The Act further provides:

### **AMENDMENT 1 — CERTIFICATION OF COMPLIANCE FOR EXPENDITURES USING FEDERAL FUNDS, INCLUDING THE AMERICAN RESCUE PLAN ACT**

The Lexington-Fayette Urban County Government (“LFUCG”) may use Federal funding to pay for the goods and/or services that are the subject matter of this bid. That Federal funding may include funds received by LFUCG under the American Rescue Plan Act of 2021. Expenditures using Federal funds require evidence of the contractor’s compliance with Federal law. Therefore, by the signature below of an authorized company representative, you certify that the information below is understood, agreed, and correct. Any misrepresentations may result in the termination of the contract and/or prosecution under applicable Federal and State laws concerning false statements and false claims.

**The bidder (hereafter “bidder,” or “contractor”) agrees and understands that in addition to all conditions stated within the attached bid documents, the following conditions will also apply to any Agreement entered between bidder and LFUCG, if LFUCG uses Federal funds, including but not limited to funding received by LFUCG under the American Rescue Plan Act (“ARPA”), toward payment of goods and/or services referenced in this bid. The bidder also agrees and understands that if there is a conflict between the terms included elsewhere in this Request for Proposal and the terms of this Amendment 1, then the terms of Amendment 1 shall control. The bidder further certifies that it can and will comply with these conditions, if this bid is accepted and an Agreement is executed:**

1. Any Agreement executed as a result of acceptance of this bid may be governed in accordance with 2 CFR Part 200 and all other applicable Federal law and regulations and guidance issued by the U.S. Department of the Treasury.
2. Pursuant to 24 CFR § 85.43, any Agreement executed as a result of acceptance of this bid can be terminated if the contractor fails to comply with any term of the award. This Agreement may be terminated for convenience in accordance with 24 CFR § 85.44 upon written notice by LFUCG. Either party may terminate this Agreement with thirty (30) days written notice to the other party, in which case the Agreement shall terminate on the thirtieth day. In the event of termination, the contractor shall be entitled to that portion of total compensation due under this Agreement as the services rendered bears to the services required. However, if LFUCG suspects a breach of the terms of the Agreement and/or that the contractor is violating the terms of any applicable law governing the use of Federal funds, LFUCG may suspend the contractor’s ability to receive payment by giving thirty (30) days’ advance written notice. Further, either party may terminate this Agreement for cause shown with thirty (30) days written notice, which shall explain the party’s cause for the termination. If the parties do not reach a settlement before the end of the 30 days, then the Agreement shall terminate on the thirtieth day. In the event of a breach, LFUCG reserves the right to pursue any and all applicable legal, equitable, and/or administrative remedies against the contractor.
3. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

- (1) Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

- (7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part, and the contractor may be declared ineligible for further government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

Provided, however, that in the event a contractor becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

This assurance is required by subsection 21.7(a) (1) of the Regulations.

## The Law

- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

*The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.*

*The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.*

\*\*\*\*\*

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

## SCOPE OF WORK

### **Location**

1799 Old Frankfort Pike, Police West Training Center (Gymnasium)

### **Introduction**

LFUCG is soliciting proposals from qualified solar PV contractors to design and install a ballasted solar photovoltaic system on the roof of the Police Training Center. Respondents shall have demonstrated experience designing, planning, permitting and constructing complete solar electric systems, and have relationships with/knowledge of local utility requirements.

An award under this RFP may not be based solely on the lowest price but will be made to the respondent with the overall best value proposal. Proposals will be evaluated and scored based on the evaluation criteria defined herein.

### **System Requirements**

The system shall utilize ballasted racking and be limited to the area shown. Refer to **Figure 01 – Solar Array Location**.

The distributed load imparted by the system under design conditions shall not exceed seven (7) pounds per square foot. A detailed load analysis is required as part of the Technical Approach.

Methods and materials related to system installation shall not void existing SIPLAST guarantee. Refer to **Attachment A – SIPLAST Membrane/System Guarantee**.

The system and all associated components shall conform to the International Building Code without the need to install (fall protection) guards.

All power generation and transmission equipment shall be UL listed for its designed use. Construction must comply with current adopted building codes, which includes: International Building Code, National Electric Code, National Fire Code.

Modules shall be UL1703 or UL61730 listed with a product warranty of at least 10 years and a performance warranty of no less than 80% after 25 years.

Inverters shall be UL1741 listed with a product warranty of at least 10 years and a weighted efficiency of 96% or higher.

The proposed model numbers for modules and inverters shall be listed by the California Energy Commission (CEC). List are available at the CEC website:

<https://www.energy.ca.gov/programs-and-topics/programs/solar-equipment-lists>

The system shall include a Web-based monitoring interface for a minimum of three (3) years, using a cellular connection. At a minimum, performance data of each module string shall be available for download in increments no greater than one hour.

Exterior conduit shall be liquid tight. Flexible conduit lengths shall not exceed 24 inches.

### **Contractor Requirements**

The Contractor is responsible for all permitting related to the design and installation of the system.

The Contractor shall provide dimensioned drawings and technical specifications of the proposed system to establish the physical layout, distributed load on roof, electrical wire and panel capacity, and the inverter and disconnect locations.

Contractor shall coordinate protection of the roof membrane with SIPLAST. If modification of the roof membrane is required to preserve existing SIPLAST guarantee, the Owner's roofing contractor will perform the necessary work under contract to Owner, at cost to Owner.

Contractor shall secure written approval of methods and materials used for roof protection from SIPLAST and submit to Owner prior to the start of construction.

Under no circumstances shall the Contractor disable electrical service to the building or secondary circuits within the building without authorization from LFUCG.

Under no circumstances shall the Contractor obstruct access to the facility or driveways.

The Contractor is responsible for documenting the condition of the roof and, specifically, any damages that exist prior to construction.

The Contractor is responsible for the construction safety plan to include, at a minimum, all applicable OSHA workplace safety and Personal Protective Equipment (PPE) requirements.

Performance Verification: The Contractor shall review generation data and provide a report to LFUCG to demonstrate that system output is meeting expectations. Two reports are required: (1) after 30 days and (2) prior to the expiration of workmanship warranty.

The Contractor shall achieve substantial completion within 120 calendar days of Notice to Proceed. Substantial Completion is defined as LFUCG having beneficial use of the photovoltaic system.

### **Owner Guidance**

The desired capacity of the system is in the range 25 to 30 kWdc

The facility is on the KU General Service 3-Phase rate. Refer to Attachment B – MyMeter\_export.csv for hourly electric use history.

Penetrations of the building envelope should be minimized. Interior runs are preferred.

NOTE: two (2) conduit penetrations, from roof to gymnasium, were installed in 2019 to facilitate installation of a roof mounted PV system. For approximate location, refer to **Figure 02 – Roof Penetrations**.

Modifications to the electrical distribution should not fill all spaces in the panel or sub-panel (i.e. leave room for future circuits).

Installation should minimize electrical downtime to the facility.

### **Proposal Format**
