The trust department may utilize its regular short-term one hundred percent (100%) US Treasury Fund for daily funds investment.

The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

(1) Short-term liquidity funds shall be invested in "riskless" investment, i.e., deposits in Kentucky commercial banks or savings and loan associations that are fully federally insured or deposits collateralized by U.S. Treasury securities with a current market value of at least one hundred percent (100%), or in direct obligations of U.S. Treasury securities.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, sexual orientation or gender identity), national origin, disability, age, genetic information, political affiliation, or veteran status, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers'

representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

Standard Title VI Assurance

The Lexington Fayette-Urban County Government, (hereinafter referred to as the "Recipient") hereby agrees that as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation, it will comply with Title VI of the Civil Rights Act of 1964, 78Stat.252, 42 U.S.C. 2000d-4 (hereinafter referred to as the "Act"), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, (49 CFR, Part 21) Nondiscrimination in Federally Assisted Program of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Regulations") and other pertinent directives, no person in the United States shall, on the grounds of race, color, national origin, sex, age (over 40), religion, sexual orientation, gender identity, veteran status, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the U.S. Department of Transportation, including the Federal Highway Administration, and hereby gives assurance that will promptly take any necessary measures to effectuate this agreement. This assurance is required by subsection 21.7(a) (1) of the Regulations.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

1.0 GENERAL INFORMATION & SCOPE

1.1 Background

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2025 and 2026 (July 1, 2024 – June 30, 2026), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Childhood & Youth Development

Projected funding target is approximately \$660,000 of total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2025 Budget.

LFUCG seeks to strengthen and enhance **Childhood and Youth Development** by supporting programs and services for early childhood through teenage populations (birth through 18 years old). These programs would include, but not be limited to: **addressing student learning loss (specifically kindergarten through 12th grade), youth violence prevention, and mentorship**. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

2.0 GENERAL PROVISIONS

2.1 Purpose

The LFUCG is accepting applications from qualified non-governmental, non-profit agencies with current **501(c)3** tax exempt status and with a physical business or program site location in Fayette County (hereinafter, referred to as "Applicant") ESR funding for FY2025 & 2026 (July 1, 2024 – June 30, 2026). This funding is intended to support agency **programs** which respond to the **funding priorities** established herein. **THIS FUNDING IS NOT INTENDED TO SUPPORT GENERAL AGENCY OPERATIONS, other than overhead required to support the subject program.**

2.2 Funding Period

The funding period is from July 1, 2024 through June 30, 2026.

2.3 ESR Grant Informational Workshop

The Department of Social Services conducted a meeting on March 26th, 2024 that provided potential proposers with an overview of the proposal and review process, instructions on completing the RFP, and presentation of funding priorities.

2.4 Proposal Submission

All Submissions must be uploaded to the LFUCG procurement website at <https://lexingtonky.ionwave.net> by **April 25th before 2:00 PM EST**. The Submission shall include an enclosed form that shall contain the required documents and respond to one or more established funding priorities.

Proposal submissions containing significant omissions of required information will be considered non-responsive and removed from the RFP funding process on the application deadline date (April 25th, 2024). Significant missing responses to questions constitute an incomplete application. The final decision regarding application completeness and penalties will be determined by the LFUCG Division of

Procurement in consultation with the Commissioner of Social Services. **All proposals must be written in a clear and concise manner, as there will be no follow-up or clarifications to proposer's Proposal Submittal Form once the evaluation process begins.**

Do not include additional documents or attachments with the Proposal Submittal Form, such as brochures or letters of support. These will be discarded.

If your agency is submitting a proposal for the funding of more than one program in a single priority area, please note that they must be included in a single Proposal Submittal completed and submitted for that priority area RFP. Only one Proposal Submittal per agency per priority area will be accepted. Agencies/Organizations may submit only ONE Proposal Submittal per proposed program in all priority areas.

Submitted Proposal shall be comprised of the attached PDF formatted Proposal Submittal form. This form must be submitted in the original PDF form, and NOT be a scanned version of the original form.

2.5 Acceptance/Rejection of Submissions

The LFUCG reserves the right to reject any proposals which may be considered irregular, show serious omissions, contain unauthorized alteration of the Proposal Submittal form, or are incomplete.

The LFUCG reserves the right to accept or reject any or all applications in whole or in part, with or without cause, to waive technicalities, to implement scoring penalties, or to accept applications or portions thereof which, in the Urban County Government's judgment, best serve the interests of Urban County Government.

In evaluating whether to ultimately award funding to an agency, the Lexington-Fayette Urban County Government may consider how much funding, if any, an agency has previously received from LFUCG during the same funding cycle, and reserves the right to not fund, or to reduce the amount of funding that an agency might otherwise receive, based upon such an evaluation.

All proposals must be written in a clear and concise manner, as there will be no follow-up or clarifications to proposer's Proposal Submittal Form once the evaluation process begins.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes 10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact 10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Budget Form will be for Fiscal Year 2025 ESR Request only. Funds awarded for Fiscal Year 2026 shall be the same amount as awarded for Fiscal Year 2025, and contingent on Council approval of the Fiscal Year 2026 budget.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Cardinal Valley Elementary (CVES) diverges from many other schools in Fayette County. CVES serves over 600 students: children that are primarily Hispanic (73%), with 80% of classrooms filled with English Language Learners (highest in FC). In Kindergarten in particular only 11% of current students are kindergarten-ready. Looking at 2022-2023 K-PREP, only 24% of students scored proficient/distinguished in reading and 15% in math. These statistical realities (Kentucky Department of Education) are significant barriers to academic success.

In regard to these academic issues, there is a general lack of resources to meet these needs within the community itself. The entire school qualifies for free meals, which points to a high percentage of economically disadvantaged families. These children are at greater risk than higher-income children for a range of cognitive, emotional, and health-related problems, including detrimental effects on executive functioning, poor social-emotional functioning, developmental delays, behavioral problems, inadequate nutrition, and more (APA.com). Clearly the lack of academic readiness, coupled with poor socio-economic status, hampers these children's overall prospects in life.

The only academic support services nearby are a homework help program at the nearby library and sessions of a two day/week ESS. Enrichment opportunities are limited to small weekly groups at CVES. Due to the great need and lack of support, these children are Nathaniel Mission's (NM) strategic target population. Poverty, family instability, language barriers, and lack of services point to students being underserved and at-risk. No other agency is positioned or equipped to make an impact like NM.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Our programmatic aim is to provide extended learning opportunities focused on academics, enrichment, and mentor relationships. This focus is tailored to the identified needs of academic support, accessible opportunities, and intervention for at-risk students.

These opportunities include an after-school program and summer enrichment camp. The after-school program is a 4-day/week and 2.5-hr/day program, which runs from September to May. During the summer months, camp runs for four weeks, providing a 4-day/week and 4-hr/day summer enrichment programming.

This focused time is well-structured with instructional components. Our programs give ample time to engage in math, guided reading, science, art, music, character-building, exercise through physical games, and social-emotional learning (SEL), filling gaps not covered in the regular school day. Knowing that building literacy skills is critical for student success, students gain STEM concepts and knowledge through read-aloud or independent reading based on choice. One on one reading intervention is provided by a retired educator. Additionally, with the guidance of a FCPS reading specialist, every student receives reading intervention weekly through a program called Rhyme Magic. Providing space for children to manage toxic stress, trauma, and adverse childhood experiences, we intentional build into our daily schedule space for SEL through specific games, grade-level small group discussions, and mentor relationships.

We recognize that a student's primary educator is their parent or guardian. Students' families are given opportunities for active and meaningful engagement in their children's education, including educational development through monthly family nights, home visits, and parent conferences.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Though our extended learning program is focused on CVES, NM serves the whole Versailles Road Corridor, which includes Harrison, Picadome, and James Lane Allen elementary schools. Students who attend these other schools will not be turned away but must provide their own transportation to program sites. This mainly applies to summer programming. These programs are available to all children who are in kindergarten through fifth grade. If a parent identifies the need for extended learning or wrap-around care, that qualifies their child to participate.

With the desire for families to take ownership of the program and to solidify regular attendance, a small fee is required to register for programs (\$10 for the school year and \$10 for two weeks of camp). We want to emphasize our desire for parents/caregivers to actively participate in their child’s education. We believe the fee isn’t restrictive of participating but gives commitment to our programming. Scholarships are available for those who vocalize their need. Parents/Caregivers will be required to sign an agreement of expectations.

For our after-school program, this agreement will include:

- expectations for students during the program (behavior, reading, and participation),
- regular attendance of the program (>50% of program days),
- parent conferences and/or home visits (two times a year),
- At least one parent/caregiver regularly attends monthly family nights (attending six of the nine events).

For summer enrichment camp, this agreement includes:

- expectations for students during the program (behavior and participation)
- regular program attendance (>50% of program days).

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Afterschool Alliance has researched the outcomes of afterschool and summer programs and identified nine key principles that help students reach their full potential. Our programs focus on improving academic success and motivating students toward growth through:

1. School-Community Partnerships (reinforce and complement the school).
2. Active & Engaged Learning (giving autonomy and engagement in hands-on STEM, physical activity, music, and art).
3. Family Engagement (seeking parental input; offering workshops; connecting families to resources; and encouraging active stewards in their child’s education).
4. Intentional Programming (meaningfully meeting developmental and academic needs).
5. Diverse, Prepared Staff (ratios, qualifications, professional development, and overall diversity).
6. Participation and Access (participation frequency and duration).
7. Safety (Adequate space, supervision, and security enabling students to actively participate and try new things).
8. Health & Well-Being (holistic approach to well-being: building social and emotional skills and competencies, and providing physical activity and nutritious snacks).
9. Ongoing Assessment and Improvement (employ sound data collection and management practices focused on continuous improvement).

(Afterschool Alliance, March 2021 Brief, Expanded Learning Support Student ReEngagement)

Knowing language improvement is a priority of CVES students, NM adopted “Read for Success” by “Reading is Fundamental” (RIF). This approach aligns with in-school curriculum, providing resources to utilize the curriculum at program and home, trained staff, and parent involvement. During the research study, students in the 10th percentile or below saw significant gains in their Lexie reader scores (RIF, 2015). This reading culture improves listening, speaking, and language development. (Barrentine, 1996; Sipe, 2000).

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

We hope children develop meaningful relationships with staff/volunteers, strong social and emotional skills, and positively impact academic performance. With an inclusive environment where all children are valued and challenged academically and socially/emotionally, an opportunity is created for greater openness to novel experiences, increased interest in others and the world, heightened inquisitiveness and creativity, and ultimately, an aspiration of becoming lifelong learners. This vision is achieved through our goals to increase reading achievement and academic performance, regular attendance, building enrichment skills, and build rapport with staff and peers. Objectives associated with these goals include:

1. 60% of students enrolled will have regular attendance
2. 80% of mentors lead the same group of students for each semester.
3. 75% of regular attenders (RA) will spend 20 minutes working on classroom-related tutoring or reinforcement of instruction in Math or Reading
4. 75% of RA spend 60 minutes a week reading
5. 75% complete weekly STEAM objectives
6. 50% of parents/staff see growth in social/emotional skills of students
7. 75% of caregivers of RA will attend 6 of 9 family nights

These objectives are healthy indicators of “successful” completion of services in school or summer programs. For families, our program hopes to raise engagement in their child’s education, act as a bridge between families and school, and provide wrap-around services to families, such as parenting education and connecting to social services as needed. Success includes open communication from staff, attendance of 60% of family nights, and utilizing helpful tools at home that leads to positive change.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

We met Valentina this fall, a new student from another country. Her mother was relieved to find a program that provided wrap-around support to her Spanish-speaking child. In the beginning, Valentina was serious and quiet, struggling to adapt. Every morning was a battle to get on the bus to a new school where she understood very little of what was being said. However, NM provided a nurturing environment where she was loved and known. She experienced this by staff/volunteers interpreting and building a relationship with her. She has blossomed with smiles and laughter with others. Her remarkable progress can be seen in her beautiful art projects. Parents have seen improvements in reading skills, as evidenced by their child teaching them how to pronounce words correctly: “These are things that I cannot do as their dad, who is limited in English.” During a home visit, a parent said, “Your program has helped my daughter with her emotional skills. She seems to be interacting much better with other kids and handling her own difficult emotions now that she's in the program.” This year, 100% of our students completed lesson objectives and spent 60 minutes reading weekly, with over 50% receiving one-on-one reading interventions. Improvements were seen in MAP testing. These strategic practices resulted in positive long-term effects on school attendance, behavior, academic work habits, grades, and reduced dangerous behaviors like drug use. Students feel empowered to integrate into their community, seeing themselves as valuable and strong, ready to make an impact.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

Developing meaningful relationships, improving social/emotional skills, and supporting students' academics will be monitored in several ways. Through our database, daily attendance records will determine the consistency of student participation. A staff/volunteer feedback form will assess areas such as social competencies with peers, task persistence, work habits, misconduct reductions, quality interactions with adults and peers, and engagement in program activities. This data will indicate changes in students' behaviors across the school year.

Quantitative data from student's MAP test (which provides information on skills students know, current learning, and the next step for future instruction) measure language and literacy competency. CVES administrators have granted us access to this data with parental permission. Reading and enrichment teachers will create a rubric of assessment to evaluate skills. This data will be collected three times a year (2: school; 1: summer). These assessments and surveys will directly impact improvements. Additionally, attendance will be taken during family nights, and parents will be surveyed to assess impact on students and skills learned.

Yearly, we meet with key administrators to receive feedback on program development and specific CVES students' struggles. For example, administrators identified students' need for meaningful dialogue, which led our program to expand speech complexity in order to develop oracy skills. A FCPS's reading specialist trained staff and highlighted a reading intervention program for struggling readers. Quantitative and qualitative data is taken to our leadership, who assesses areas of improvement and develops goals and objectives for the following year.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

Through our many years of consistent engagement with partners in the area, our programs aim to expand current opportunities in Cardinal Valley (CV) and address critical gaps in services. Key organizations serving CV that we intentionally partner with are Partners for Youth, Lexington Public Library (Marksbury Family Branch), Cardinal Valley Park Activities Board, school administrators/teachers, Community Action, Bluegrass Community Clinic, Family Care Center, and others.

We built a network of enrichment partnerships over the many years of our programs, including recent program partners Lexington Public Library, Louisville Zoo, Salato Wildlife Education Center, McConnell Springs, Star Kids Dentistry, and Fayette County UK Extension Office. We have formal agreements with Lexington Calvary Church of the Nazarene (CCN) to use their facility, CVES to provide transportation, Cardinal Valley Park Activities Board to access the park and building, and God's Pantry to provide healthy, nutritious meals.

NM enjoys connections to over 36 local congregations that provide volunteer or financial support. Additional partnerships include the Hispanic Studies Department, Communication & Information Studies Department, Student Organizations and Activities Offices at UK, as well as the Mentored Ministry Program at Asbury Seminary and students at Asbury University. Additional grant funding and committed organizational resources help to make these programs possible. Individual donors have sponsored our students through a scholarship campaign for after-school programming and summer camp. Staffing, overhead, and additional costs are largely supported by these supplemental resources, providing stability to these programs for nearly a decade of service to the Versailles Road Corridor.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Knowing transportation is a barrier, programs are held in the Cardinal Valley Neighborhood to mitigate driving limitations. Additionally, program spaces are fully accessible to those with physical disabilities.

We have intentionally hired staff (Program Coordinator and Case Manager) who are fluent in Spanish to bridge existing language and cultural barriers. Our partnership with Access Language Solutions allows for ease of communication with families with any other language.

Many of our students experience unhealthy and concerning distress due to poverty. We equip staff and volunteers to recognize those factors and offer additional support through case management and resourcing. Training includes learning about common sources of childhood trauma, how trauma is manifested in students, how trauma affects learning, and seeking out tools and techniques to help students manage their emotional and social behaviors.

In alignment with the Mayor's Commission on Racial Justice and Equality, we will provide training that includes cultural inclusivity, implicit bias, and practices for engaging the whole family in learning in/outside the classroom. This will ensure families and individuals are able to thrive and flourish in all aspects of identity, including race, religion, gender, orientation, ability, and socioeconomic background. Families are given space (family nights and home visits) to voice their realities, describe how systems of oppression touch their experiences, and develop solutions that draw upon their assets. All people, cultures, and identities are equally valued and recognized under the belief that strength comes through the diversity of our shared humanity.

6.0 Program Budget Summary Form Instructions

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (Including total amount of ESR grant request for the first year of the cycle, Fiscal Year 2025.)

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, sexual orientation or gender identity), national origin, disability, age, genetic information, political affiliation, or veteran status, and to promote equal employment through a positive, continuing program from itself and each of its sub-contracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;
- (3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and
- (4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers'

representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available work-force in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

1.0 GENERAL INFORMATION & SCOPE

1.1 Background

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2025 and 2026 (July 1, 2024 – June 30, 2026), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Food Insecurity & Nutritional Access

Projected funding is approximately \$633,500 of the total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2025 Budget.

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

2.0 GENERAL PROVISIONS

2.1 Purpose

The LFUCG is accepting applications from qualified non-governmental, non-profit agencies with current **501(c)3** tax exempt status and with a physical business or program site location in Fayette County (hereinafter, referred to as "Applicant") for ESR funding for FY2025 & 2026 (July 1, 2024 – June 30, 2026). This funding is intended to support agency **programs** which respond to the **funding priorities** established herein. **THIS FUNDING IS NOT INTENDED TO SUPPORT GENERAL AGENCY OPERATIONS, other than overhead required to support the subject program.**

2.2 Funding Period

The funding period is from July 1, 2024 through June 30, 2026.

Proposal submissions containing significant omissions of required information will be considered non-responsive and removed from the RFP funding process on the application deadline date (April 25th, 2024). Significant missing responses to questions constitute an incomplete application. The final decision regarding application completeness and penalties will be determined by the LFUCG Division of

Procurement in consultation with the Commissioner of Social Services. **All proposals must be written in a clear and concise manner, as there will be no follow-up or clarifications to proposer's Proposal Submittal Form once the evaluation process begins.**

Do not include additional documents or attachments with the Proposal Submittal Form, such as brochures or letters of support. These will be discarded.

In evaluating whether to ultimately award funding to an agency, the Lexington-Fayette Urban County Government may consider how much funding, if any, an agency has previously received from LFUCG during the same funding cycle, and reserves the right to not fund, or to reduce the amount of funding that an agency might otherwise receive, based upon such an evaluation.

If your agency is submitting a proposal for the funding of more than one program in a single priority area, please note that they must be included in a single Proposal Submittal completed and submitted for that priority area RFP. Only one Proposal Submittal per agency per priority area will be accepted. Agencies/Organizations may submit only ONE Proposal Submittal per proposed program in all priority areas.

Submitted Proposal shall be comprised of the attached PDF formatted Proposal Submittal form. This form must be submitted in the original PDF form, and NOT be a scanned version of the original form.

Funding Priority Area: Food Insecurity and Nutritional Access

Projected funding is \$633,500 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services based on documentation of marginalized client populations and articulated individual and community outcomes. The program should utilize best practices and evidence-based models when engaging, assessing, intervening, and terminating services with underserved population groups.

Food security is a situation that exists when all people, at all times, have physical, social and economic access to sufficient, safe and nutritious food that meets their dietary needs and food

preferences for an active and healthy life. Nutrition includes management for congregate and home delivered meals, delivering quality meals to nutrition sites and homebound clients so clients have nutritionally sound meals.

USDA Definitions:

- **High food security:** no reported indications of food-access problems or limitations.
- **Marginal food security:** one or two reported indications—typically of anxiety over food sufficiency or shortage of food in the house. Little or no indication of changes in diets or food intake.
- **Low food security:** reports of reduced quality, variety, or desirability of diet. Little or no indication of reduced food intake.
- **Very low food security:** Reports of multiple indications of disrupted eating patterns and reduced food intake.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes 10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

6.0 Program Budget Summary Form

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (which will be the total amount of FY25 ESR grant request)

Budget Form will be for Fiscal Year 2025 ESR Request only. Funds awarded for Fiscal Year 2026 shall be the same amount as awarded for Fiscal Year 2025, and contingent on Council approval of the Fiscal Year 2026 budget.

Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Feeding America's most recent estimates show that 10.3% of Fayette County (FC) residents (33,160) experience food insecurity. The study finds that many food-insecure individuals in FC do not qualify for federal nutrition programs: 32% are above the SNAP threshold of 200% poverty. Additionally, the average meal cost in FC is \$3.62, which is 3 cents above the national average and 51 cents above the state average.

Nathaniel Mission's (NM) efforts target the communities along the Versailles Road Corridor (VRC), but all FC residents qualify. Of the clients who come to NM, 9 in 10 attend to address food insecurity issues. As one drives down Versailles Road, you encounter several diverse communities with critical economic needs. Looking at the closest elementary school income guidelines for free/reduced lunch, 100% of students qualify for free meals.

Through a yearly in-house survey, over 80% of clients mentioned participating in God's Pantry's food program and/or federal aid such as SNAP benefits. Nevertheless, clients still lack enough resources to adequately provide enough food for their households. The NM's internal data from 2023 demonstrates that over 60% of individuals who participated in our food security programs are new clients in our database, suggesting that there continues to be a growing population of food insecure individuals and households in Lexington. As under-served residents, these neighbors face obstacles in transportation, language, and community connectedness that would otherwise allow them to find alternative resources in other parts of Lexington.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

The Nutritional Assistance programs include a myriad of opportunities for clients to receive holistic care in addressing their needs:

- Our Mission Market, Tuesday-Thursday, is client-centered. It offers clients choices of fresh, canned, dry, pre-prepared, and frozen foods once per month. Last year, on average, we served 240 households per month, making up over 395 individuals monthly.
- Our Lunch & Learn services, presented twice per month, offer a hot, nutritional meal alongside health-related training, information, or workshops with an average of 80 participants each month.
- Our Senior Commodities partnership with God's Pantry supplements basic food resources for seniors 60 and older. Thirty boxes are available monthly, and over 45 seniors have accessed this resource this past year.
- Monday-Thursday, nutritionally balanced free meal options for breakfast and lunch are available for clients who participate in our Day Shelter. Over 400 meals are served in the average week to these neighbors needing meal support.

In addition, throughout the year, NM offers an intensive focus on food insecurity and wellness issues through education programs such as cooking and nutrition classes and diabetes support groups.

For many along the VRC, the closest supermarket/grocery is over a mile away. With transportation being limited, these various programs provide walking-distance access to fresh and shelf stable nutritious food. Additionally, we focus on building up the knowledge and skills necessary to make changes in our neighbors' daily health choices and to offer resources that lessen the chronic experience of food insecurity.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

The Nutritional Assistance Programs are open to all residents of FC, with particular outreach to residents of the Versailles Road Corridor (Cardinal Valley, Gardenside, Bennett Ave., Speigle Heights, Irishtown, etc.). For all programs, clients must complete an intake form. During this process, clients are asked about demographic information, income, and other assistance that their household receives, but this does not hinder their eligibility for any of our programs. For our Mission Market, we require clients to have a valid ID or piece of mail proving they reside in FC. No further administrative burdens or red tape for families are placed upon the clients, removing barriers to accessing food other than their maintenance of NM policies, rules, and behavioral expectations while in our facilities. Monthly reports and yearly re-certifications keep cases up to date, allowing for data accountability and a clear understanding of the clients accessing services. For example, of clients who shared income information, only 4% who accessed the market last year had a full-time job. NM is one of the only places in FC with an open door to consistently receive nutritionally beneficial food regardless of income. We aim to sustain this philosophy until funding or capacity causes us to limit our offerings. For Senior Commodities, a client must be at least 60 years old, reside in FC, and have an income lower than 130 percent of the USDA poverty guidelines.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

NM uses *Improving Health while Alleviating Hunger: Best Practices* (2018, Rowland, et.al.) as a guidepost:

- Removing Stigma and Empowering Clients: Our food pantry is branded as a "Market" to emphasize client choice. Clients can choose their own food, rather than receiving standard, prepackaged food, and choose only foods they want/need.
- Incremental Steps to Increase Access to Healthy Food: Menus are developed in accordance with the USDA's "My Plate," which provides a balanced diet using food substitution. Visual cues point out healthy and unhealthy items.
- Embracing Multiculturalism: Our menus and Market pantry options include diverse cultural dishes and items. We offer items and meals that are mindful of dietary and religious restrictions. Our staff and volunteers come from diverse socio-economic and racial backgrounds.
- Collaboration is Key: Our connection to our neighbors includes an open dialogue about menus, pantry items, and educational topics to foster a culture of collaboration and buy-in. These efforts restore dignity, self-respect, and participant's personal responsibility for the success of our programs.

These programs are intentionally varied to address many facets of food insecurity as stated in *Feeding America's Food Security Evidence Review (2020)*: food provision and access, transportation, financial stability, income, housing and health. The research indicates that this "center model" is the most effective approach to addressing the underlying causes of poverty and creating sustained food security (RTI, 2014). Clients are encouraged to participate in complementary services aimed at addressing other complex factors contributing to poverty.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

NM seeks to make a marked difference by offering opportunities to receive the necessary supplies to avoid hunger and nutritional deficiencies. Specifically, NM seeks to empower clients and provide healthy offerings that encourage healthy choices.

With an environment of respect, we hope not only to provide services that restores dignity by decreasing feelings of shame and discomfort but also to involve the client's voice in decisions such as items offered and workshop topics, as well as to utilize clients as volunteers. Through class and workshop offerings, our goal is for an increase of clients to participate consistently, equipping them with the knowledge of health & wellness and impacting their daily choices and self-sufficiency. By providing healthy food, we seek to encourage healthy choices by utilizing the Healthy Eating Research guidelines label system that identifies food to be eaten, "often, sometimes, or rarely". By offering this information to our clients, we hope to see an increase of clients choosing healthy items overall.

Not only are we encouraging clients to take advantage of these initiatives, but we also encourage one-on-one consultations with our staff, who set unique goals with clients to begin to see changes in their experiences of poverty, such as participating in financial wellness and job readiness classes.

Success for clients looks like moving from simply shopping in the Mission Market to receiving complementary assistance through other classes, training, and consultations (30% of clients) and seeing a 25% increase in healthy choice selection.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

A young Hispanic mother with two children in tow enters NM in need not only of food but also a caring shoulder. Living with an acquaintance, struggling to find work, at NM she finds the food she needs as well as classes to help her find a job and connect her to other resources in the community. Through her connection to NM, she has moved into her own place and is applying confidently for jobs.

The Nutritional Assistance programs have provided an access point for fresh produce when 57% of clients surveyed state that they never or rarely purchase produce because of transportation issues and the expense. Through our partnership with FC UK Extension Office, they have provided cooking demonstrations that caused an increase in clients choosing healthier food options.

Our classes and wellness programs provide safe space for clients to express their struggles with healthy eating while experiencing techniques and receiving tools to address them. Tony, a neighbor who walks to the Mission most days, specifically signed up for a cooking class, because he wanted to learn how to prepare the food he was receiving.

Our central belief is that addressing food insecurity or healthy choices alone is insufficient, resulting in programs tied directly to other classes and clinics giving further support and resourcing. By addressing some of the systemic factors leading to food insecurity or poor nutrition, NM aims to break cycles of dysfunction and instability.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Seeking to empower clients and to provide safe and healthy offerings that encourage healthy choices will be monitored in several different ways. All clients who participate in Nutritional Assistance programs will complete an intake form that collects basic demographic information for households as well as financial and supplementary assistance information. This will be verified yearly starting in January.

All clients who attend Mission Market and Senior Commodities during the months of Sept/Mar, which is an average of 270 households/month, will complete satisfaction surveys. By tracking our clients' satisfaction, experiences in food insecurity, shared concerns, and willingness to take additional health & wellness steps, we can assess our environment of dignity and empowerment. To document the effectiveness of the healthy labeling system, volunteers conduct bag audits (recording every food item selected by clients with its label) at pre-intervention (Jul/Aug) and 3 month post-intervention (Oct/Nov) in hopes of seeing an increase in healthy choices.

In addition, we track participation in Nutritional Assistance workshops and classes. Not only is active and consistent participation recorded, but also client surveys gauge the knowledge learned and demonstrate impact on daily health choices.

With assistance and attendance records, the percentage of clients who receive Mission Market and Senior Commodities and engage in other complementary services can be seen.

Our leadership will evaluate data to assess areas of improvement, which will direct goals and objectives pointing to outcomes and program improvement to be implemented in the month of July.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Program Director, Meghan Talley - over a decade of experience directing similar efforts at The Nathaniel Mission and in other non-profit settings. Meghan brings dedication, visionary leadership, and compassion to The Nathaniel Mission's Nutritional Assistance Programs. She oversees staff and volunteer performance, coordinates strategic partnerships, and provides hands-on leadership where applicable.

Poverty Intervention & Prevention Coordinator, Stephanie Martinez - Fluent in Spanish with 3 years of social work experience, she provides hands-on leadership experience to our programs with longevity of vision, rapport with clients, a wealth of knowledge in resourcing, and the dedicated focus on achieving stated goals for the programs. She is responsible for developing educational programs such as Lunch & Learn, Health & Wellness Classes, and Diabetes Support Group. This development involves community partnerships, volunteer and client recruitment, and curriculum.

Operations Manager, Felsha Foster - Felsha's skills ensure that our services are available and accessible to all our clients. Felsha ensures that volunteers pick up food at local stores (Target, Kroger, Starbucks), maintains donation organization, ensures food safety protocols are followed, and places orders through our vendors.

Kitchen Manager, Amanda Burden - Amanda's many years of experience at many levels of commercial kitchen management, including direct food service and preparation, helps NM achieve high standards in regard to food safety, nutritional balance, culturally sensitive meal options, and more. Amanda's attention to detail and heart for service results in high scores in annual Health Department reviews, a welcoming and inviting kitchen for client participation, and excellence in service rendered.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

NM works in collaboration with many other organizations around Lexington to meet the needs of our clients. Partnerships include: 1. God's Pantry Meal Connect, which opens the door for rescued food donations from stores such as Kroger, Target, Aldi, and Critchfield Meats, as well as prepared meals from restaurants and catering businesses. 2. God's Pantry Commodity Supplemental Food Program, managing administrative tasks and delivery of Kentucky Department of Agriculture senior commodities. 3. God's Pantry Co-Op, providing the lowest price of specific non-perishable, such as vegetables, fruit, and whole grain pasta. 4. Save-A-Lot, free delivery of additional non-perishables orders. 5. Dollar Tree, providing household items purchased directly from the store. 6. Community agencies such as FC UK extension office, the health department, REACH, and other educational professionals for our educational classes. These formalized partnerships provide a wealth of goods for our clients to receive and allow NM to offer its programs without charge to our neighbors. Additionally, over a dozen local congregations provide essential volunteer support to our Nutritional Assistance programs. Kentucky Work recipients provide stable support for food preparation and process over 3,000 pounds of rescued food a week. We have an average of over 70 volunteers providing over 1,000 hours towards our Nutritional Assistance programs. NM has committed to securing additional funding and support for our Nutritional Access programs, including other grant sources such as the Good Samaritan Grant and donor drives such as the Good Giving Campaign.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency, including a language access plan; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor’s Commission on Racial Justice & Equality?

In looking at the demographics of the VRC, it is easy to see that the neighborhoods we serve are very diverse. 73% of Cardinal Valley Elementary School students are hispanic (highest in FC), which underscores the need for Spanish language support for our clients. We have two full time staff who are fluent in Spanish. Additionally, if a client speaks another language, our partnership with Access Language Solutions provides translation over the phone or through an appointment. Regarding physical disabilities, our campus and buildings can easily be accessed without physical barriers. Homebound seniors can give family or friends authority to shop at Mission Market or pick up Senior Commodities on their behalf. We regularly interact with clients who have mental and emotional disabilities. Staff and volunteers are trained in a trauma-informed approach that realizes the widespread impact of trauma and understands potential paths for recovery, recognizes the signs and symptoms of trauma, and integrates this knowledge into procedures and practices so that NM can effectively meet all client's needs. All staff receive civil rights training. Program spaces display the “Justice for All Poster,” which informs clients how to file a complaint. Every participant must receive fair and equitable treatment regardless of race, color, national origin, sex, orientation, age, or disability.

6.0 Program Budget Summary Form Instructions
