TO: Assistant Chief Ronald Compton Bureau of Investigation		SUBJECT: Southern Police Institute Training Contract		
FROM: Commander Gregg Jones Bureau of Investigation				

Please find attached Contract Agreement with the Southern Police Institute regarding a "Working, Controlling, & Managing Major Cases" course.

This contract will allow the Division of Police to host an investigation course necessary to enhance investigation skills. This training will enhance current investigator ability as well as provide training for newer detectives, many in new assignments because of recent internal assignment changes. By hosting the course, the Division saves significantly over the cost of sending individual detectives to the same course.

Thank you for your consideration of this request.
