this project. Those contacted and their responses must be a part of the Bidder's outreach efforts documentation.
7. Sent written notices, by certified mail, email, or facsimile, to qualified, certified small businesses, MWDBEs, and VOSBs soliciting their participation in the contract not less than seven (7) days prior to the deadline for submission of bids to allow them to participate effectively.
8. Followed up initial solicitations by contacting small businesses, MWDBEs, and VOSBs via tailored communications to determine their level of interest.
9. Provided the interested small businesses, MWDBEs, and VOSBs with adequate and timely information about the plans, specifications, and requirements of the contract.
10. Selected portions of the work to be performed by small businesses, MWDBEs, and VOSBs to increase the likelihood of subcontracting participation. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate small business, MWDBE, and VOSB participation, even when the prime contractor may otherwise perform these work items with its own workforce.

11. Negotiated in good faith with interested small businesses, MWDBEs, and VOSBs, not rejecting them as unqualified without sound reasons based on a thorough investigation of their capabilities. Any rejection must be so noted in writing with a description as to why an agreement could not be reached.
12. Included documentation of quotations received from interested small businesses, MWDBEs, and VOSBs that were not used due to uncompetitive pricing or were rejected as unacceptable and/or copies of responses from firms indicating that they would not be submitting a Bid.

Bidder must submit sound reasons why the quotations were considered unacceptable. The fact that the Bidder has the ability and/or desire to perform the contract work with its own forces will not be considered a sound reason for rejecting a quote from a small business, MWDBE, or VOSB. Nothing in this provision shall be construed to require the Bidder to accept unreasonable quotes in order to satisfy the participation goals.
13. Made an effort to offer assistance to or refer interested small businesses, MWDBEs, and VOSBs to obtain the necessary equipment, supplies, materials, insurance, and/or bonding to satisfy the work requirements of the Bid proposal.
14. Made efforts to expand the search for small businesses, MWDBEs, and VOSBs beyond the usual geographic boundaries.
15. Other – any other evidence that the Bidder submits that may demonstrate that the Bidder has made reasonable efforts to include small business, MWDBE, and VOSB participation.

Bidder must document, with specificity, each of the efforts it made to include small businesses, MWDBEs, and VOSBs as subcontractors in the procurement, including the date on which each effort was made, the method via which each effort was made, and the outcome of each effort.

Note: Failure to submit the documentation requested in this section may be cause for rejection of Bid. Bidders may include any other documentation deemed relevant to this requirement which is subject to review by the MBE Liaison. Documentation of Good Faith and Outreach Efforts must be submitted with the Bid, regardless of the proposed level of small business, MWDBE, and VOSB participation in the procurement. If the Good Faith and Outreach Effort documentation is not submitted with the Bid response, the Bid may be rejected.

OUTREACH EFFORTS EVALUATION

Outreach efforts demonstrated by the Bidder or respondent will be evaluated on a pass/fail basis.

This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- * Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- * Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and subcontractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- * Section 503 of the Rehabilitation Act of 1973 States:
The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors, and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is

the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractor may be declared ineligible for future consideration.
