SUBJECT: Sole Source Provider, Fortune Collision Centre

---

Request authorization to establish a sole source provider contract with Fortune Collision Centre, 1425 Jingle Bell Lane, Lexington, KY 40509 for corrosion repair on trucks manufactured by E-One, Inc.

Why are you requesting? Of all the vendors that the Fire Department uses for body and paint repair for fire trucks, Fortune Collision is the only vendor that has responded positively and in agreement with E-One to perform the repairs due to corrosion. This work is covered under warranty on a pro-rated basis, and therefore LFUCG would incur some of the cost of having these repairs made.

The department needs this action completed so that the repairs will cover all of the trucks that we have purchased through Vogelwohl Fire Equipment, the dealer for E-One. Our current budgeting will cover our portion of the cost for these repairs which varies with each vehicle. We have 12 trucks that are or may become affected by corrosion.

What is the cost in this budget year and future budget years?

The cost for this FY is: \$60,000.00 (estimated \$5,000.00 per truck)

The cost for future FY is: 0

Are the funds budgeted? Yes

The funds are budgeted or a budget amendment is in process: yes
