EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Several of Bound Tree's Distribution Centers have received VAWD (Verified - Accredited Wholesale Distributors) accreditation from the National Association of Boards of Pharmacy (NABP). VAWD accreditation is achieved after a criteria compliance review that includes a rigorous evaluation of operating policies and procedures, licensure verification, survey of facility and operations, background checks and screening through the NABP Clearinghouse. Our accreditation demonstrates that we are in compliance with state and federal laws and that our prescription drugs are distributed safely and securely.

For a complete listing of VAWD-Accredited Facilities, please visit: www.nabp.net/programs/accreditation/vawd/vawd-accredited-facilities

Compliant with DSCSA Requirements

Under the Drug Supply Chain Security Act (DSCSA), entities in the supply chain including manufacturers, wholesale distributors, and dispensers have responsibilities to meet the requirements of the DSCSA. As of May 1, 2015 all wholesalers are required by law, under the DSCSA, to provide transaction information, transaction history and transaction statements for the pharmaceuticals that they supply.

Bound Tree is compliant with these FDA standards which helps improve patient protection by preventing the distribution of substandard or ineffective drugs and while providing our customers with the product and transaction information they need to be in compliance with the FDA standards.

Under the DSCSA you are responsible for knowing that your prescription drug wholesale distributor is an authorized trading partner who holds a valid state or federal license. Bound Tree Medical is licensed federally and in all 50 states. Purchasing from a licensed and VAWD accredited distributor like Bound Tree Medical makes great strides to ensure none of your purchases will ever be counterfeit, contaminated, improperly stored and transported, ineffective, and/or unsafe.

Wholesaler Distributor licenses can be searched online: www.fda.gov/Drugs/DrugSafety/DrugIntegrityandSupplyChainSecurity/ucm281446.htm

Controlled Substance Ordering System (CSOS)

Class II Controlled Substances can be ordered through our secure electronic Controlled Substances Ordering System (CSOS) without the supporting paper DEA Form 222! The DEA's CSOS program is the only allowance for electronic ordering of Class II controlled substances. To participate in CSOS, the DEA registrant must first acquire a CSOS digital certificate from the DEA. Once the certificate is received, Class II orders can be placed through our secured website: e222.boundtree.com

For more information about CSOS please visit: www.dea.com.gov

Bound Tree will continue to accept paper 222 forms for those who wish to utilize that method for ordering.

The Customer Service Department is comprised of 27 staff members. Customer Service Representatives respond to inbound calls and make outbound calls to customers to provide information regarding product availability, shipment and delivery schedule changes. These same representatives are available to answer questions about shipments or process returns when necessary.

If an item goes onto a long term backorder, Bound Tree will work to find equivalent substitute items for the backorder. If it is the customer preference to approve all substituted items, Bound Tree Customer Service will seek approval prior to shipping sub items.

Bound Tree Medical is proud to offer our customers access to an Emergency Disaster Support line at 800-863-0953, which operates 24 hours/day, 7 days per week. It is staffed by on-call managers, who are accessible through routing of calls to cell phones. After leaving a message, a return call is originated within 20 minutes.

Bound Tree Medical allows customers to purchase on open account. The proper account application must be completed and submitted. Bound Tree Medical will assign an account number to each application. Each account has one billing/payables address but may have several shipping/receiving addresses.

In addition, the Federal Drug Administration (FDA) requires Bound Tree Medical to retain a Medical Director (physician) signature, contact information and license photocopy when purchasing legend items and or pharmaceuticals.

Customers may purchase by Master Card, VISA, Discover or American Express. Prepaid orders are also accepted.

NON-WARRANTY PRODUCT RETURN POLICY

Prior to returning a product, please contact the Bound Tree Medical Customer Service Department at 800-533-0523 to obtain a return merchandise authorization (RMA) number. This will help us to expedite your return and allow us to give you the proper credit. Once you have received your RMA number please follow the return policy guidelines.

All pharmaceuticals, items with expiration dates, and items that are subject to FDA tracking requirements are not returnable. Bound Tree Medical will only accept returns for pharmaceuticals if it was an error on our part. If so, please contact us within 7 calendar days of receipt of the product to obtain an RMA number. Items received without an RMA or after 15 calendar days will not receive credit.

If Bound Tree Medical makes an error in fulfilling or shipping your order, we will promptly rectify the mistake at no cost to you. If we have made an error and you wish to return the product(s) to us, notification must be received within 15 days of invoice. Following the initial error notification, please follow the return policy guidelines:

Non-returnable Items Include:

1. Items that are special order items.
2. Items that are buy-to-order (BTO) items.
3. Items that have been marked or engraved.
4. Items returned with broken packaging or not in original packaging.
5. Customized items, any sterile product that has been opened or items determined by Bound Tree Medical not to be in resalable condition.
6. Product that is more than 60 days older than the invoice date.

Return Policy Guidelines:

1. Items returned within 30 days of the invoice date will not be subject to a restocking fee.
2. Items returned 31 - 60 days than the invoice date will be subject to a 15% restocking fee.
3. Items older than 60 days from the invoice date will not be accepted in our warehouse and will be returned to the customer.
4. Please write the RMA number clearly on the package label.

5. Enclose a copy of the original invoice or packing list in the box.
6. Send the package freight prepaid.
7. Returns must be received by Bound Tree Medical within 30 days of issuance of RMA number.
8. Items received without a RMA number will not be eligible for credit.

RETURNS FOR PERSONAL PROTECTIVE EQUIPMENT (PPE)

Bound Tree Medical has experienced a significant surge in orders for personal protective equipment (PPE) due to the outbreak of Ebola and we are working closely with our suppliers to keep up with the increased demand. To further this effort and ensure that we do not over-allocate products based upon excess order quantities, PPE products will no longer be eligible for return. Additionally, all open PO's for PPE products will not be cancellable after placement. This policy update is effective October 22, 2014. We will revisit this update when the Ebola crisis has subsided and alert you to any additional changes.

As indicated on the Bound Tree return policy, all returns require an approved RMA number. Items received without an RMA will not receive credit. Please contact Customer Service at 800-533-0523 if you have questions or would like additional information.

RETURN FOR REPAIRS

Items to be returned for repair must be prepared according to the most recent OSHA requirements. Items must be properly cleaned and verified with a statement on the outside of the package. Proof of purchase must be included with all manufacturer warranty repairs. Please contact our Customer Service Department for additional information.

CLAIMS

All claims for damage occurring in transit must be made upon receipt of goods by customer directly to the carrier. Please save all boxes and packing material. All shipment errors must be reported immediately upon receipt to Bound Tree Medical Customer Service.

Bound Tree Medical Online Ordering Capabilities

- a. Bound Tree Medical provides a user-friendly online ordering system with advanced features that restrict user access to predefined products that can be approved for purchase using a predefined purchasing path with maximum or minimum users as defined by the contracted customer.
- b. The advanced user platform of BoundTree.com allows customers to self-administer (add/delete) their specific product offering based on the entire Bound Tree Medical online catalog.
- c. Users on BoundTree.com can gather information and prepare self-administered reports based on up to two years of historical data.
 - Trends can be tracked by running reports that can include all shipping locations, or that can be tailored to a specific shipping address.
 - A purchase summary report can be self-generated to view total products purchased over a selected period of time.
 - The purchase summary report can be sorted in ascending order by total sales per item.
 - Purchase summary reports and items per month reports can be self-exported in spreadsheet format for additional evaluation.
 - The purchase summary report provides item usage totals based on monthly, quarterly and yearly expenditures.
 - Reports can be self-exported in spreadsheet format.
- d. Product name, short description and detailed descriptions are maintained for items on BoundTree.com. Product photography is uploaded to the website based on manufacturer availability. Custom photography is also available to supplement manufacturer-supplied items.
- e. A "sold by" column is available on product detail pages to clearly describe available units of measure.
- f. Purchase requisition and order processing paths are predefined and self-administered by an online administrator. User roles include "order submitters" and "order approvers". Quotas provide a way for an administrator to self-administer total purchases. To maintain maximum item thresholds, order approvers can monitor and adjust each item on purchase requests throughout the approving and purchasing process.
