Subject: NFORS Data Agreement

Request Council to approve agreement between Lexington-Fayette Urban County Government, Division of Fire and Emergency Services and International Public Safety Data Institute ("IPSDI"), for data analytical software and service.

Authorization to request Council to approve agreement between Lexington-Fayette Urban County Government, Division of Fire and Emergency Services and International Public Safety Data Institute ("IPSDI"), for data analytical software and service.

We are requesting this agreement to provide the Division of Fire and Emergency Services with the software to support analyzing response data and assist with decision making regarding response times, apparatus placement and establishing performance goals.

This request for approval is required due to a contract between Lexington-Fayette Urban County Government and the entity providing the software.

What is the cost in this budget year and future budget years?
