(3) All investments shall be reviewed monthly by a finance or investment committee of the agency.

(4) Local brokerage firms may hold and invest funds provided that investments are located within Kentucky and are full insured.

### **Laws and Regulations**

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

### **Equal Employment Opportunity**

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

### **Kentucky Equal Employment Opportunity Act**

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

**LFUCG Non-Appropriation Clause**

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

## EQUAL OPPORTUNITY AGREEMENT

### The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

*The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.*

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

*The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.*

\*\*\*\*\*

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

### Bidders

*I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.*

## 5.1 Program Proposal & Design

### 5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

In Kentucky, all children have a fundamental right to a public education. In its fourth year, HELP will provide holistic legal representation and community outreach on education matters in Fayette County, while targeting youth experiencing poverty, lacking legal status, living with a disability, or re-entering their communities after placement with the State. According to the 2019 American Community Survey, 22% percent of Kentucky children live in poverty making Kentucky the state with the 5th highest level of childhood poverty. In Fayette, that number is estimated to be about 18% (2019). Economic well-being affects every aspect of a child ' s life including academic achievement and future employment prospects. The passage of legislation in recent years recognized the issues facing youth experiencing homelessness by putting in place policies to make accessing an education easier. Children experiencing poverty are much more likely to have mental health problems, learning disabilities, and emotional behavioral disabilities which make school more difficult. They are also more likely to be involved in the child welfare and juvenile justice systems. For children transitioning from state placements, they face obstacles with school enrollment, credit recovery, and loss of special education instruction time. Undocumented children also face significant challenges with education, such as not speaking English as a native language or fearing retaliation if they advocate for themselves. CLC attorneys aim to make the promise of a quality, public education a reality for the most vulnerable children in our community. Now, more than ever, our education legal services will be essential. With schools closed as a result of Covid-19 many children with disabilities were likely not receiving the services required under federal and state law. Once school is back in session, we are anticipating an increase in referrals for those children requiring compensatory education and re-evaluations. CLC is one of only two non-profit organizations in the state providing legal services on education issues.

### 5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

HELP will serve youth in schools, homeless shelters, juvenile detention centers, community centers, and elsewhere in Fayette County to ensure they have positive experiences with school and to know how to be self advocates. Education law can be complicated and often an attorney is necessary to navigate federal and state laws that govern the right to education. HELP will have two main prongs: 1) Direct Legal Service and 2) Community Legal Education.

Through Direct Legal Service, we will represent clients on education matters, which includes assisting youth and their parents with enrollment, credit transfer, the special education process, school discipline hearings, addressing student learning loss as a result of Covid-19 educational restrictions on in-classroom learning and helping students obtain compensatory education for services not received during NTI—all obstacles youth face as discussed in the Needs Statement. Staff attorneys will provide representation based on the client ' s needs with the goal of improving educational supports and outcomes. While immediate needs can often be met within the first 30 days of representation, education cases often remain open for a year or more to monitor progress and assist with on-going issues.

As part of Community Legal Education, CLC will host monthly "HELP Clinics" at libraries, churches, detention centers, Arbor Youth and Salvation Army, that consist of a presentation on education related matters. Following the presentation, participants will be given a questionnaire to help the attorney identify legal issues of which the individual may not be aware. Each person will have the opportunity for a one on one consultation with an attorney to discuss possible legal issues and remedies.

**5.1.3 Client Eligibility and Requirements**

**5 Points**

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

For service provided by the Children's Law Center (CLC) through HELP funding, clients must be younger than 18 years of age and currently reside in Fayette County. CLC does not charge any fees to clients to receive legal services. Our young clients are expected to actively participate in the resolution of their case by working towards goals identified in the case plan with the assistance of their attorney. Through HELP, we will target youth experiencing poverty, lacking legal status, living with a disability, or re-entering their communities after placement with the State.

**5.1.4 Evidence-Based/Best Practice**

**10 Points**

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

For general legal representation, Children's Law Center (CLC) attorneys are guided by the organizational standards of representation, consistent with the American Bar Association and Kentucky ethics and professional responsibility standards.

More specifically, the delivery of legal services to youth who are returning from juvenile institutions to assist with legal and social barriers to re-entry has only recently been addressed in some jurisdictions, and then only on a limited basis. CLC has been on the forefront of developing this model and has worked with the National Juvenile Defender Center on developing and implementing best practices for delivering civil legal services to reentering youth. Research shows that several factors should be incorporated into any re-entry or transition service delivery model. At a minimum, reentry and transition services should be: 1) located in the community where the youth will return to live; 2) be individualized to assist with developmental deficits; 3) concentrate on school re-enrollment, attendance and success; 4) focus on permanent family/guardianship connections; 5) facilitate access to mental health and substance abuse treatment; 6) recognize the diverse needs of the youth returning; 7) include housing support and assistance; and 8) include a structured workforce preparation and employment component ("Back on Track: Supporting Youth Re-Entry from Out-of-Home Placement to the Community," Prepared by the Youth Reentry Task Force of the Juvenile Justice and Delinquency Prevention Coalition (Fall 2009). While HELP will focus on education, our holistic approach often encompasses many of these components.

## 5.2 Program Measures & Evaluation

### 5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Celebrating its 32nd year anniversary, Children's Law Center (CLC) has a significant history of providing quality legal representation and education advocacy to at-risk and systems-involved children and youth. CLC was founded on the need for increased, holistic legal representation for youth. We take an individual approach with each client to determine what legal services would best promote educational success. "Holistic representation" is very much a systems level approach that involves providing seamless access to services that meet clients' legal and social support needs; interdisciplinary communication and collaboration; and a robust understanding of, and connection to, the community served. Success for our clients is based on the subjective experience of each client, rather than objective criteria for traditional wins and losses common in the legal community. Based on our holistic model of services, (CLC) defines and measures "success" using a legal case management system that tracks positive outcomes including: improved educational and/or employment supports; participation in decisions about future; youth is self-advocate; youth involved in the community; multiple supportive relationships; sense of physical/emotional safety; minimized state involvement; receiving treatment or services; one or more legal issues resolved; change in opposing party's position; and significant change in policy or practice. Per CLC's 2019 Annual Report, 70% of clients experienced one or more of these positive legal outcomes through CLC's involvement. A case is closed once all of the client's objectives have been achieved or all available avenues to achieve those objectives have been exhausted.

### 5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

A number of organizations provides services to at-risk youth and families in need in the form of direct support through shelter, food, clothing, transportation and counseling. HELP fills a missing link in our community by ensuring children and youth have access to legal services, when they would not otherwise be entitled to an appointed attorney or have the financial means to hire a private attorney. The value to the Fayette County community is best described by case examples.

Through HELP, a CLC attorney in Lexington represented a gay, African American boy being raised by a single working mother living in subsidized housing. He had been struggling in school academically and socially for years. He had just started middle school and he was unable to focus on any of his school work. The other kids were bullying him for being 'slow' and acting 'different.' He had a 504 Plan but none of the accommodations were helping or addressing his ADHD. His mom contacted CLC for help through the often complex referral and evaluation process with special education. Through the attorney's advocacy, the student was able to receive an individualized education plan that provides him with educational supports he needs to succeed. Furthermore, the attorney worked with the school to create a safety plan to protect him from certain students who were making the learning environment unsafe for him.

This, and other instances, are aided by the skill and advocacy of an attorney around the child's legal rights.

### 5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

Children's Law Center will provide services to a minimum of 60 Fayette County youth.

For each youth receiving direct representation, program staff will:

1. Access the child's legal needs
2. Determine client's objectives
3. Develop and implement a plan to address obstacles to education needs and improved educational supports
4. Track for a minimum of 6 months to ensure the youth remains stable and successful in school through monthly check-ins.

For Community Legal Education, CLC will track the number of participants, the number of brief services, and the number of individuals who receive direct representation as a result of the clinic.

Based on data collected by CLC, through our intervention 80% of children show improvement in one or more of the following areas: education, stable and supportive living situations, safety and well-being, and self advocacy. At the close of each case, project staff will determine whether the child achieved any of those outcomes discussed in Section 5.2.1 above, and enter those in our case management system. Tracking positive outcomes will help us develop more realistic and successful case plans for future clients. We will be able to ascertain what types of interventions are most effective in a particular type of case.

## 5.3 Capacity & Sustainability

### 5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

HELP will be lead by our attorney in our Lexington CLC office.

Amanda Bear, Managing Attorney: Amanda is the Managing Attorney of Children ' s Law Center (CLC). Prior to joining CLC, she spent over ten years as a Public Defender, where she was a Juvenile Specialist, and the Directing Attorney at two different trial offices. A life-long Kentucky resident, she received her JD from Chase College of Law. Since December 2014, Amanda has managed the Lexington CLC office, which includes not only direct representation but community outreach. She is currently the Co-Chair of the Legal Subcommittee for the Fayette County Juvenile Treatment Court Steering Committee. She will be the Project Supervisor, responsible for grant reporting, as well as ensuring grant requirements are met.

**5.3.2 Partnership & Resource Leverage**

**5 Points**

How do your programs and services support our community's comprehensive response to the identified priority area of Childhood and Youth Development? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

Through holistic legal representation for children on education, or education-related matters, Children's Law Center (CLC) has a history of filling gaps for services in our community. As the legal advocate, the CLC attorney will provide direct legal services while ensuring that the child and family are linked to other needed services. Navigating these multiple and interconnected systems is often overwhelming and counter-productive. For example, while the Maxwell Street Legal Clinic can provide free representation to children on immigration matters, they are not able to provide representation on education matters. CLC acts as a desperately needed referral source to assist the child with accompanying issues related to their education, mental health needs, or physical disabilities. We routinely coordinate with the FCPS Homeless Liaisons, Youth Service Centers, Court Designated Workers, FCPS Special Education Directors, Community Action Council, Arbor Youth Services, Salvation Army, as well as local churches and government agencies who provide services to our clients. Through this on-going collaboration, we are able to provide holistic, wrap around services to a population of children most in need.

CLC's Board of Directors sets policies, provides direction, and reviews program goals and objectives annually to ensure they align with the mission. Currently, CLC has no secured funding for our educational legal advocacy in Fayette after September 2021.

**5.3.3 Outreach & Inclusion Strategy**

**15 Points**

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Through this funding, Children's Law Center (CLC) will develop outreach materials for children, youth, and families in Fayette County to educate them about needed legal services. When possible, we will have the forms made available in Spanish. CLC will host monthly "HELP Clinics" at libraries, churches, detention centers, Arbor Youth and Salvation Army as detailed in the Service Delivery Model Section above.

Pursuant to CLC's equal employment opportunity policy, the organization extends equal employment opportunities for advancement to all qualified persons at all organizational levels without regard to race, color, religion, sex, age, ethnic or national origin, disability, or military status. CLC also ensures non-discrimination in the availability and delivery of services. While a majority of our services are provided during regular business hours, and our physical office is the primary location for our services, our lawyers routinely make accommodations to meet with clients at a location and time most convenient for them.

## 6.0 Program Budget Summary Form Instructions

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (Including total amount of ESR grant request.)
