Such work shall be considered as "Additional Services", subject to a change order, supplemental to this Agreement, setting forth the character and scope thereof and the compensation therefor. Work under such change order shall not proceed until the **OWNER** gives written authorization. Should the **OWNER** find it desirable to have previously satisfactorily completed and accepted plans or parts thereof revised, the **CONSULTANT** shall make such revisions as directed, in writing, by the **OWNER**. This work shall be considered as "Additional Services" and shall be paid as such.

SECTION 2 - ADDITIONAL SERVICES BY CONSULTANT

The General Condition provisions of RFP No. 46-2022 are incorporated herein by reference as if fully stated.

This Agreement (consisting of pages 1 to ___ inclusive), together with the Exhibits and schedules identified above, constitutes the entire Agreement between **OWNER** and **CONSULTANT** and supersedes all prior written or oral understandings. This Agreement and said Exhibits and schedules may only be amended, supplemented, modified, or canceled by a duly executed written instrument.

If delays result by reason of acts of the **OWNER** or approving agencies or other causes, which are beyond the control of the **CONSULTANT**, an extension of time for such delay will be considered. If delays occur, the **CONSULTANT** shall within 14 days from the date of the delay apply in writing to the **OWNER** for an extension of time for such reasonable period as may be mutually agreed upon between the parties, and if approved, the Project schedule shall be revised to reflect the extension. Such extension of time to the completion date shall in no way be construed to operate as a waiver on the part of the **OWNER** of any of its rights in the Agreement. Section 6.5, under **DISPUTES**, of this Agreement, shall apply in the event the parties cannot mutually agree upon an extension of time.

In the event that the overall delay resulting from the above described causes is sufficient to prevent complete performance of the Agreement within two (2) months of the time specified therein, the Agreement fee or fees shall be subject to reconsideration and adjustment. 1. Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, sexual orientation or gender identity), national origin, disability, age, genetic information, political affiliation, or veteran status, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;

(2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to

his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without

penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

AMERICAN RESCUE PLAN ACT

AMENDMENT 1 — CERTIFICATION OF COMPLIANCE FOR EXPENDITURES USING FEDERAL FUNDS, INCLUDING THE AMERICAN RESCUE PLAN ACT

The Lexington-Fayette Urban County Government (“LFUCG”) may use Federal funding to pay for the goods and/or services that are the subject matter of this bid. That Federal funding may include funds received by LFUCG under the American Rescue Plan Act of 2021. Expenditures using Federal funds require evidence of the contractor’s compliance with Federal law. Therefore, by the signature below of an authorized company representative, you certify that the information below is understood, agreed, and correct. Any misrepresentations may result in the termination of the contract and/or prosecution under applicable Federal and State laws concerning false statements and false claims.

The bidder (hereafter “bidder,” or “contractor”) agrees and understands that in addition to all conditions stated within the attached bid documents, the following conditions will also apply to any Agreement entered between bidder and LFUCG, if LFUCG uses Federal funds, including but not limited to funding received by LFUCG under the American Rescue Plan Act (“ARPA”), toward payment of goods and/or services referenced in this bid. The bidder also agrees and understands that if there is a conflict between the terms included elsewhere in this Request for Proposal and the terms of this Amendment 1, then the terms of Amendment 1 shall control. The bidder further certifies that it can and will comply with these conditions, if this bid is accepted and an Agreement is executed:

1. Any Agreement executed as a result of acceptance of this bid may be governed in accordance with 2 CFR Part 200 and all other applicable Federal law and regulations and guidance issued by the U.S. Department of the Treasury.

2. Pursuant to 24 CFR § 85.43, any Agreement executed as a result of acceptance of this bid can be terminated if the contractor fails to comply with any term of the award. This Agreement may be terminated for convenience in accordance with 24 CFR § 85.44 upon written notice by LFUCG. Either party may terminate this Agreement with thirty (30) days written notice to the other party, in which case the Agreement shall terminate on the thirtieth day. In the event of termination, the contractor shall be entitled to that portion of total compensation due under this Agreement as the services rendered bears to the services required. However, if LFUCG suspects a breach of the terms of the Agreement and/or that the contractor is violating the terms of any applicable law governing the use of Federal funds, LFUCG may suspend the contractor’s ability to receive payment by giving thirty (30) days’ advance written notice. Further, either party may terminate this Agreement for cause shown with thirty (30) days written notice, which shall explain the party’s cause for the termination. If the parties do not reach a settlement before the end of the 30 days, then the Agreement shall terminate on the thirtieth day. In the event of a breach, LFUCG reserves the right to pursue any and all applicable legal, equitable, and/or administrative remedies against the contractor.

3. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

- (1) Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including

apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

Provided, however, that in the event a contractor becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

This project will include the integration of the previously designed ground level ADA-compliant men's and women's group restrooms from the 2021-22 project by NOMI Design into this bid document set. This will be integrated with the new additional 2nd and 3rd floor levels ADA-compliant restrooms and roof replacement scope. Architectural and engineering services shall include all incidental design services to carry out the design intent of the project as outlined above.

This project is being funded through federal ARPA (American Rescue Plan Act) monies, which require project encumbrance by 2024 and project and billing completion by 2026. Per the attached projected project schedule, we will complete the project well within those timelines. LFUCG Project Management Group will take care of all administrative tasks and reporting associated with this federal grant monies, so there will not be any additional administrative time beyond your typical project approach.

The **Dunbar Community Center** is located at **545 N Upper Street – Lexington, KY 40508**

The Project shall consist of Two Stages:

- Stage 1: Design Stage
- Stage 2: Construction Administration Stage

1.1 - PROJECT NARRATIVE

The Dunbar Community Center was built in 1922 and opened in 1923 as Dunbar High School. The school closed in 1972 and was converted to a community center and offices for LFUCG Parks & Recreation in 1978 to serve the community. The building is three-stories with a partial crawl space, totaling approximately 34,620sf. There is a main gymnasium and bleachers, with supporting restrooms, locker rooms and storage. The facility also includes a kitchen, classrooms, exercise rooms, computer lab and offices for Parks & Recreation personnel on the 2nd and 3rd floor levels. These upper 2nd and 3rd floor levels have locked access control from the public monitored by the staff.

Many of the building envelope elements have reached the end of their lifecycle. Moisture and water infiltration has been an ongoing issue as there are several known roof leaks, ponding and soft saturated roof insulation in several areas. The existing low-slope roofing systems consists of ¾-ply built-up roofing that has been coated. The slope is built into the structure, which is concrete deck on the administrative areas and metal bar joists/decking at the gymnasium roof area. Following core cut samples, it was determined that most of these roof areas have reach full saturation and failure. Please refer to the attached 'Dunbar Community Center Roof Assessment 2022' that was performed by Garland Roofing Company with the LFUCG Project Management Group in March of 2022.

The existing women's (2nd floor) and men's (3rd floor) restrooms on the upper two levels are deteriorating and do not comply with current codes and accessibility. With LFUCG Parks & Recreation staff on the 2nd and 3rd floor levels, having only one gender restroom type per floor causes constant additional travel. The goal is to evaluate both floor levels to see if a men's and women's accessible family style restrooms can be

accommodated or provide one or two family-style universal restrooms. By utilizing the existing plumbing and sanitary stacks in that corner area of the building, cost savings can be realized.

The project may require some phased construction and limited portions of the work to be separated as alternates for bidding. The Dunbar Community Center shall remain in operation throughout construction and is occupied nearly 7 days/week. Design meetings with both the LFUCG Project Management Group and stakeholders with LFUCG Parks & Recreation will be held to finalize the scope.

This project is being funded utilizing the American Rescue Plan Act (ARPA) federal recovery funds, as approved and allocated by the LFUCG Council. There will be very minimal requirements by the design consultant to provide supporting documentation to the LFUCG Project Manager to ensure the strong healthy community initiatives set forth by the funding allocation are being met. The consultant shall be responsible for reviewing all attachments, project criteria, and gathering the necessary information to make expert based recommendations to the Owner. Recommendations shall include at a minimum; comparisons of probable costs, product lifecycles, maintenance requirements, and site considerations.

This Request for Proposal includes all phases of design, and outlines each phase with minimum requirements and recommendations within two project stages. Stage 1: Design Stage, includes a schematic design phase, design development phase, construction document phase, and a bidding phase. Stage 2: Construction Administration Phase includes construction administration, and a required eleventh month walkthrough to review items that may fall under the one-year workmanship warranty provided by the contractor.

1.2 - PROGRAM & TECHNICAL REQUIREMENTS

The Dunbar Community Center Roof & Restroom Replacement Project will consist of replacement of the existing restrooms on the 2nd and 3rd levels of the facility, along with new ADA-compliant group restrooms on the 1st floor ground level. Title: Photo Report

Roof Section: High Roofs

Photo 1

Overview of one of the upper roof sections. This roof is 20+ years of age and consists of a 3/4 ply Built up roof that was coated. The slope is built into the structure (concrete deck)

Photo 2

Overview of the side upper roof that is failing in multiple areas. In future photos you can see the scrim wearing through in the plies that are allowing water into the roof system and down to the concrete deck.

Cut Core Cut: Built up roof mopped right on top of the concrete deck. Water was sitting directly on the concrete deck showing that the roof has completely failed.

Photo 5

Close up view of how the ponding water has worn out his old roof over time. Multiple repairs have been made in this area to prevent water from entering the building.

Photo 4

Ponding water that is deteriorated the Built-up roof over time.

Photo 3

Photo 6

Additional Overview of the side upper roof section where a lot of ponding water sits.

Photo 7

Bare Felts: Weathering causes the roofs surfacing materials to oxidize and wear away after a period of time. Loss of protection from the surfacing material results in accelerated deterioration of the primary waterpoofer asphalt, along with the systems reinforcement plies which provide the strength for the system. The exposed reinforcement will begin to absorb and wick moisture into the built up layers of the roof system. This condition leads to accelerated damage via blisters and interlayer delamination.

Photo 8

Reference of the exposed scrim allowing water to wick into the roof system.

Photo 10

In this photo you can see how the plies has deteriorated and have lost their ability to waterproof the building.

Photo 9

Ponding: Ponding water occurs when moisture collects in large pools on the surface of a roof system. These pools begin to form due to the following: 1) roof drains are blocked or clogged with debris, 2) the insulation package has lost dimensional stability and has reduced in thickness, 3) poor slope to drain design via overbuilt crickets or tapered insulation system, 4) roof drains are built along side building support columns which maintain a consistent height under load while the balance of the roof system is applied over a live deck which tends to move and deflect under normal seasonal load. In all cases, roof depressions that collect and hold water will tend to grow in size as the added weight of the ponding water will continue to deflect the roof deck even further.

This condition can damage the roof in a number of ways. Additional structural loads create more movement of the roof assembly creating more tear stress and of course a potential for structural failure. UV intensity also increases under ponding conditions as the sun's rays are increased to the point where it accelerates deterioration in most all roof systems. In asphalt based assemblies the natural waterproofing oils in the asphalt will separate from the membrane if the system remains submerged under water for sustained periods. Single ply roof system rot and burn out when the ponding area is exposed to sunlight. The added weight can crush insulation increasing the ponding condition and creating a condition where the insulation becomes a useless thermal barrier. This condition then affects the mechanical system and the cost of heating and cooling the building. In the winter ponding water will expand as it freezes. This expansion will weaken small imperfections in the roof system. Small cracks and tears will widen until they rupture to allow water into the building. And finally, a negatively deflected deck becomes a structural concern.

Photo 11

Additional repairs that have been made throughout the field of the roof.

SMART DESIGN

Our unique approach to design is collaborative, creative and human-centric.

VARIETY IS THE SPICE OF LIFE

We work successfully on multiple project types of varying scope and scale. This diversity is a cornerstone of our practice; it means we must remain nimble and continue to learn, research and develop. The experience we gain from one type of project often affects others in unexpected and exciting ways. Sharing of knowledge allows us to develop truly innovative solutions for our clients.

DESIGN THINKING

Design projects can seem overwhelming. They are huge puzzles filled with moving pieces. Time, space, light, gravity, structure, electricity, function, comfort, cost, legality, psychology, communication, health and safety all come into play and are all equally important components of a successful project.

That's where we come in. Our training and nature as architects and designers enables us to simultaneously envision all of these elements coming together in different ways, creating multiple outcomes. This unique skill set is our most valuable asset. It is our job to not only predict all of these scenarios but to critique and evaluate them, guiding you toward the best possible solution for your needs.

PEOPLE-FIRST APPROACH

It's not about us. It's about you.

Throughout the process our focus remains on you and the people who will ultimately be using the building or product we are designing. Our job is to be your advocate, guiding you through the design and construction process and delivering a completed project that will help your organization be successful in meeting its goals. For us the health, safety and experience of the user is paramount. It is not enough for our projects to be functional and comfortable, they must also inspire the people who use them.

HOW WE DO IT

COLLABORATION, CONTINUITY & COMMUNICATION

COLLABORATION

As a mid-size firm we wear many hats. Our office is an open, collaborative space that encourages the cross-pollination of ideas between project team members and project typologies. Every member of our firm will, at some point, provide input on your project and vet the design. When you work with Nomi, you receive the sum of our collective experience, talent and creativity.

CONTINUITY

Though many Nomes will participate, the manager assigned to your project at the beginning will be with you through the end of construction. As part of our commitment to you, this continuity of ownership ensures your vision is realized in the completed project.

We specialize in creativity and out-of-the-box thinking but on any given day you will find us taking care of business. We believe in clear, straight forward communication and transparency.

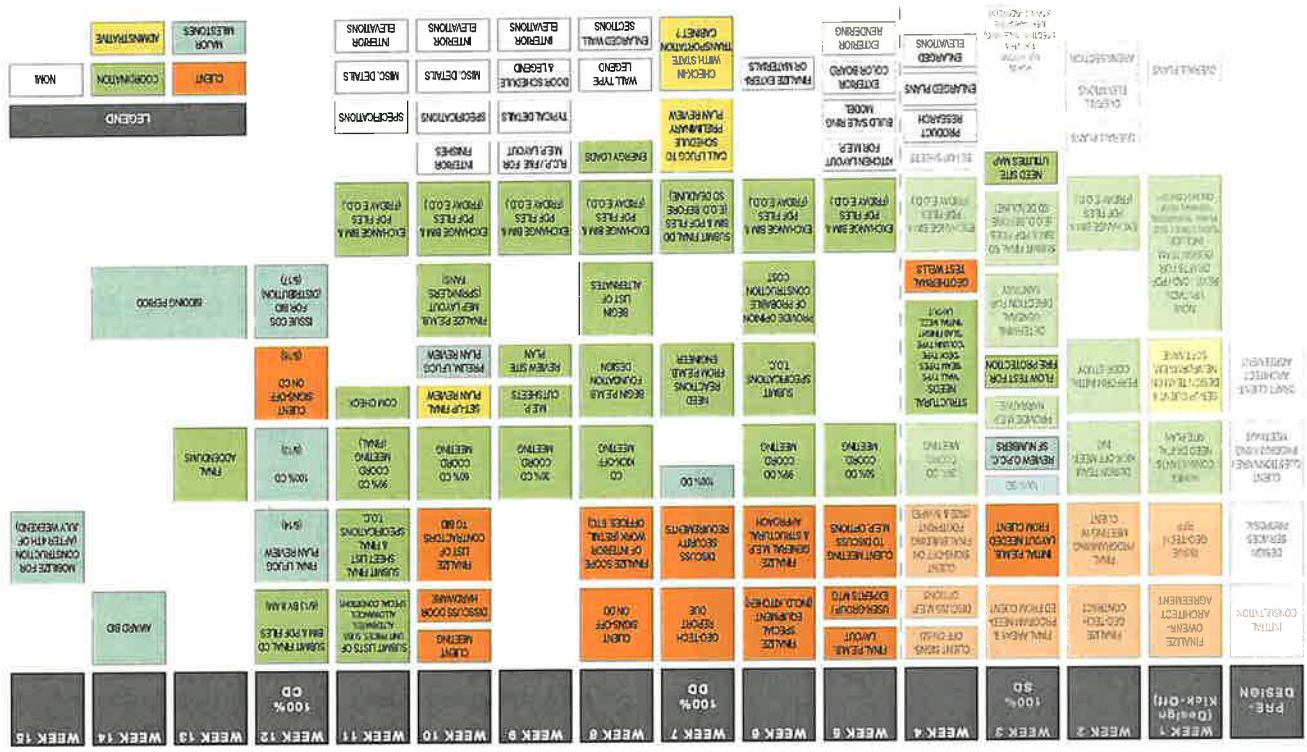

THEY INVESTED THE TIME UP FRONT TO LISTEN AND LEARN ABOUT OUR NEEDS AND CHALLENGES...

- JIM AKERS
COO, BLUEGRASS STOCKYARDS

Early in the process we map out a work plan (aka time line) of all project milestones and action items. We share this living document with you through cloud-based services so you can track the entire design process from beginning to end.

Bottom: Example of a typical project work plan

TYPICAL PROJECT WORK PLAN

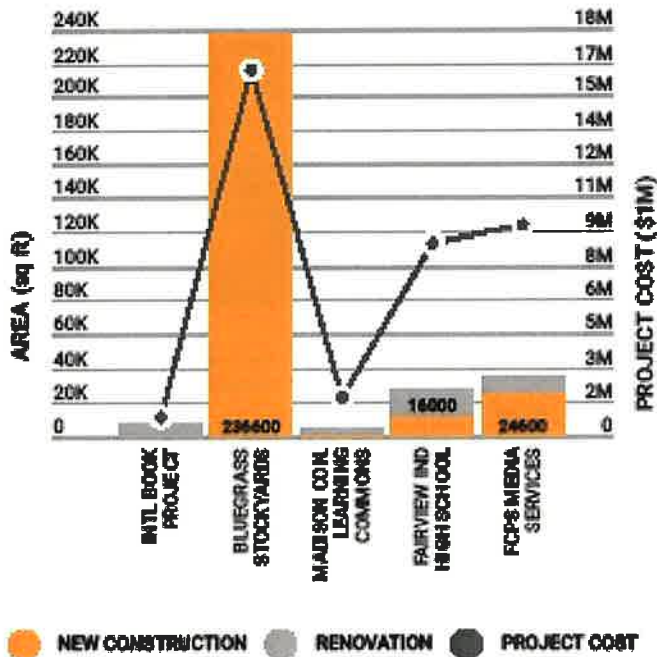

TRACK RECORD

HIGH QUALITY DESIGN ON BUDGET & ON SCHEDULE

What does this all mean for you? According to our track record it means **you can count on us to deliver a high-quality design on time with an accurate opinion of cost.** And our extremely low percentage of errors and omissions means your are less likely to incur unexpected costs during construction.

COST TO AREA RELATIONSHIP OF RECENT PROJECTS

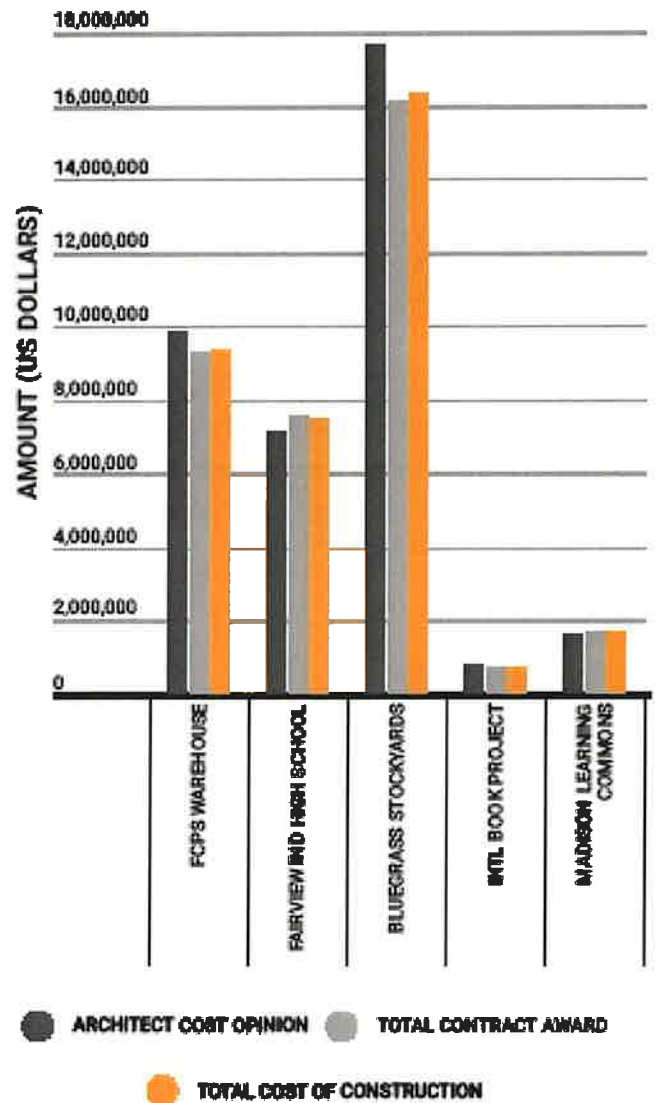

VARIETY

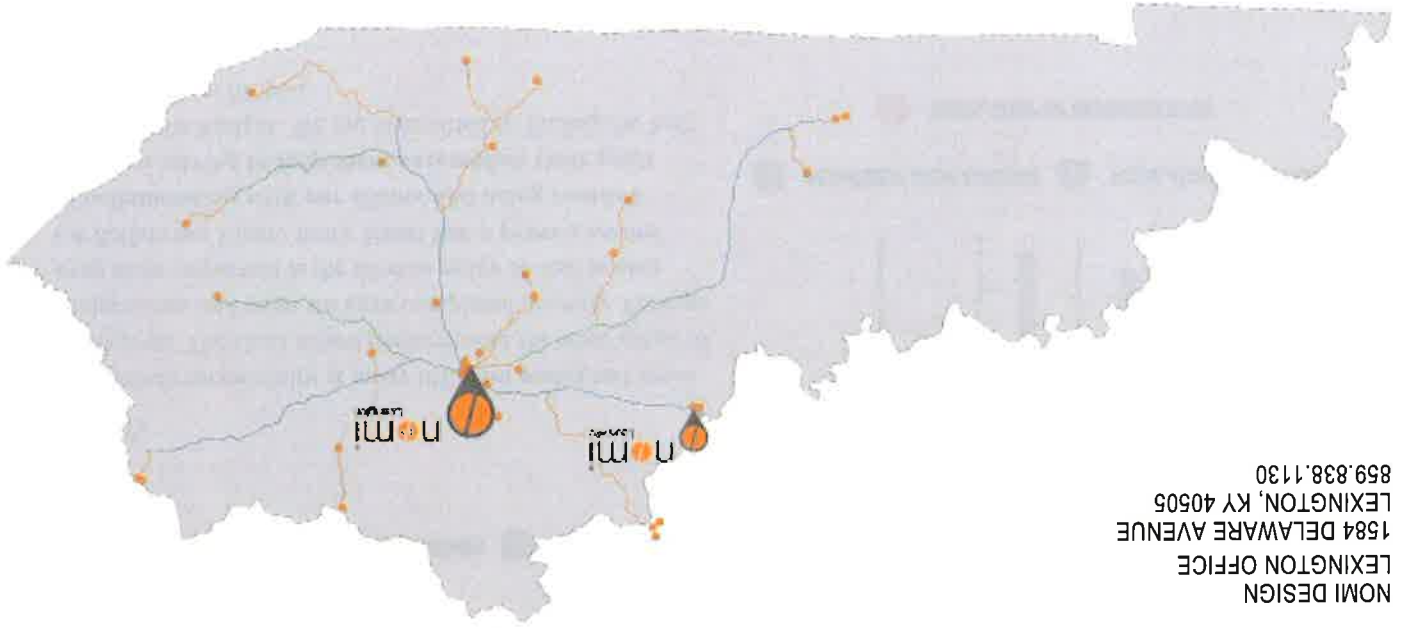

We operate successfully at many different scales and types of projects. The chart below demonstrates the wide range of project sizes and costs we have completed recently. Perhaps even more important is the diverse ratios of cost to area (or dollars per square foot). **Nomi has a proven record of collaborating with our clients and using creative problem solving to help them accomplish their goals within their budget.** We are committed to finding the best design solution for you.

ABILITY TO COMPLETE

Comparisons of our cost opinions before bidding with the bid amounts and final construction costs reveal we have knack not only for designing to your budget but also for producing clear and correct documents that allow contractors to bid accurately.

MINORITY PARTICIPATION

DEMONSTRATE A FULL GOOD FAITH EFFORT TO IDENTIFY AND INCORPORATE MINORITY BUSINESS ENTERPRISES (MBE) FIRMS AS PART OF THE DESIGN TEAM

Nomi is an inclusive, diverse company and we make a conscious effort to seek out minority business partners. We build relationships with minority-owned businesses in the design and construction industry as well as in our local communities. We keep our contacts up-to-date with public and private bid opportunities, participate in mentoring programs that encourage diversity in architecture and design, and donate time each year toward a number of local organizations that support minority populations.

This year we are leveraging our unique ability to design and fabricate custom products to assist the Lexington Public Library with literacy outreach. Their Tiny Libraries project is bringing access to books into under-served communities.

Nomi is proud to have a racially and ethnically diverse team with 50% of our leadership positions held by women.

FOCUS ON RE-USE

FOR OVER 10 YEARS THE MAJORITY OF OUR WORK HAS BEEN FOCUSED ON RENOVATIONS AND ADAPTIVE RE-USE PROJECTS. WE HAVE ACCEPTED AND SUCCESSFULLY DELIVERED RENOVATION PROJECTS SO CHALLENGING OTHER FIRMS CALLED THEM IMPOSSIBLE.

AFTER

BEFORE

Top: Existing lobby space and first impression
 Bottom: New lobby area and public gathering space

For the past ten years the majority of our work has been renovation and/or the adaptive re-use of historic properties. We have a passion for preserving architecture and the shared history of communities.

Most recently we completed the renovation of the International Book Project (IBP). In 2016 they developed a strategic plan that committed to increasing the number of books shipped to at least 500,000 per year. One of the major obstacles they faced was the condition of their facility.

Although it was in poor condition, inefficiently organized and uncomfortable for visitors, staff and volunteers, IBP's leadership wanted to salvage the building if possible.

Working closely with IBP, we evaluated their current structure and helped them decide whether to relocate or renovate. Of the three firms interviewed, Nomi was the only one to recommend preserving their historic warehouse property.

While salvaging the existing structure, bearing walls and roof, we introduced a new mechanical system and generated a flexible, open layout that allows staff and volunteers to operate efficiently now and into the future. IBP's headquarters is now a comfortable, safe work environment that supports the long-term logistical goals of their organization while showcasing the beauty of their historic structure.

INTERNATIONAL BOOK PROJECT

In 2016 the International Book Project (IBP) developed a strategic plan that committed to increasing the number of books shipped to at least 500,000 per year. One of the major obstacles they faced was the condition of their facility.

Working closely with IBP, we evaluated their current building and helped them make the difficult decision whether to abandon or renovate their existing location. Of the three firms interviewed, Nomi was the only one to recommend preserving their historic warehouse property.

We hosted a weekend Charrette (aka visioning session) for IBP administrators, staff and board members during which we facilitated a discussion about their operations and environment then translated that information into a working program. Using that program we generated a flexible, open layout that would allow staff and volunteers to operate efficiently now and into the future.

MOOSE LODGE (RESPEC, INC. OFFICES)

What began as a renovation to a dilapidated 1840's Federal Style Residential structure, quickly turned into a large-scale Preservation and Architectural undertaking. With an important history as a residence, having been constructed for the first editor of Lexington's newspaper, the building served many uses over the years. Most recently the building had been a Moose Lodge and WellCare facility. Having been abandoned over a decade ago, the current owners, Linda Carroll and John Morgan, sought to renovate as a headquarters for a noted natural resources firm, Respec, Inc.

The entry is a blend of old vs. new with exposed, once-exterior, brick walls. An open floor plan creates meeting, library and lounge space which gives way to a kitchen, bath and shower suite. On the second floor the original sleeping porch now houses an open office. A large window provides access to a roof top terrace with sweeping views of downtown Lexington. The rear stair tower provides views and engagements with the existing building as you pass from the original brick building into the modern concrete addition then back into the historic space.

AMERICAN RESCUE PLAN ACT

AMENDMENT 1 —

**CERTIFICATION OF COMPLIANCE FOR EXPENDITURES USING FEDERAL FUNDS,
INCLUDING THE AMERICAN RESCUE PLAN ACT**

The Lexington-Fayette Urban County Government ("LFUCG") may use Federal funding to pay for the goods and/or services that are the subject matter of this bid. That Federal funding may include funds received by LFUCG under the American Rescue Plan Act of 2021. Expenditures using Federal funds require evidence of the contractor's compliance with Federal law. Therefore, by the signature below of an authorized company representative, you certify that the information below is understood, agreed, and correct. Any misrepresentations may result in the termination of the contract and/or prosecution under applicable Federal and State laws concerning false statements and false claims.

The bidder (hereafter "bidder," or "contractor") agrees and understands that in addition to all conditions stated within the attached bid documents, the following conditions will also apply to any Agreement entered between bidder and LFUCG, if LFUCG uses Federal funds, including but not limited to funding received by LFUCG under the American Rescue Plan Act ("ARPA"), toward payment of goods and/or services referenced in this bid. The bidder also agrees and understands that if there is a conflict between the terms included elsewhere in this Request for Proposal and the terms of this Amendment 1, then the terms of Amendment 1 shall control. The bidder further certifies that it can and will comply with these conditions, if this bid is accepted and an Agreement is executed:

1. Any Agreement executed as a result of acceptance of this bid may be governed in accordance with 2 CFR Part 200 and all other applicable Federal law and regulations and guidance issued by the U.S. Department of the Treasury.

2. Pursuant to 24 CFR § 85.43, any Agreement executed as a result of acceptance of this bid can be terminated if the contractor fails to comply with any term of the award. This Agreement may be terminated for convenience in accordance with 24 CFR § 85.44 upon written notice by LFUCG. Either party may terminate this Agreement with thirty (30) days written notice to the other party, in which case the Agreement shall terminate on the thirtieth day. In the event of termination, the contractor shall be entitled to that portion of total compensation due under this Agreement as the services rendered bears to the services required. However, if LFUCG suspects a breach of the terms of the Agreement and/or that the contractor is violating the terms of any applicable law governing the use of Federal funds, LFUCG may suspend the contractor's ability to receive payment by giving thirty (30) days' advance written notice. Further, either party may terminate this Agreement for cause shown with thirty (30) days written notice, which shall explain the party's cause for the termination. If the parties do not reach a settlement before the end of the 30 days, then the Agreement shall terminate on the thirtieth day. In the event of a breach, LFUCG reserves the right to pursue any and all applicable legal, equitable, and/or administrative remedies against the contractor.

3. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

- (1) Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including

apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part, and the contractor may be declared ineligible for further government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

Provided, however, that in the event a contractor becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

EQUAL OPPORTUNITY AGREEMENT

Standard Title VI Assurance

The Lexington Fayette-Urban County Government, (hereinafter referred to as the "Recipient") hereby agrees that as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation, it will comply with Title VI of the Civil Rights Act of 1964, 78Stat.252, 42 U.S.C. 2000d-4 (hereinafter referred to as the "Act"), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, (49 CFR, Part 21) Nondiscrimination in Federally Assisted Program of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Regulations") and other pertinent directives, no person in the United States shall, on the grounds of race, color, national origin, sex, age (over 40), religion, sexual orientation, gender identity, veteran status, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the U.S. Department of Transportation, including the Federal Highway Administration, and hereby gives assurance that will promptly take any necessary measures to effectuate this agreement. This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:
The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.
- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

The fact that the bidder has the ability and/or desire to perform the contract work with its own forces will not be considered a sound reason for rejecting a MWDBE and/or Veteran-Owned business's quote. Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy MWDBE and Veteran goals.

_____ Made an effort to offer assistance to or refer interested MWDBE firms and Veteran-Owned businesses to obtain the necessary equipment, supplies, materials, insurance and/or bonding to satisfy the work requirements of the bid proposal

_____ Made efforts to expand the search for MWBE firms and Veteran-Owned businesses beyond the usual geographic boundaries.

_____ Other--any other evidence that the bidder submits which may show that the bidder has made reasonable good faith efforts to include MWDBE and Veteran participation.

NOTE: Failure to submit any of the documentation requested in this section may be cause for rejection of bid. Bidders may include any other documentation deemed relevant to this requirement which is subject to approval by the MBE Liaison. Documentation of Good Faith Efforts must be submitted with the Bid, if the participation Goal is not met.

The undersigned acknowledges that all information is accurate. Any misrepresentations may result in termination of the contract and/or be subject to applicable Federal and State laws concerning false statements and claims.
