To be approved to host an AmeriCorps Member with HHCK, all applying Service Sites must agree to provide a cash match of \$6,350 for each non-construction position and \$6,750 for each construction position. This match will assist with the operating budget for the Homes for All Program. The match is due to HHCK by October 15, 2017, unless other arrangements have been made in writing.

In addition to the cash match, applying Service Sites must agree to provide in-kind contributions in the form of 60 hours per month of Member supervision, office space, equipment use, and supplies as needed. A form will be provided to the Service Site to document in-kind contributions and must be returned to HHCK.

To be approved to host a Member through HHCK, all organizations must be current members of the Homeless and Housing Coalition of Kentucky (HHCK).

The organization must also agree to provide support to the Member assigned to the Service Site. The organization must be willing to allow the Member to attend all required HHCK trainings, meetings, and service projects. The organization agrees to keep open the lines of communication between the organization and the appropriate HHCK staff in regards to the Member's progress, any problems that arise, and highlights of the Member's service year. The Service Site agrees not to hire the Member until the Member's service commitment is complete.
