

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

Sole Source Purchases are defined clearly, based upon a legitimate need, and are limited to a single supplier. Sole source purchases are normally not allowed except when based upon strong technological grounds such as operational compatibility with existing equipment and related parts or upon a clearly unique and/or cost effective feature requirement. The use of sole source purchases must be justified and shall be limited only to those specific instances in which compatibility or technical performance needs are being satisfied.

Sole Source Services are defined as a service provider providing technical expertise of such a unique nature that the service provider is clearly and justifiably the only practicable source available to provide the service. The justification shall be based on the uniqueness of the service, sole availability at the location required, or warranty or defect correction service obligations of the service provider.

This form must be filled out for the request to purchase any good or non-professional service that requires a competitive procurement process (informal quotes (\$1001-\$10,000), formal quotes (\$10,001 - \$19,999.99), or formal bid (\$20,000 or more) as defined in the LFUCG's Purchasing Manual. This form must be completed in its entirety and attached to the purchase requisition.

Note: Sole Source Purchase requests for goods exceeding \$20,000 will require approval by the Urban County Council by submitting an Administrative Review Form. A copy of this form must be signed off by Central Purchasing and attached to the Administrative Review Form.

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

STATEMENT OF NEED: (Add additional pages as needed)

My division/department's recommendation for sole source is based upon an objective review of the product/service required and appears to be in the best interest of the LFUCG. I know of no conflict of interest on my part, and I have no personal involvement in any way with this request. No gratuities, favors, or compromising actions have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials, persons or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

1. Describe the product or service and list the necessary features this product provides that are not available from any other option.

The components are previously indicated are customized replacement spiral assembly which is the main component of a larger specialized enclosed conveyor type system manufactured by Parkson Corporation that is in operation at the West Hickman Creek WWTP and is necessary to convey the "screenings: removed by the #1 Fine Screen Unit for disposal into a dump truck located in a lower level room in the same building. The specified product is custom made by the Original Equipment Manufacturer (OEM) Parkson Corporation for the length and application for use at the West Hickman WWTP. Further, specified component is proprietary to OEM and as such an "or equal" aftermarket option is not available

2. Below are eligible reasons for sole source. Check one and describe.

Licensed or patented product or service. No other vendor provides this. Warranty or defect correction service obligations to the consultant. Describe why it is mandatory to use this licensed or patented product or service.

Existing LFUCG equipment, inventory, custom-built information system, custom-built data inventory system, or similar products or programs. Describe. If product is off-the-shelf, list efforts to find other vendors (i.e. web site search, contacting the manufacturer to see if other dealers are available to service this region, etc.)

Uniqueness of the service. Describe.

The LFUCG has established a standard for this manufacturer, supplier, or provider and there is only one vendor. Attach documentation from manufacturer to confirm that only one dealer provides the product. ATTACHED SOLE SOURCE LETTER FROM PROCESS PUMP AND SEAL, INC. OUR DISTRIBUTOR FOR CHESTERTON PRODUCTS.

Factory-authorized warranty service available only from this single dealer. Sole availability at the location required. Describe.

Used item with bargain price (describe what a new item would cost). Describe.

Other – The above reasons are the most common and established causes for an eligible sole source. If you have a different reason, please describe:

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

3. Describe efforts to find other vendors or consultants (i.e. phone inquiries, web site search, contacting the manufacturer to see if other dealers are available to service region, etc.).

Contact person, Venetia Parker, indicated that while there is a local representative, H P Thompson Co. Inc., for Parkson Corporation in the Kentucky region all sales and/or Purchase Orders should be submitted directly with Parkson Corporation.

4. How was the price offered determined to be fair and reasonable?

(Explain what the basis was for comparison and include cost analyses as applicable.)

The price offered was determined to be fair based on discussions with manufacturer and based on similar purchases from same for other "specialty" and/or proprietary equipment and/or components for use at or within the Town Branch and/or West Hickman Creek WWTPs.

5. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier.

While a specific dollar amount of savings cannot be provided it has been the experience of the West Hickman Creek WWTP administrative and/or maintenance supervisor(s) that replacement of unique and/or specialty items are usually, if not always, more cost effective and exact in meeting all required specifications when purchased through the OEM as opposed to having "product" reproduced by an alternate manufacturer/fabricator.
