Hello Libby

Thank you so much for sending this notification, we are so appreciative of Cabela's/ Bass Pro Shops support of our effort! I am writing because I wanted to let you know that in order for us to accept this grant and return the acceptance with a signed contract, that I will have to send it through our Mayor's office for her signature. I have already initiated this. Also, we will not be able to send an electronic signature through the DocuSign document as she will sign a paper with a wet signature that I can then send back to you. I wanted to make sure this is something that you can still accept and, assuming it is, should I send the signed form to this email?

Your guidance on this is much appreciated,

Thank you again and I look forward to hearing your thoughts/guidance,

Have a great weekend!
