

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

Sole Source Purchases are defined clearly, based upon a legitimate need, and are limited to a single supplier. Sole source purchases are normally not allowed except when based upon strong technological grounds such as operational compatibility with existing equipment and related parts or upon a clearly unique and/or cost effective feature requirement. The use of sole source purchases must be justified and shall be limited only to those specific instances in which compatibility or technical performance needs are being satisfied.

Sole Source Services are defined as a service provider providing technical expertise of such a unique nature that the service provider is clearly and justifiably the only practicable source available to provide the service. The justification shall be based on the uniqueness of the service, sole availability at the location required, or warranty or defect correction service obligations of the service provider.

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

My division/department's recommendation for sole source is based upon an objective review of the product/service required and appears to be in the best interest of the LFUCG. I know of no conflict of interest on my part, and I have no personal involvement in any way with this request. No gratuities, favors, or compromising actions have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials, persons or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

3-All in one touchscreen computers, keytags, scanner, web based data system specially designed for Senior Centers. This system allows for easy transfer of our data to the State data system required for our grant.

2. Below are eligible reasons for sole source. Check one and describe.

Licensed or patented product or service. No other vendor provides this. Warranty or defect correction service obligations to the consultant. Describe why it is mandatory to use this licensed or patented product or service.

Existing LFUCG equipment, inventory, custom-built information system, custom-built data inventory system, or similar products or programs. Describe. If product is off-the-shelf, list efforts to find other vendors (i.e. web site search, contacting the manufacturer to see if other dealers are available to service this region, etc.)

Nearly all other senior centers in our area and throughout the state also use this product.

Uniqueness of the service. Describe.

The LFUCG has established a standard for this manufacturer, supplier, or provider and there is only one vendor. Attach documentation from manufacturer to confirm that only one dealer provides the product.

Aging Services has used this product since 2011, all of the historic data is housed on the product, all of participants are comfortable with the ease of use. This product also is able to easily transfer data to the state reporting system.

Factory-authorized warranty service available only from this single dealer. Sole availability at the location required. Describe.

3. Describe efforts to find other vendors or consultants (i.e. phone inquires, web site search, contacting the manufacturer to see if other dealers are available to service region, etc.).

We have used this product since 2011 and they have kept pace with updates and improvements throughout this time. We currently use this at the 4 other senior centers throughout the city and wish to use it at the new senior and therapeutic recreation center so a participant can easily enjoy any of our centers

4. How was the price offered determined to be fair and reasonable?

(Explain what the basis was for comparison and include cost analyses as applicable.)

Annual maintenance fees of the existing licenses hasn't changed. They afford us a discount since we are existing customers.

5. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier.

Without this electronic data system it would take countless staff hours to input data into the state reporting sys
