

TO: Mayor Linda Gorton
Urban County Council

FROM:  6-17-26
Mark Sanders, P.E., Interim Director
Division of Water Quality

DATE: June 17, 2026

SUBJECT: **Contract for Design/Construction Administration Services for Town Branch WWTP Wet Weather Storage Tank - Phase 2. RFP #29-2026**

Request

The purpose of this memorandum is to request a resolution authorizing an agreement between the Lexington-Fayette Urban County Government (LFUCG) and Tetra Tech. This agreement with Tetra Tech would provide design and construction administration services for the Town Branch WWTP WWS Tank - Phase 2: Consent Decree RMP Project TB-1.

Purpose of Request

The purpose of the Town Branch WWTP WWS Tank - Phase 2, as defined by RFP #29-2026, is to meet both current and future sanitary sewer service needs of the Urban Service Area and Consent Decree obligations. The tank will be constructed to divert and store excess wastewater flow up to the 2-year, 24-hour storm event. After designing and advertising the project, the consultant will also provide construction administration services until the project is complete.

On June 17, 2026, a work group led by the Division of Procurement reviewed five RFPs for providing design and construction administration services for the Town Branch WWTP WWS Tank-Phase 2 TB-1. The workgroup scored Tetra Tech as the firm most qualified in meeting the objectives listed in the advertised Request for Proposals.

Project Cost in FY27 and in Future Budget Years

The cost for services requested by RFP#29-2026 is \$775,000.00

Are Funds Budgeted

Funds will be budgeted in the following account for FY2027

4003 303408 3466 92811 LFUCG TBWWTP_WWS_2026/CONSENT_DE
