

TO: Mayor Linda Gorton
Urban County Council

FROM: 
James Duncan, Director of Planning

DATE: January 15, 2021

SUBJECT: Readopting Regulations Outlined in Ordinance 76-2017

Request

The Division of Planning in coordination with the Office of the Council Clerk requests the readoption of the regulations associated with Ordinance 76-2017.

Why are you requesting?

The readoption of the regulations associated with Ordinance 76-2017 is necessary to correct an error in the MuniCode publication. This ordinance modified the University Research Campus (P-2) zone and was adopted by the Urban County Council on May 25, 2017. These regulations are in conformance with the specific request of the University of Kentucky, the recommendation of approval by the Urban County Planning Commission, and the approval and adoption by the Urban County Council. The readoption of the regulations, per the associated language, will allow for their intended inclusion, while also not adversely affecting regulations that were later adopted by the Urban County Council. In addition, the associated language will allow for the development of those properties that are currently zoned P-2 in conformance with the intent of the University of Kentucky, Urban County Planning Commission, and the Urban County Council.
