RE: Donation – Kentucky State Police – Radio Headsets

Please find attached letter from the Kentucky State Police requesting the Lexington Police Department to donate radio headset equipment that was purchased in 2010 for the Hazardous Devices Unit. This equipment is no longer compatible with our current radio system.

The Kentucky State Police is interested in taking possession of these items for use by their Bomb Squad Unit. Since these are grant funded items we would like to donate them to the Kentucky State Police for law enforcement use only. The radio equipment is currently being processed for surplus. Upon approval of donation, the radio equipment will be transferred to the Kentucky State Police.

There will be no budgetary impact. If you have any questions or require additional information, please contact my office.
