**MEMORANDUM**

**TO:** Mayor Jim Gray and Urban County Council  
**FROM:** *Susan Burt*  
Richard Moloney, Acting Commissioner  
Department of Environmental Quality  
**DATE:** January 7, 2013  
**RE:** MACHINEX (STARS)

---

The Division of Waste Management is requesting approval of \$31,188.00 for 6 Fingers Discs (STARS) which are custom sorting screen discs for both the S12 and S16 screens. They will allow our machinery to run efficiently at all times and decrease down time, and increase the quality of products processed at the Materials Recycling Facility. Machinex Technologies Inc. has been recommended, they are a sole source that only makes specialized sorting discs for our equipment.

The total cost of the project is expected to be \$31,188.00 which will come from the Urban Services Fund.
