

TO: Mayor Linda Gorton
Urban County Council

FROM: Todd Slatin, Director of Procurement

DATE: 5/11/26

SUBJECT: RFP #12-2026 Information Technology Consulting and Technical Services

Request: An RFP selection committee has identified and chosen seventeen vendors that may be leveraged to provide IT services if internal resources are unavailable. Selected vendors include: Metaformers, Trace3, STEP CG, SJN Data Center dba Encore Technologies, World Wide Technology, TEKsystems Global Services, HealthTech Solutions, KiZAN Technologies, Ellipsis Information Security, DLZP Group, Deloitte Consulting, Insight Public Sector, APAX Software Development, Strategic Communications, Objective Results, DatamanUSA and Fastek.

Why are you requesting? LFUCG supports a wide range of technologies that are process and mission critical. Due to the volume of IT projects and required availability of existing IT services, vendors can be utilized to enhance the quality of service, minimize downtime, and maximize investment in IT.

Department needs this action completed because: The current list of IT vendors that LFUCG may engage is set to expire in June of 2026. RFP #12-2026 was issued to identify vendors that could assist with updated technologies.

What is the cost in this budget year and future budget years? There is no cost to establish a list of IT vendors. The vendor selection does not guarantee work, but positions LFUCG IT to engage appropriate IT services in a timely manner. If LFUCG utilizes any selected vendor for IT services, a statement of work will be generated. Funds for this work must exist within approved budgets. Vendors selected for IT services from this RFP process will remain valid for three years.

Are the funds budgeted? NA
