Response to the Technical Portion of the RFP:

Responsiveness:

I have been an independent appraiser since 1987 and have worked with the Transportation Cabinet on many projects including strip takings to complex commercial acquisitions. I have been involved with the Cabinet as a project appraiser as well as a litigation appraiser on many cases.

I have testified as an appraisal expert witness in excess of one hundred cases.

I hold the MAI and SRA designation from the Appraisal Institute and I have the General Certification, license no. 109 from the Kentucky Real Estate Appraisers Board.

I have wide experience with eminent domain cases with the Transportation Cabinet as well with other entities including the US Department of Justice, Corps of Engineers, Kentucky Utilities, CSX Railroad, Norfolk Southern Railway, the Lexington Fayette Urban County Government, Kentucky Office of the Courts, General Service Administration, and the Kentucky State Revenue Cabinet.

I have experience appraising all types of easements, partial and total acquisitions of residential, commercial and agricultural properties.

I am fully compliant with the Uniform Standards of Professional Practice as well as the Right of Way Appraisal Guidelines.

Past KYTC projects include the Somerset Bypass, Tates Creek Road, Lexington, New Circle Road, Lexington, Citation Blvd., Lexington, US 27, Campbell County, US 127, Franklin and Bath Counties, US 25, Scott County, and US 25, Mount Vernon.

Years of Experience:

I have been involved with appraisal work since 1974 and have had my own business since 1987 when I was designated with the MAI from the Appraisal Institute. I have worked with many departments of LFUCG since 1987 on many projects and worked within the framework of the R/W Guidelines and Kentucky Statutes. I have experience with all the R/W forms and procedures to meet the Standards of Appraisal Practice.

I have worked with many LFUCG law department attorneys on court cases as an expert witness. I have long experience working on R/W easement appraisals subject to State and Federal law.

As an MAI I receive regular updates of court cases that effect eminent domain law.

Knowledge of Location:

I am a resident of Fayette County and half my work load is within the county.

Quality of Work:

Throughout my experience with the LFUCG my work quality has been a personal priority.

Cooperation on Fast Assignments:

I have always enjoyed working with the Public Sector throughout the State with Cooperation with all concerned members a given to complete the project in a timely and professional manner. As far as I know I have always been responsive to the needs of the managers and attorneys involved.

Timeliness on Past Appraisals:

I have always strived to complete the assignment on time as I know that the timing of the whole project depends on the R/W and easement acquisition. Timing is always a critical issue for all appraisal assignments and I believe my past performance reflects my attention to this issue.

Public Relations Skills:

The primary contact with subject property owners is quite often the appraiser. Because of this I know how important it is to be a good representative, as this contact can help move the R/W process in a positive way.

The nature of the appraiser interaction with the land owner should be professional, informative, and truthful and give the owner confidence that the appraiser is competent.

The owner contact can set the tone in the process, although it cannot overcome physical issues that may be contentious for the owner.

The best the appraiser can do is to know and explain the facts of the project while listening to the concerns of the owner and explain the process of the appraisal without alienation of the property owner.

I have worked on both sides of the eminent domain process and understand the concerns that property owners have. The duty of the R/W appraiser is to be a good representative of the client by being well informed, truthful and courteous to all owners.

I believe I have the skill to understand the needs of all concerned and to deal with property owners as well as can be expected.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. Bidders should make every effort to achieve these goals.

Therefore, as an element of the responsiveness of the bid, all Bidders are required to submit documentation of their good faith and outreach efforts to ensure all businesses, including small and disadvantaged businesses such as minority-, woman-, and veteran-owned businesses, have an equal opportunity to compete for and participate in the performance of any subcontracts resulting from this procurement. Examples of good faith and outreach efforts that satisfy this requirement to encourage the participation of, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs include:

Any rejection must be so noted in writing with a description as to why an agreement could not be reached.
12. Included documentation of quotations received from interested small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs that were not used due to uncompetitive pricing or were rejected as unacceptable and/or copies of responses from firms indicating that they would not be submitting a bid.
  - a. Bidder has to submit sound reasons why the quotations were considered unacceptable. The fact that the bidder has the ability and/or desire to perform the contract work with its own forces will not be considered a sound reason for rejecting a small business', DBE's MBE's, WBE's, VOSB's and/or SDVOSB's quote. Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy the participation goals.
13. Made an effort to offer assistance to or refer interested small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs to obtain the necessary equipment, supplies, materials, insurance and/or bonding to satisfy the work requirements of the bid proposal.

Bidder must document, with specificity, each of the efforts it made to include small businesses, DBEs, MBEs, WBEs, VOSBs and/or SDVOSBs as subcontractors in the procurement, including the date on which each effort was made, the medium through which each effort was made, and the outcome of each effort.

**Note: Failure to submit the documentation requested in this section may be cause for rejection of bid. Bidders may include any other documentation deemed relevant to this requirement which is subject to review by the MBE Liaison. Documentation of Good Faith and Outreach Efforts must be submitted with the Bid, regardless of the proposed level of small, DBE, MBE, WBE, VOSB and/or SDVOSB participation in the procurement. If the Good Faith and Outreach Effort documentation is not submitted with the bid response, the bid may be rejected.**
