5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to the US Census Bureau, 30% of the Fayette County population is living below the \$35,000 income level. Additionally, 53% of homes with a grandparent present list the grandparent as being solely responsible for children in the home. Furthermore, 9,000 children are in foster care in Kentucky, and with Lexington being the second largest city, a substantial amount of those children reside here in central Kentucky.

Examples of adversity our children face include being from a low income home, single parent home, foster home, having an incarcerated parent, or being raised by a non-parent guardian. Children from such situations inherently are exposed to many risks that may interfere with their ability to bond, develop self-confidence, trust adults, or form healthy relationships with peers and hinders their learning at school.

BBBSBG has nearly 200+ at-risk children (ages 6-13) on our waiting list; some waiting a whole year before being matched. Prior to the pandemic, 81% of Fayette County Public School administrators identified in-school mentoring as one of their top needs. Now focusing on life after the pandemic, we anticipate an increased demand for our services, as schools address mental health concerns, behavioral issues, and responses to traumatic experiences present themselves. Many of the children we serve come from communities that have disproportionately impacted by the pandemic and/or will experience longer lasting impacts from the pandemic. This funding is needed to serve youth in our Community-Based and School Plus Programs, shorten the wait time on our waiting list, respond to school's needs, and recruit additional volunteers to expand these programs.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Majority of children who participate in our program are experiencing poverty, have transportation access issues, violence in their communities, and have an immense need for mentoring services. We believe this particular grant is a great fit for our existing programs, so BBBSBG will continue to offer 2 program options: Community Based (CB) and School Plus (SP) in place at William Wells Brown, Booker T. Washington, Millcreek Elementary, and plans to expand into Coventry Oak Elementary, and Picadome Elementary School.

The CB program allows matched children to do activities out in the community with their Big (volunteer). The SP program provides a school setting for matches to meet weekly, usually on the same day and at the same time, with the option to pursue activities outside of school. Volunteers are required to make a one-year commitment. Both programs allow children to participate in activities related to academics, socializing, community engagement, and healthy habits. By year 2 of this grant, ESR funds will support 75 children in one of these 2 programs.

Our Service Delivery Model is established by our national organization, BBBSA, and ensures high quality and safe programming. BBBSBG adheres to required national guidelines, including rigorous screening of volunteers - youth, training for mentors, close monitoring of the youth-volunteer relationship, and participation in goal-setting and youth outcomes.

The units of service that we provide, include: 4 activities/month or 1 meeting/week for at least 1 hour, quarterly group activities for a total of 4 activities (when in-person activities allow), monthly consultation with staff, and three month and annual surveys.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Eligibility Requirements include the following for children:

Age 6-16 years old, residing in Fayette County, with all custody issues resolved. Parent/child must complete forms, interviews and training. Parent and child must be willing and able to support the match relationship by maintaining monthly contact with BBBSBG staff and volunteer. Child must show no inpatient or significant trauma within past six months. Additionally, children in the SP programs must attend one of our partner schools – William Wells Brown, Booker T. Washington, Millcreek Elementary Schools, Coventry Oak Elementary, and Picadome Elementary.

Eligibility Requirements include the following for volunteers:

Age 18 years or older, must have transportation, current Driver's License, and proof of auto insurance. They must complete forms, interview, orientation, and training. Completed multiple background checks and one Child Abuse Registry check with no concerns. Volunteers in the CB program must be able to commit to at least 1 year for 2 or more outings each month. Volunteers in the SP program must be able to commit to at least 1 year with weekly, one hour sessions during the school year and (at minimum) regular contact when school is not in session. Volunteers are responsible for paying for outings in the CB program, however BBBSBG provides many free options throughout the year.

To facilitate safety within the match, participants are required to speak to their Case Manager regularly, complete surveys, report any changes to personal information, follow the rules on the volunteer agreement, and be supportive of the agency.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Big Brothers Big Sisters of America (BBBSA) has been the most extensively examined mentoring program to date (Grossman et al., 2012; Grossman & Tierney, 1998; Herrera et al., 2007; Herrera, Grossman, Kauh, & McMaken, 2011). Recognized as a model program by the Office of Juvenile Justice Delinquency and Prevention through the Blueprints for Violence Prevention initiative and subsequently deemed an evidence-based program (Lemmon & Verrechia, 2009; Mihalic et al., 2001; Mihalic, Fagan, Irwin, Ballard, & Elliott, 2004), BBBSA has been identified as an effective intervention for elementary to high school age youth and that these programs produce an array of positive quantifiable outcomes. BBBSBG follows the model produced by BBBSA.

BBBSA provides a Program Manual for all agencies to follow and BBBSA mentoring model produces specific outcomes. BBBSA requires compliance from all agencies and updates best practices regularly. BBBSBG mentoring is based on the social control theory which concludes that attachments to positive relationships, commitment to socially appropriate goals, and involvement in conventional activities deter youth from engaging in risky behaviors. Our agency adheres to policies and Standards of Practice from the national organization and exceeds national averages in average match length.

Staff have been trained in the Trauma-Informed Care model, a strengths-based service delivery approach "that is grounded in an understanding of and responsiveness to the impact of trauma; that emphasizes physical, psychological, and emotional safety for both providers and survivors; that creates opportunities for survivors to rebuild a sense of control and empowerment." (Hopper, Bassuk, and Olivet, 2010, p.82).

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Since 1958, BBBSBG has operated under the belief that inherent in every child is the ability to succeed and thrive in life. Our goal is to help children achieve success in life by addressing the following areas: Social Acceptance, Scholastic Competency, Educational Expectations, Avoidance of Risky Behaviors, Truancy, and Juvenile Justice.

Through each of our programs, each match sets specific goals, in addition to the generalized outcomes. These goals might include making better grades, improving peer relationships, discovering new hobbies, healthier eating, or boosting self-confidence. Professional staff, along with the guardian, volunteer, and child, identify methods for success and work toward achieving goals together. BBBSBG approaches the match as a partnership where all participants have a vested interest in success for the child. Goals are reviewed monthly with a BBBSBG Case Manager to inform both parties of outcomes and to set guidelines for the relationship to work toward future success.

Successful completion of services includes at minimum a one-year match relationship with a safe volunteer, meeting regularly throughout each month, showing positive indicators on Child and Youth Outcome Surveys and Strength of Relationship Surveys. A goal for the program is to have at least 90% of participants successfully complete the program.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

The community receives value because BBBSBG is a proven prevention program that reduces juvenile crime and delinquency, reduces substance abuse, increases school performance and attendance, and decreases the likelihood of children committing violent acts. Our most recent Community Impact Report showcases our program's effectiveness. In that survey, which polled hundreds of our current Littles, 93% feel that having a Big is important in helping them achieve their goals, 67% of Littles are more likely to participate in regular sports or extracurricular activities, 46% less likely to use drugs, 33% less likely to act out violently, and 81% of local public school administrators who responded to the poll agreed that 1 to 1 mentorships are a necessity.

The impact of our program on the young persons well-being is felt long after Littles graduate the program. Of alumni who responded to the survey, 90% agreed their Big made them feel better about themselves, and 90% said their Big helped them make better decisions.

Additionally, our Case Managers help families identify other resources in the community. Since the beginning of the pandemic, our agency has also provided crisis assistance by distributing more than 2,000 meals to families, more than \$56,000 in rent and bill pay assistance, and more than 100 boxes of cleaning supplies and household items. BBBSBG ensures that every child receives a great Christmas, and just this past December, over 100 kids received a new bike through our Bike for the Holidays event in partnership with Audi of Lexington and BC Wood Properties.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

BBBSBG operates a consistent, evidence-based, nationwide system that tracks the match length/strength and outcomes of every youth we serve. Surveys begin with the Child Outcomes Survey (COS) or the Youth Outcomes Survey (YOS). The COS and YOS are attitudinal surveys measuring the effect BBBSBG mentoring has on youth in three areas - educational success, avoidance/reduction of risky behaviors, and socio-emotional competence.

The COS is administered to children under the age of 11 and the YOS is administered to children over the age of 11. Both surveys are given at the beginning of a match to establish a baseline, then they are administered annually to determine the child's progress. The Strength of Relationship Survey (SOR) is completed three months after the initial match and again annually by clients to identify areas where the match relationship might be struggling so the case manager can assist and facilitate a healthy, stronger match relationship.

BBBSBG maintains a survey completion rate of 60% from a sample size of 260 clients. Volunteers and guardians also complete satisfaction surveys related to the quality of care provided by Case Managers after the match is made and then annually.

The information in these surveys are not only used for improved match support of each individual match, but will provide program staff with a snapshot of what is working within the programs and what areas might need to be improved. This information is also used in future program development.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Ben Heinlen is a Case Manager with BBBSBG who has more than 12 years of experience as a BBBS Case Manager. He has a Master's degree and has led multiple programs for BBBSBG during his tenure. Shantae Bruce has worked as a Case Manager at BBBSBG since summer of 2019. She has a Bachelor's of Social Work degree. She brings experience serving families through work at DCBS prior to coming to BBBS.

Both Case Managers are responsible for supervision of matches, including assisting with volunteer enrollment and training, as well as coaching and supporting families, children, and volunteers for a successful mentoring relationship.

Ben and Shantae are supervised by Natalie Thompson, BBBSBG Program Director. Natalie began as a Case Manager for School-Based Mentoring Programs in six elementary schools in 2006. In 2008, she was promoted to Program Manager, leading community and school-based programming in Anderson, Franklin, Scott, and Woodford Counties. In 2012, she was promoted to Program Director, directing all programming for central Kentucky. She has more than 14 years' experience successfully managing mentoring programs and ensuring positive outcomes for the children served.

Funding from this grant will support these important positions.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

We are a preventative program for youth that helps bolster mental health, reduce acts of violence, and guides young people to fulfill their potential through the use of mentors from our community. Our program reduces detrimental risky behaviors, such as drug use, alcohol use, and involvement in gangs. The program has been proven to combat the negative impacts of trauma and produces positive outcomes for youth. We utilize national partnerships with Futures Without Violence and National Center for Missing and Exploited Children to continue training and guiding our volunteers.

Our agency collaborates with a variety of local partners. We accept referrals from child-serving agencies and school districts, and are increasingly expanding our work with foster care programs, DCBS, and area churches.

Our agency collaborates with corporate partners, such as Valvoline, Gray, Clark Material Handling, Keeneland, Lexmark, local universities, and local banks to recruit volunteers and fundraise. As a non-profit, we are diligent to raise funds in creative ways and have been successful establishing relationships with community leaders, corporations, foundations, and hosting well participated fundraising events. Our major sponsors include the Murry Foundation, Zenith Company, Kiwanis, Miller Family Foundation, PNC Bank, Toyota, and Central Bank, among others.

The Board of Directors provide oversight for our organization, regularly review goals, outcomes, and resources needed. They participate in fundraising activities and 100% of the members contribute in some capacity. The Board annually reviews practices to ensure compliance with BBBSA standards.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor’s Commission on Racial Justice & Equality?

During the enrollment process with a child/family, staff meets the family in their home and identifies their specific needs. Our staff work diligently to identify areas of need for each family, in an effort to provide the right fit when making a match. We have worked with Global Language Communications to assist our staff in working with families who speak English as a second language. We serve many children with a variety of diagnoses, including ADHD, ODD, Autism, and physical disabilities and communicate special needs to our volunteers prior to making a match. Our office is centrally located off of Nicholasville Road and is handicap-accessible.

BBBSBG has an anti-discrimination policy for all of its participants, staff, board, and volunteers. We regularly review our volunteer diversity and make efforts to recruit in areas where we see gaps. Our agency's board and staff have completed multiple diversity, equity, and inclusion trainings over the past year. Our Diversity, Equity, and Inclusion Committee is working to distribute additional trainings for our Bigs, Parents, and Littles on DEI topics. Our work aligns with Racial Equity recommendations by the Mayor's Commission in that we provide communication and build awareness within our community around the Matters of Racial Equity. Indirectly, we also support the housing and gentrification recommendations by empowering families to advocate for their own fair housing, connecting them with resources, and encouraging their involvement in neighborhood decisions.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to the US Census Bureau, 30% of the Fayette County population is living below the \$35,000 income level. Additionally, 53% of homes with a grandparent present list the grandparent as being solely responsible for children in the home. Furthermore, 9,000 children are in foster care in Kentucky, and with Lexington being the second largest city, a substantial amount of those children reside here in central Kentucky.

Examples of adversity our children face include being from a low income home, single parent home, foster home, having an incarcerated parent, or being raised by a non-parent guardian. Children from such situations inherently are exposed to many risks that may interfere with their ability to bond, develop self-confidence, trust adults, or form healthy relationships with peers and hinders their learning at school.

BBBSBG has nearly 200+ at-risk children (ages 6-13) on our waiting list; some waiting a whole year before being matched. Prior to the pandemic, 81% of Fayette County Public School administrators identified in-school mentoring as one of their top needs. Now focusing on life after the pandemic, we anticipate an increased demand for our services, as schools address mental health concerns, behavioral issues, and responses to traumatic experiences present themselves. Many of the children we serve come from communities that have disproportionately impacted by the pandemic and/or will experience longer lasting impacts from the pandemic. This funding is needed to serve youth in our Community-Based and School Plus Programs, shorten the wait time on our waiting list, respond to school's needs, and recruit additional volunteers to expand these programs.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Majority of children who participate in our program are experiencing poverty, have transportation access issues, violence in their communities, and have an immense need for mentoring services. We believe this particular grant is a great fit for our existing programs, so BBBSBG will continue to offer 2 program options: Community Based (CB) and School Plus (SP) in place at William Wells Brown, Booker T. Washington, Millcreek Elementary, and plans to expand into Coventry Oak Elementary, and Picadome Elementary School.

The CB program allows matched children to do activities out in the community with their Big (volunteer). The SP program provides a school setting for matches to meet weekly, usually on the same day and at the same time, with the option to pursue activities outside of school. Volunteers are required to make a one-year commitment. Both programs allow children to participate in activities related to academics, socializing, community engagement, and healthy habits. By year 2 of this grant, ESR funds will support 75 children in one of these 2 programs.

Our Service Delivery Model is established by our national organization, BBBSA, and ensures high quality and safe programming. BBBSBG adheres to required national guidelines, including rigorous screening of volunteers - youth, training for mentors, close monitoring of the youth-volunteer relationship, and participation in goal-setting and youth outcomes.

The units of service that we provide, include: 4 activities/month or 1 meeting/week for at least 1 hour, quarterly group activities for a total of 4 activities (when in-person activities allow), monthly consultation with staff, and three month and annual surveys.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Eligibility Requirements include the following for children:

Age 6-16 years old, residing in Fayette County, with all custody issues resolved. Parent/child must complete forms, interviews and training. Parent and child must be willing and able to support the match relationship by maintaining monthly contact with BBBSBG staff and volunteer. Child must show no inpatient or significant trauma within past six month. Additionally, children in the SP programs must attend one of our partner schools – William Wells Brown, Booker T. Washington, Millcreek Elementary Schools, Coventry Oak Elementary, and Picadome Elementary.

Eligibility Requirements include the following for volunteers:

Age 18 years or older, must have transportation, current Driver's License, and proof of auto insurance. They must complete forms, interview, orientation, and training. Completed multiple background checks and one Child Abuse Registry check with no concerns. Volunteers in the CB program must be able to commit to at least 1 year for 2 or more outings each month. Volunteers in the SP program must be able to commit to at least 1 year with weekly, one hour sessions during the school year and (at minimum) regular contact when school is not in session. Volunteers are responsible for paying for outings in the CB program, however BBBSBG provides many free options throughout the year.

To facilitate safety within the match, participants are required to speak to their Case Manager regularly, complete surveys, report any changes to personal information, follow the rules on the volunteer agreement, and be supportive of the agency.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Big Brothers Big Sisters of America (BBBSA) has been the most extensively examined mentoring program to date (Grossman et al., 2012; Grossman & Tierney, 1998; Herrera et al., 2007; Herrera, Grossman, Kauh, & McMaken, 2011). Recognized as a model program by the Office of Juvenile Justice Delinquency and Prevention through the Blueprints for Violence Prevention initiative and subsequently deemed an evidence-based program (Lemmon & Verrechia, 2009; Mihalic et al., 2001; Mihalic, Fagan, Irwin, Ballard, & Elliott, 2004), BBBSA has been identified as an effective intervention for elementary to high school age youth and that these programs produce an array of positive quantifiable outcomes. BBBSBG follows the model produced by BBBSA.

BBBSA provides a Program Manual for all agencies to follow and BBBSA mentoring model produces specific outcomes. BBBSA requires compliance from all agencies and updates best practices regularly. BBBSBG mentoring is based on the social control theory which concludes that attachments to positive relationships, commitment to socially appropriate goals, and involvement in conventional activities deter youth from engaging in risky behaviors. Our agency adheres to policies and Standards of Practice from the national organization and exceeds national averages in average match length.

Staff have been trained in the Trauma-Informed Care model, a strengths-based service delivery approach "that is grounded in an understanding of and responsiveness to the impact of trauma; that emphasizes physical, psychological, and emotional safety for both providers and survivors; that creates opportunities for survivors to rebuild a sense of control and empowerment." (Hopper, Bassuk, and Olivet, 2010, p.82).

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Since 1958, BBBSBG has operated under the belief that inherent in every child is the ability to succeed and thrive in life. Our goal is to help children achieve success in life by addressing the following areas: Social Acceptance, Scholastic Competency, Educational Expectations, Avoidance of Risky Behaviors, Truancy, and Juvenile Justice.

Through each of our programs, each match sets specific goals, in addition to the generalized outcomes. These goals might include making better grades, improving peer relationships, discovering new hobbies, healthier eating, or boosting self-confidence. Professional staff, along with the guardian, volunteer, and child, identify methods for success and work toward achieving goals together. BBBSBG approaches the match as a partnership where all participants have a vested interest in success for the child. Goals are reviewed monthly with a BBBSBG Case Manager to inform both parties of outcomes and to set guidelines for the relationship to work toward future success.

Successful completion of services includes at minimum a one-year match relationship with a safe volunteer, meeting regularly throughout each month, showing positive indicators on Child and Youth Outcome Surveys and Strength of Relationship Surveys. A goal for the program is to have at least 90% of participants successfully complete the program.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

The community receives value because BBBSBG is a proven prevention program that reduces juvenile crime and delinquency, reduces substance abuse, increases school performance and attendance, and decreases the likelihood of children committing violent acts. Our most recent Community Impact Report showcases our program's effectiveness. In that survey, which polled hundreds of our current Littles, 93% feel that having a Big is important in helping them achieve their goals, 67% of Littles are more likely to participate in regular sports or extracurricular activities, 46% less likely to use drugs, 33% less likely to act out violently, and 81% of local public school administrators who responded to the poll agreed that 1 to 1 mentorships are a necessity.

The impact of our program on the young persons well-being is felt long after Littles graduate the program. Of alumni who responded to the survey, 90% agreed their Big made them feel better about themselves, and 90% said their Big helped them make better decisions.

Additionally, our Case Managers help families identify other resources in the community. Since the beginning of the pandemic, our agency has also provided crisis assistance by distributing more than 2,000 meals to families, more than \$56,000 in rent and bill pay assistance, and more than 100 boxes of cleaning supplies and household items. BBBSBG ensures that every child receives a great Christmas, and just this past December, over 100 kids received a new bike through our Bike for the Holidays event in partnership with Audi of Lexington and BC Wood Properties.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

BBBSBG operates a consistent, evidence-based, nationwide system that tracks the match length/strength and outcomes of every youth we serve. Surveys begin with the Child Outcomes Survey (COS) or the Youth Outcomes Survey (YOS). The COS and YOS are attitudinal surveys measuring the effect BBBSBG mentoring has on youth in three areas - educational success, avoidance/reduction of risky behaviors, and socio-emotional competence.

The COS is administered to children under the age of 11 and the YOS is administered to children over the age of 11. Both surveys are given at the beginning of a match to establish a baseline, then they are administered annually to determine the child's progress. The Strength of Relationship Survey (SOR) is completed three months after the initial match and again annually by clients to identify areas where the match relationship might be struggling so the case manager can assist and facilitate a healthy, stronger match relationship.

BBBSBG maintains a survey completion rate of 60% from a sample size of 260 clients. Volunteers and guardians also complete satisfaction surveys related to the quality of care provided by Case Managers after the match is made and then annually.

The information in these surveys are not only used for improved match support of each individual match, but will provide program staff with a snapshot of what is working within the programs and what areas might need to be improved. This information is also used in future program development.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Ben Heinlen is a Case Manager with BBBSBG who has more than 12 years of experience as a BBBS Case Manager. He has a Master's degree and has led multiple programs for BBBSBG during his tenure. Shantae Bruce has worked as a Case Manager at BBBSBG since summer of 2019. She has a Bachelor's of Social Work degree. She brings experience serving families through work at DCBS prior to coming to BBBS.

Both Case Managers are responsible for supervision of matches, including assisting with volunteer enrollment and training, as well as coaching and supporting families, children, and volunteers for a successful mentoring relationship.

Ben and Shantae are supervised by Natalie Thompson, BBBSBG Program Director. Natalie began as a Case Manager for School-Based Mentoring Programs in six elementary schools in 2006. In 2008, she was promoted to Program Manager, leading community and school-based programming in Anderson, Franklin, Scott, and Woodford Counties. In 2012, she was promoted to Program Director, directing all programming for central Kentucky. She has more than 14 years' experience successfully managing mentoring programs and ensuring positive outcomes for the children served.

Funding from this grant will support these important positions.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

We are a preventative program for youth that helps bolster mental health, reduce acts of violence, and guides young people to fulfill their potential through the use of mentors from our community. Our program reduces detrimental risky behaviors, such as drug use, alcohol use, and involvement in gangs. The program has been proven to combat the negative impacts of trauma and produces positive outcomes for youth. We utilize national partnerships with Futures Without Violence and National Center for Missing and Exploited Children to continue training and guiding our volunteers.

Our agency collaborates with a variety of local partners. We accept referrals from child-serving agencies and school districts, and are increasingly expanding our work with foster care programs, DCBS, and area churches.

Our agency collaborates with corporate partners, such as Valvoline, Gray, Clark Material Handling, Keeneland, Lexmark, local universities, and local banks to recruit volunteers and fundraise. As a non-profit, we are diligent to raise funds in creative ways and have been successful establishing relationships with community leaders, corporations, foundations, and hosting well participated fundraising events. Our major sponsors include the Murry Foundation, Zenith Company, Kiwanis, Miller Family Foundation, PNC Bank, Toyota, and Central Bank, among others.

The Board of Directors provide oversight for our organization, regularly review goals, outcomes, and resources needed. They participate in fundraising activities and 100% of the members contribute in some capacity. The Board annually reviews practices to ensure compliance with BBBSA standards.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

During the enrollment process with a child/family, staff meets the family in their home and identifies their specific needs. Our staff work diligently to identify areas of need for each family, in an effort to provide the right fit when making a match. We have worked with Global Language Communications to assist our staff in working with families who speak English as a second language. We serve many children with a variety of diagnoses, including ADHD, ODD, Autism, and physical disabilities and communicate special needs to our volunteers prior to making a match. Our office is centrally located off of Nicholasville Road and is handicap-accessible.

BBBSBG has an anti-discrimination policy for all of its participants, staff, board, and volunteers. We regularly review our volunteer diversity and make efforts to recruit in areas where we see gaps. Our agency's board and staff have completed multiple diversity, equity, and inclusion trainings over the past year. Our Diversity, Equity, and Inclusion Committee is working to distribute additional trainings for our Bigs, Parents, and Littles on DEI topics. Our work aligns with Racial Equity recommendations by the Mayor's Commission in that we provide communication and build awareness within our community around the Matters of Racial Equity. Indirectly, we also support the housing and gentrification recommendations by empowering families to advocate for their own fair housing, connecting them with resources, and encouraging their involvement in neighborhood decisions.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement **15 Points**

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model **15 Points**

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements **5 Points**

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to the US Census Bureau, 30% of the Fayette County population is living below the \$35,000 income level. Additionally, 53% of homes with a grandparent present list the grandparent as being solely responsible for children in the home. Furthermore, 9,000 children are in foster care in Kentucky, and with Lexington being the second largest city, a substantial amount of those children reside here in central Kentucky.

Examples of adversity our children face include being from a low income home, single parent home, foster home, having an incarcerated parent, or being raised by a non-parent guardian. Children from such situations inherently are exposed to many risks that may interfere with their ability to bond, develop self-confidence, trust adults, or form healthy relationships with peers and hinders their learning at school.

BBBSBG has nearly 200+ at-risk children (ages 6-13) on our waiting list; some waiting a whole year before being matched. Prior to the pandemic, 81% of Fayette County Public School administrators identified in-school mentoring as one of their top needs. Now focusing on life after the pandemic, we anticipate an increased demand for our services, as schools address mental health concerns, behavioral issues, and responses to traumatic experiences present themselves. Many of the children we serve come from communities that have disproportionately impacted by the pandemic and/or will experience longer lasting impacts from the pandemic. This funding is needed to serve youth in our Community-Based and School Plus Programs, shorten the wait time on our waiting list, respond to school's needs, and recruit additional volunteers to expand these programs.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Majority of children who participate in our program are experiencing poverty, have transportation access issues, violence in their communities, and have an immense need for mentoring services. We believe this particular grant is a great fit for our existing programs, so BBBSBG will continue to offer 2 program options: Community Based (CB) and School Plus (SP) in place at William Wells Brown, Booker T. Washington, Millcreek Elementary, and plans to expand into Coventry Oak Elementary, and Picadome Elementary School.

The CB program allows matched children to do activities out in the community with their Big (volunteer). The SP program provides a school setting for matches to meet weekly, usually on the same day and at the same time, with the option to pursue activities outside of school. Volunteers are required to make a one-year commitment. Both programs allow children to participate in activities related to academics, socializing, community engagement, and healthy habits. By year 2 of this grant, ESR funds will support 75 children in one of these 2 programs.

Our Service Delivery Model is established by our national organization, BBBSA, and ensures high quality and safe programming. BBBSBG adheres to required national guidelines, including rigorous screening of volunteers - youth, training for mentors, close monitoring of the youth-volunteer relationship, and participation in goal-setting and youth outcomes.

The units of service that we provide, include: 4 activities/month or 1 meeting/week for at least 1 hour, quarterly group activities for a total of 4 activities (when in-person activities allow), monthly consultation with staff, and three month and annual surveys.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Eligibility Requirements include the following for children:

Age 6-16 years old, residing in Fayette County, with all custody issues resolved. Parent/child must complete forms, interviews and training. Parent and child must be willing and able to support the match relationship by maintaining monthly contact with BBBSBG staff and volunteer. Child must show no inpatient or significant trauma within past six months. Additionally, children in the SP programs must attend one of our partner schools – William Wells Brown, Booker T. Washington, Millcreek Elementary Schools, Coventry Oak Elementary, and Picadome Elementary.

Eligibility Requirements include the following for volunteers:

Age 18 years or older, must have transportation, current Driver's License, and proof of auto insurance. They must complete forms, interview, orientation, and training. Completed multiple background checks and one Child Abuse Registry check with no concerns. Volunteers in the CB program must be able to commit to at least 1 year for 2 or more outings each month. Volunteers in the SP program must be able to commit to at least 1 year with weekly, one hour sessions during the school year and (at minimum) regular contact when school is not in session. Volunteers are responsible for paying for outings in the CB program, however BBBSBG provides many free options throughout the year.

To facilitate safety within the match, participants are required to speak to their Case Manager regularly, complete surveys, report any changes to personal information, follow the rules on the volunteer agreement, and be supportive of the agency.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Big Brothers Big Sisters of America (BBBSA) has been the most extensively examined mentoring program to date (Grossman et al., 2012; Grossman & Tierney, 1998; Herrera et al., 2007; Herrera, Grossman, Kauh, & McMaken, 2011). Recognized as a model program by the Office of Juvenile Justice Delinquency and Prevention through the Blueprints for Violence Prevention initiative and subsequently deemed an evidence-based program (Lemmon & Verrechia, 2009; Mihalic et al., 2001; Mihalic, Fagan, Irwin, Ballard, & Elliott, 2004), BBBSA has been identified as an effective intervention for elementary to high school age youth and that these programs produce an array of positive quantifiable outcomes. BBBSBG follows the model produced by BBBSA.

BBBSA provides a Program Manual for all agencies to follow and BBBSA mentoring model produces specific outcomes. BBBSA requires compliance from all agencies and updates best practices regularly. BBBSBG mentoring is based on the social control theory which concludes that attachments to positive relationships, commitment to socially appropriate goals, and involvement in conventional activities deter youth from engaging in risky behaviors. Our agency adheres to policies and Standards of Practice from the national organization and exceeds national averages in average match length.

Staff have been trained in the Trauma-Informed Care model, a strengths-based service delivery approach "that is grounded in an understanding of and responsiveness to the impact of trauma; that emphasizes physical, psychological, and emotional safety for both providers and survivors; that creates opportunities for survivors to rebuild a sense of control and empowerment." (Hopper, Bassuk, and Olivet, 2010, p.82).

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Since 1958, BBBSBG has operated under the belief that inherent in every child is the ability to succeed and thrive in life. Our goal is to help children achieve success in life by addressing the following areas: Social Acceptance, Scholastic Competency, Educational Expectations, Avoidance of Risky Behaviors, Truancy, and Juvenile Justice.

Through each of our programs, each match sets specific goals, in addition to the generalized outcomes. These goals might include making better grades, improving peer relationships, discovering new hobbies, healthier eating, or boosting self-confidence. Professional staff, along with the guardian, volunteer, and child, identify methods for success and work toward achieving goals together. BBBSBG approaches the match as a partnership where all participants have a vested interest in success for the child. Goals are reviewed monthly with a BBBSBG Case Manager to inform both parties of outcomes and to set guidelines for the relationship to work toward future success.

Successful completion of services includes at minimum a one-year match relationship with a safe volunteer, meeting regularly throughout each month, showing positive indicators on Child and Youth Outcome Surveys and Strength of Relationship Surveys. A goal for the program is to have at least 90% of participants successfully complete the program.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

The community receives value because BBBSBG is a proven prevention program that reduces juvenile crime and delinquency, reduces substance abuse, increases school performance and attendance, and decreases the likelihood of children committing violent acts. Our most recent Community Impact Report showcases our program's effectiveness. In that survey, which polled hundreds of our current Littles, 93% feel that having a Big is important in helping them achieve their goals, 67% of Littles are more likely to participate in regular sports or extracurricular activities, 46% less likely to use drugs, 33% less likely to act out violently, and 81% of local public school administrators who responded to the poll agreed that 1 to 1 mentorships are a necessity.

The impact of our program on the young persons well-being is felt long after Littles graduate the program. Of alumni who responded to the survey, 90% agreed their Big made them feel better about themselves, and 90% said their Big helped them make better decisions.

Additionally, our Case Managers help families identify other resources in the community. Since the beginning of the pandemic, our agency has also provided crisis assistance by distributing more than 2,000 meals to families, more than \$56,000 in rent and bill pay assistance, and more than 100 boxes of cleaning supplies and household items. BBBSBG ensures that every child receives a great Christmas, and just this past December, over 100 kids received a new bike through our Bike for the Holidays event in partnership with Audi of Lexington and BC Wood Properties.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

BBBSBG operates a consistent, evidence-based, nationwide system that tracks the match length/strength and outcomes of every youth we serve. Surveys begin with the Child Outcomes Survey (COS) or the Youth Outcomes Survey (YOS). The COS and YOS are attitudinal surveys measuring the effect BBBSBG mentoring has on youth in three areas - educational success, avoidance/reduction of risky behaviors, and socio-emotional competence.

The COS is administered to children under the age of 11 and the YOS is administered to children over the age of 11. Both surveys are given at the beginning of a match to establish a baseline, then they are administered annually to determine the child's progress. The Strength of Relationship Survey (SOR) is completed three months after the initial match and again annually by clients to identify areas where the match relationship might be struggling so the case manager can assist and facilitate a healthy, stronger match relationship.

BBBSBG maintains a survey completion rate of 60% from a sample size of 260 clients. Volunteers and guardians also complete satisfaction surveys related to the quality of care provided by Case Managers after the match is made and then annually.

The information in these surveys are not only used for improved match support of each individual match, but will provide program staff with a snapshot of what is working within the programs and what areas might need to be improved. This information is also used in future program development.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Ben Heinlen is a Case Manager with BBBSBG who has more than 12 years of experience as a BBBS Case Manager. He has a Master's degree and has led multiple programs for BBBSBG during his tenure. Shantae Bruce has worked as a Case Manager at BBBSBG since summer of 2019. She has a Bachelor's of Social Work degree. She brings experience serving families through work at DCBS prior to coming to BBBS.

Both Case Managers are responsible for supervision of matches, including assisting with volunteer enrollment and training, as well as coaching and supporting families, children, and volunteers for a successful mentoring relationship.

Ben and Shantae are supervised by Natalie Thompson, BBBSBG Program Director. Natalie began as a Case Manager for School-Based Mentoring Programs in six elementary schools in 2006. In 2008, she was promoted to Program Manager, leading community and school-based programming in Anderson, Franklin, Scott, and Woodford Counties. In 2012, she was promoted to Program Director, directing all programming for central Kentucky. She has more than 14 years' experience successfully managing mentoring programs and ensuring positive outcomes for the children served.

Funding from this grant will support these important positions.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

We are a preventative program for youth that helps bolster mental health, reduce acts of violence, and guides young people to fulfill their potential through the use of mentors from our community. Our program reduces detrimental risky behaviors, such as drug use, alcohol use, and involvement in gangs. The program has been proven to combat the negative impacts of trauma and produces positive outcomes for youth. We utilize national partnerships with Futures Without Violence and National Center for Missing and Exploited Children to continue training and guiding our volunteers.

Our agency collaborates with a variety of local partners. We accept referrals from child-serving agencies and school districts, and are increasingly expanding our work with foster care programs, DCBS, and area churches.

Our agency collaborates with corporate partners, such as Valvoline, Gray, Clark Material Handling, Keeneland, Lexmark, local universities, and local banks to recruit volunteers and fundraise. As a non-profit, we are diligent to raise funds in creative ways and have been successful establishing relationships with community leaders, corporations, foundations, and hosting well participated fundraising events. Our major sponsors include the Murry Foundation, Zenith Company, Kiwanis, Miller Family Foundation, PNC Bank, Toyota, and Central Bank, among others.

The Board of Directors provide oversight for our organization, regularly review goals, outcomes, and resources needed. They participate in fundraising activities and 100% of the members contribute in some capacity. The Board annually reviews practices to ensure compliance with BBBSA standards.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor’s Commission on Racial Justice & Equality?

During the enrollment process with a child/family, staff meets the family in their home and identifies their specific needs. Our staff work diligently to identify areas of need for each family, in an effort to provide the right fit when making a match. We have worked with Global Language Communications to assist our staff in working with families who speak English as a second language. We serve many children with a variety of diagnoses, including ADHD, ODD, Autism, and physical disabilities and communicate special needs to our volunteers prior to making a match. Our office is centrally located off of Nicholasville Road and is handicap-accessible.

BBBSBG has an anti-discrimination policy for all of its participants, staff, board, and volunteers. We regularly review our volunteer diversity and make efforts to recruit in areas where we see gaps. Our agency’s board and staff have completed multiple diversity, equity, and inclusion trainings over the past year. Our Diversity, Equity, and Inclusion Committee is working to distribute additional trainings for our Bigs, Parents, and Littles on DEI topics. Our work aligns with Racial Equity recommendations by the Mayor’s Commission in that we provide communication and build awareness within our community around the Matters of Racial Equity. Indirectly, we also support the housing and gentrification recommendations by empowering families to advocate for their own fair housing, connecting them with resources, and encouraging their involvement in neighborhood decisions.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Budget Form will be for Fiscal Year 2023 ESR Request only. Funds awarded for Fiscal Year 2024 shall be the same amount as awarded for Fiscal Year 2023, and contingent on Council approval of the Fiscal Year 2024 budget.
