Bid #5-2023 Gainesway Park Drainage Improvements
Lexington, KY

Proposed pricing change:

- The list of unit pricing for item #9 Turf Reinforcement Mat is listed at \$6.25 per Sq. Ft. The item total for the Turf Mat is \$2,500.00 or 400 Sq. Ft. According to our calculations, we will be using 3,400 Sq. Ft. of the Turf Material which at \$6.25 per SF would total \$21,250.
- Take the 3,400 SF and deduct what was originally on the contract, 400 SF and the difference is 3,000 SF
- If we can add the additional 3,000 SF at the price of \$6.25 there would be an increase of \$18,750.00
- Our plan is to only use what is necessary in the ditch line. This material that was spec'd is 8'x140' rolls. We have 425 linear feet of ditch line x 8' wide rolls of material = 3,400 SF
- We propose to increase our contract of \$48,500.00 to \$67,250.00
- Refer to page 3 Quantity Summary of the plans

Proposal\$18,750.00

Proposed pricing change:

- Haire Construction ran in to unexpected circumstances; while digging for the RCP, we had to dig through rock for the entire 24' of piping
- Renting a hammer for the excavator for 2 days = \$450.00
- 2 men 10 hours (operator) and operator assistant/laborer = \$1,000.00

Proposal\$1,450.00

Total combined requests.....\$20,200.00
