The Parties understand and agree that the Organization's obligation to defend the Government includes the obligation to investigate, handle, respond to, resist, provide a defense for, and defend claims, at Organization's expense, using attorneys approved in writing by the Government, which approval shall not be unreasonably withheld. The Parties also understand and agree that the Organization's obligation to indemnify includes, but is not limited to: attorney fees and expenses, costs of litigation, court and administrative costs, expert witness fees and expenses, judgments, fines, penalties, interest, all environmental cleanups and remediation costs of whatever kind, and any liability arising from death, injury, or damage of any kind, to any person, including employees and agents of Organization and Government, and damage to, or destruction of, any property, including the property of Government. 7. Organization represents that it has filed all federal, state and local income tax returns required by law in the legally prescribed time and manner. This Agreement shall not become effective unless and until copies of all of the executed originals of the aforementioned tax returns filed for the Organization have been registered for the current tax year by the Organization in the office of the Sponsor, and the Organization shall not be compensated unless and until such registration has taken place.

8. The Organization shall, on such forms as the Sponsor shall provide, submit to Sponsor an annual report and financial statement which summarize the previous year's activities regarding the services enumerated in Exhibits A and B attached hereto.

9. Books of accounts shall be kept by the Organization and entries shall be made therein of all money, goods, effects, debts, sales, purchases, receipts, payments and any other transactions of the Organization. The books of accounts, together with all bonds, notes, bills, letters and other writings belonging to the Organization, shall be maintained at the principal place of business of the Organization as set forth in this Agreement. Government shall have free and complete access to the books, papers and affairs of the Organization, that relate to the performance of this Agreement, at all reasonable times, and if it desires, it may have the books and papers of the Organization, that relate to the performance of this Agreement, audited and examined by auditors, accountants or attorneys. Any examination shall be at the expense of the Government.

10. Government may designate such persons as may be necessary to monitor and evaluate the services rendered by the Organization. The Government, its agents and employees, shall, at all times, have unrestricted access to all places where or in which the services required hereunder are being carried on and conducted. Inspection and monitoring of the work by these authorities shall in no manner be presumed to relieve in any degree the

responsibility or obligations of Organization, nor to constitute the Organization as an agent of the Government.

11. Organization shall provide equal opportunity in employment for all qualified persons, shall prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and shall cause each of its subcontracting agencies to do so, except where exempt under applicable federal law. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices, except where exempt under applicable federal law.

12. Organization shall adopt a written sexual harassment policy, which shall, at a minimum, contain a statement of current law; a list of prohibited behaviors; a complaint process; and a procedure which provides for a confidential investigation of all complaints. The policy shall be given to all employees and clients and shall be posted at all locations where Organization conducts business. The policy shall be submitted to Sponsor for review within thirty (30) days of the execution of this Agreement.

13. This instrument, and additional documents attached hereto, contains the entire agreement between the parties, and no statement, promises or inducements made by either party or agent of either party that is not contained in this written Agreement shall be valid and binding; and this Agreement may not be enlarged, modified or altered except in writing signed by the parties and endorsed hereon.

14. Organization agrees that it shall apply all funds received by it from the Urban County Government in accordance with the following investment policy guidelines:

- A. Objectives: Capital preservation with surety of income. Reasonable competitive income consistent with high investment quality and purpose of funds. All investments shall conform with state and local law and regulations and these policies.
- B. Investment Funds Management: The governing board may elect to either:

(1) Manage its investment through its executive director where the size or complexity of funds to be managed is deemed by the board to be within the training, expertise and/or available time capacity of the executive director and the operating staff; or

(2) Utilize the professional investment management facilities of a local bank trust department acting in a fiduciary capacity within the same approved investment policies and federal, state, local and trust laws and regulation. The trust department may utilize its regular short-term one hundred percent (100%) US Treasury Fund for daily funds investment.

The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

(1) Short-term liquidity funds shall be invested in "riskless" investment, i.e., deposits in Kentucky commercial banks or savings and loan associations that are fully federally insured or deposits collateralized by U.S. Treasury securities with a current market value of at least one hundred percent (100%), or in direct obligations of U.S. Treasury securities.

Investments shall be diversified according to maturity in order to meet projected cash flow needs.

Collateral pledged to secure uninsured deposits shall be held at a federal reserve bank with the receipt providing absolute control by the agency.

(2) Retirement funds, endowment funds, long-term capital reserve funds and any other special funds may be held and invested by a local bank trust department under investment objectives and diversification in accordance with the individual nature of the funds and pursuant to the "prudent man" investment rule as well as general trust law.

(3) All investments shall be reviewed monthly by a finance or investment committee of the agency.

(4) Local brokerage firms may hold and invest funds provided that investments are located within Kentucky and are full insured.

D. Audit - - All investments shall be audited at least annually by independent certified public accountant who shall express an opinion as to whether or not investments during the year audited have conformed with state and local law and regulation and with the approved investment policies.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Over the last two years, Lexington has seen an increase in the number of people who are living on the streets, without shelter. Jim Frazier, chairman of the Downtown Lexington Management District, said many downtown business owners have felt the impact of this first-hand. "I get calls about it every day. These merchants are upset. Many of these people have mental health issues or drug issues. It's a very complex problem." (Musgrave, Beth. "Lexington will soon see bigger law enforcement presence," Lexington Herald-Leader, 2/15/2022.)

In FY2021, 3,065 people experienced homelessness in Lexington, according to HMIS. Since the pandemic began, many homeless people refused to go to local shelters for fear of being in a congregate setting and becoming ill or being unwilling to endure the long lock-downs and quarantines. Others were unable to go because of their criminal record or banned due to infractions. The Catholic Action Center, historically the only option for people in those circumstances, is no longer taking new guests since the pandemic started. As a result, hundreds of homeless people are living outside of the shelter system - on sidewalks, under bridges, in abandoned buildings, and in encampments. They face hunger, isolation, mental illness, addiction, violence, and a myriad of health issues. This is our target population: people who are unsheltered homeless in Fayette County.

Without consistent care and help addressing their needs, these vulnerable individuals face dire circumstances and create a strain our city's emergency response system, police, and the community as a whole.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Our Street Outreach Program provides mobile case management to people experiencing homelessness who are living without shelter. Each 30-minute case management session is a unit of service, and we will provide 500 units of service annually.

This will be provided by our Street Outreach team, including a FT Street Outreach Coordinator, a FT Case Manager, and an AmeriCorps Housing Counselor who go out into the community to find people who are living on the streets, in cars, or in camps. Our first goal is to build relationships and earn their trust so we can help them. We do this by delivering food, clothing, sleeping bags, socks, toiletries, and other necessities. A retired volunteer doctor goes out with our team several days a week to treat urgent medical issues, and we partner with New Vista's mobile crisis unit to connect people with emergency mental health services.

Once we have addressed their immediate physical needs and earned their trust, we are able to begin helping them get out of homelessness. We bring them to shelter, document their homelessness in HMIS so they can access housing assistance and help them connect with housing programs in the Continuum of Care, order birth certificates and take them to get IDs, help them get into substance abuse treatment, and offer them jobs through our employment program.

This program was launched in July 2021, and in the first six months, we provided 284 case management sessions to 210 people. Of these, 127 people are receiving ongoing case management.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

We serve any person who is experiencing unsheltered homelessness. Our team goes out into the community to meet the people where they are - at day centers, encampments, parks, and parking lots - to eliminate the barrier of transportation. The program is intentionally designed to provide extremely low-barrier, person-centered, non facility-based services.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Outreach with engagement is an essential component of a community's response to unsheltered homelessness, according to The Center for Evidence-Based Solutions to Homelessness (CESH). According to the 2020 CESH brief, "Strengthening Outreach with Engagement," the four core elements of an effective homeless outreach strategy are:

- 1) A systematic, coordinated, and comprehensive approach that entails building collaborations across sectors, including homeless service providers, law enforcement agencies and first responders, and other broadly-focused organizations. These collaborations would also include coordinated entry processes into the homeless assistance system and data sharing to help identify and assist high-need individuals.
- 2) A focus on connecting people to stable housing along with access to healthcare and other services and supports.
- 3) A person-centered approach that focuses on the individual's needs with an understanding of the lived experience of homelessness and of traumas that individuals may have experienced.
- 4) An emphasis on harm reduction that works to build connections with individuals and connects them to a range of treatment options while also providing critical, immediately needed resources, including basic needs such as access to clean water and hygiene services.

"Coordinated street outreach that identifies and engages people living in unsheltered locations ... plays critical roles within systems for ending homelessness. Effective street outreach reaches people who might not otherwise seek assistance or come to the attention of the homelessness service system and ensures that people's basic needs are met while supporting them along pathways toward housing stability." US Interagency Council on Homelessness, June 2019

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Lexington Rescue Mission's Street Outreach Program is working in collaboration with the Office of Homelessness Prevention and Intervention, the Lexington Police Department, EMS, and our Continuum of Care partners to decrease the number of unsheltered homeless individuals living in encampments and in uninhabitable places.

Our case plans are tailored to the individual goals of each client since we have a person-centered philosophy. Common goals include helping clients get into shelter, helping them enter into substance abuse treatment, helping them connect to mental health treatment, helping them get jobs, helping them reconnect with family, and helping them move into housing. A successful completion of services would be completing their personal goal.

Since we just started this program in the summer of 2021, we are still in the early stages of collecting outcomes. However, we have already seen some early successes. In the first six months, our Street Outreach Team engaged 338 unsheltered homeless people in services. Of those, we were able to connect 45 to emergency shelter and get 39 people into residential substance abuse treatment. We have also helped clients reunify with family, including one man who was in a wheelchair, trying to survive on the streets in the winter. We were able to connect him with his brother in Hazard and got him back home via Greyhound. We also helped one man reconnect with his state guardian, who had been searching for him, and get him back into permanent housing.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Barriers faced by those who are homeless breed discouragement and mistrust. Repeated failure can rapidly eat away at their belief in themselves and their hope for solutions. As more and more doors are closed to them, they may also begin to question the integrity and intentions of service providers.

Billy was one of these people. When our Street Outreach Team found Billy, he was sitting under a railroad overpass. It was raining outside, and Billy had only one leg and no wheelchair. Our Street Outreach Team asked Billy if they could help him. He told them he had tried to get help before, but no one would help him. After talking with Billy for awhile, they realized he was a veteran and might have access to benefits. They helped him navigate the system and connect with the right people. Today, Billy has a wheelchair and an apartment of his own. He tells us he has access to healthy food, medical care at the VA, and feels better today than he has in years. He has clean and dry clothes and a warm and safe place to live. Billy told us he is so thankful our Street Outreach Team found him.

In addition to helping people get off the streets and into housing, these services bring real value to the community. Our city is safer when people's mental health needs are addressed, when they go to treatment for substance abuse, and when they are no longer wandering the streets.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Our goal is to decrease the number of unsheltered homeless and chronically homeless individuals living in encampments and in uninhabitable places.

Our objectives reflect our desired outcomes for our clients. Our short-term objective is that our clients complete their personal goal, which may be going to shelter, going to substance abuse treatment, connecting to mental health treatment, reconnecting with family, getting a job, or obtaining housing. Our long-term objective is that our clients exit homelessness and do not return to homelessness within a year.

We will track clients' personal goals and progress they are making in completing these goals after each case management session in Charity Tracker, our secure online client database. Each quarter, we will use HMIS to determine if our clients have exited homelessness or if they have returned to homelessness within Fayette County. We will do this for all clients served within the grant period. Outcomes will be reported quarterly by the Director of Outreach Services to the Executive Director, who then reports them to the Board of Directors. The board conducts a full program evaluation biennially.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Chris Lunsford has served as the Street Outreach Coordinator since we launched the program in June 2021. Having experienced addiction and homelessness himself, he not only has a passion for serving those who are homeless but a credibility that only comes from having walked in their shoes. Chris recently completed The Outreach Training School at Metro Relief in Dallas, Texas. Prior to his role at the mission, Chris worked as an intake specialist at Revive Ministries.

Jessica Leger serves as the AmeriCorps Housing Counselor with our Street Outreach Team. She completed her Master's in Social Work in 2021. Both Jessica and Chris have completed the state's Targeted Case Management Core Training.

In 2022, we plan to hire a second full-time Street Outreach Case Manager to help manage the increasingly large caseload.

Dr. Greg McMorro is volunteering to provide medical services to our street homeless clients. He goes out several days a week with the team to meet one-on-one with clients to tend to their medical needs and concerns.

Erica Dominguez is our Director of Outreach Services. She supervises these positions and oversees the Street Outreach Program. For this grant, she will oversee outcomes measurements and reporting; however, we are not including her salary in the program budget. Erica earned a BSW in 2003 and an MSW in 2014. She served as Program Director for E7 Kids Cafe from 2012-2016, joined our staff in 2016 as a Resource Coordinator, and took on her current role in November 2017.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

We are working closely with the Office of Homelessness Prevention and Intervention, the Lexington Police Department, Lexington EMS, The Hope Center, The Salvation Army, Community Action, and New Vista to ensure our Street Outreach Program is an integral part of the city's comprehensive plan to combat homelessness. We have a MOU with the New Life Day Center to provide our street outreach case management services to their clients. We are active members of the Continuum of Care, attending all committee and board meetings to coordinate our services with our partners.

Dr. Greg McMorrow, who is volunteer member with our Street Outreach Team, is also a member of our Board of Directors. Through his work caring for Street Outreach clients, he is able to inform our board about the needs in service delivery and program administration as they make decisions.

The City of Lexington allocated HUD funds to the Street Outreach program through a COVID Emergency Solutions Grant (ESG-CV) that has allowed us to purchase a much-needed van to use to operate the mobile program, supplies for clients, and staffing support. That grant, which was a one-time grant funded through the CARES Act, will end in August 2022. Good Samaritan Ministries (formerly the Good Samaritan Foundation) has also awarded the Lexington Rescue Mission a \$15,000 grant to cover the expenses of medical supplies and medicine to treat our Street Outreach clients.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Lexington Rescue Mission is committed to ensuring our services are equally accessible to all participants. We have adopted a non-discrimination policy that meets HUD standards. While we are a faith-based ministry, our services are open to all people regardless of their religious affiliation. This program is designed to be very low barrier for people experiencing unsheltered homelessness. People are accepted regardless of income, history of or current substance abuse, or criminal record. Every effort is made to accommodate persons with mental and physical disabilities. We meet clients where they are so this further alleviates the barrier of transportation.

Allan Alvarez, our Pastoral Care Coordinator, is Hispanic and often goes out with the team to translate for Spanish-speaking clients. In addition, Erica Dominguez, who oversees the program, is fluent in Spanish and serves as a translator when needed. We will use Access Language Solutions to provide translation services in other languages as needed.

We used the CoC's Racial Equity Analysis to see where there are disparities in homeless outcomes citywide and utilized those findings to review our policies and procedures and ensure we are providing equitable service opportunities for all clients. This program will enhance the recommendation made by the Mayor's Commission on Racial Justice and Equality to improve transportation services. By bringing mobile medical services to those on the streets who lack transportation, connecting them with New Vista's mobile crisis unit, and bringing them to substance abuse treatment programs, we are eliminating transportation as a barrier for the most vulnerable.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

1.1 Background

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2023 and 2024 (July 1, 2022 – June 30, 2024), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Community Wellness & Safety

Projected funding is approximately \$900,000 of total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2023 Budget.

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing ***Mental Health, Substance Misuse Disorder, and Community Violence Intervention***. Funding Priority Area: Community Wellness & Safety

Projected funding is \$900,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing **Mental Health, Substance Misuse Disorder, and Community Violence Prevention**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models. These programs may address one or more of the following areas, but shall not be limited to:

- **Substance Misuse Disorder**, which include prevention of alcohol and drug abuse; prevention and treatment of addictive and mental disorders through programs and services for individuals who suffer from these disorders; and harm reduction.
- **Mental Health**, which is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.
- **Community Violence Prevention**, which includes **Youth Violence Intervention**, including Gang & Gun Violence, Child Abuse & Neglect Services, Sexual Violence Prevention, Elder Abuse Prevention, Suicide Prevention and Intimate Partner Violence Prevention and Stalking.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn’t have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor’s Commission on Racial Justice & Equality?

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to the 2019 Map the Meal Gap study, there were 38,370 food insecure people in Fayette County. While there are 20,084 households in our county who live in poverty, only 12,357 households receive food stamp benefits (2019 ACS 5-Year Estimates). Even with SNAP benefits, accessing healthy and affordable food is very hard in some neighborhoods. This problem is particularly pronounced in the Georgetown Street corridor, where our Outreach Center is located. It is classified as a food desert by the USDA because a significant number of residents are more than one mile from the nearest supermarket.

The most vulnerable are those with very low food security, particularly the homeless. Because homeless people don't have a place to store food or prepare meals, they don't benefit from food pantries but must instead rely on congregate meals. Additionally, because they lack a fixed address, any SNAP benefits they receive often get cut off and must be reinstated. Lexington Rescue Mission is one mile from the Hope Center and Salvation Army, and many shelter guests depend on our breakfasts, lunches, and social services when they leave the shelters during the day. Additionally, many of our guests are unsheltered homeless, sleeping on the streets or in vehicles.

The COVID-19 pandemic has exacerbated homelessness and severe food insecurity. There were 3,065 people documented in HMIS as homeless in our city in FY2021, and more than half of them (1,718) were homeless for the first time. Congregate meals are vital for these people experiencing homelessness.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Lexington Rescue Mission provides meals to anyone who is hungry. Our Outreach Center offers meals Monday through Saturday, including breakfast from 9-10 a.m. on weekdays and 10-11 a.m. on Saturdays and a hot, nutritious lunch from 12-1 p.m. We also provide bread, fruit, and vegetables for guests to take with them. Additionally, we provide food to residents in our transitional homes. Each meal is a unit of service. In 2021, we served 46,543 meals to the hungry, compared to 44,302 in 2020. In addition, we distributed 599 emergency food bags to those who lacked food access, but missed the congregate meals. As we are facing skyrocketing food costs and supply issues, the ESR funds will enable us to continue to meet the increased need for food for those who are hungry.

People often come to the Mission initially for a meal and stay for our walk-in hours, where staff assist them with basic needs and help them take steps out of poverty. Walk-in hours are Tuesday, Wednesday and Thursday from 1-3 p.m. During these times, guests meet with a case manager who assists them with their needs, including clothing, toiletries, bus passes, IDs, housing, employment, etc. The case manager helps immediately with the needs to Mission can meet and connects clients to other programs to meet additional needs. These resources help clients increase their income, obtain housing, and access benefits, thus improving their food security.

In 2021, 2,389 people came go walk-in hours for assistance and 1,009 were new clients.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

There are no eligibility requirements for people to participate in our food services. Everyone is welcomed. However, we do expect people not to bring alcohol, drugs, or weapons into our building and to not cause harm to themselves or others.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Lexington Rescue Mission has implemented both the short-term and medium-term strategies outlined in "Evidence-Based Strategies to Build Community Food Security" published in the Journal of the American Dietetic Association (McMullum, Desjardins, Kraak, Ladipo & Costello, 2005). These strategies include:

1. Counsel clients to maximize access to existing programs providing food and nutrition assistance, social services, and job training. We commonly assist guests with accessing food during walk-in hours. Last year, our staff distributed 599 bags of groceries to people needing emergency food assistance. Additionally, during walk-in hours, our staff provided 986 clothing vouchers to Goodwill, 1,042 hygiene supplies, 227 people with transportation (bus passes, Greyhound tickets, and fuel cards), and conducted 220 housing assessments using the VI-SPDAT so we could place these clients in our Homeless Intervention Program, and, as eligible, on Lexington's Coordinated Entry list for permanent housing. Furthermore, we connected 76 people to our job training and placement services and six people to our transitional housing.
2. Identify food quality and price inequities in low-income neighborhoods. As mentioned above, our neighborhood is in a food desert with no grocery store. There is one convenience store that carries high-calorie snacks, a very limited supply of non-perishable food, energy drinks, soft drinks, and alcohol. We also participated in the community forums hosted by the Mayor's office to learn about healthy food access in our neighborhood.
3. Connect emergency food programs with local agricultural projects. See answer to Question 5.3.2
4. Create multi-sector partnerships and networks. See answer to Question 5.3.2

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

The Lexington Rescue Mission helps clients improve their food security. Our service philosophy is to alleviate hunger by providing nutritious meals while addressing the underlying causes that contribute to food insecurity in our community such as a lack of sufficient income and lack of stable housing.

In the short-term, clients will successfully complete services if they report better access to nutritious food after coming to the Mission. In a survey conducted of Mission clients in February 2022, 25% of clients said that before coming to the Mission they always had access to nutritious food, and 44% said they had a hard time accessing nutritious food. After coming to the Mission, 51% of these clients said they always had access to nutritious food, and 15% said they had a hard time accessing nutritious food.

Our long-term objective is that clients will receive a meal and connect to additional assistance at Lexington Rescue Mission, including social services, job training and placement, and housing. As mentioned above, 2,389 people came to walk-in hours for social services last year, including 1,009 new clients, many of whom learned about our services at a meal. From walk-in hours, 220 people were assessed and placed on the Coordinated Entry list for housing, 76 clients were connected to employment services, six to our transitional housing, 15 to our re-entry services, and 58 homeless households were moved into permanent housing through our Homeless Intervention Program.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Providing access to healthy and fresh meals to anyone who is hungry is a meaningful way to meet an immediate need while also introducing guests to the other services that can help ensure long-term food security. As an entry point into the Lexington Rescue Mission, meals are more than just a gateway to other services; they are also an opportunity to build relationships that encourage positive life changes and, ultimately, provide hope for the future.

Cathy is one client who found hope at the Mission. She started coming to the Mission about a year ago because she did not have access to food. She also met with a case worker from time to time to receive assistance with other needs such as clothing and toiletries. A few months ago, Cathy told our volunteer coordinator that she would like to help out at the Mission. She sorted clothes, helped with administrative duties, did laundry for our guests, and served meals. Cathy did a great job and received a lot of encouragement from our staff. She was shy at first, but over the weeks her confidence grew. A few weeks ago she came in and was beaming. Our employment services coordinator helped Cathy get an interview with a local hotel, and they offered her a position in their housekeeping department. Cathy will now have resources to provide for herself, and she will face each day with purpose.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Our goal is to help clients improve their food security. Our short-term objective is that our clients will report consistently better access to nutritious food after coming to the Mission, and our long-term objective is that clients who receive a meal connect to additional assistance, including social services, job training and placement, or housing.

We measure our effectiveness in meeting the short-term objective by conducting an annual Snapshot Survey. For example, in this year's survey, we asked if they skipped meal(s) in the last week, if so, what meal(s) they skipped, how they would rate their access to nutritious food, and how many meals they typically skipped a week. We serve meals to an estimated 6,000 people each year so we must rely on sampling to determine our effectiveness. In order to achieve a 95% confidence rating in the survey, we plan to sample at least 361 people in this annual survey. We also conduct client satisfaction surveys every quarter to get feedback about the quality of the meals, portion sizes, and food selection.

We track all current and new clients who access other programs in Charity Tracker, our secure online client database. We also track where they first heard about these programs so we can determine the extent to which meals lead clients to these other programs. Outcomes are reported quarterly by the Director of Outreach Services to the Executive Director who reports them to the Board of Directors. The Board formally reviews each program biennially.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Tammy Clay is our full-time Food Service Coordinator. Tammy is responsible for menu planning, ordering food and supplies, managing the program's budget, preparing food for congregate meals, making the emergency food bags and ensuring food safety. Tammy is a certified Food Manager and worked in food services for Tin Roof and Kentucky State University before joining our staff in 2017.

Because of the growth in our food service, we are also hiring a full-time Kitchen Manager. This position will assume some of the job duties currently being done by the Food Service Coordinator. In addition, this position will manage and train the kitchen and food service volunteers. This position is currently being promoted, and we hope to hire as soon as possible.

Erica Dominguez is our Director of Outreach Services. She supervises both positions and ensures our food services are coordinated with all of our outreach services. For this grant, she will oversee outcomes measurements and reporting; however, we are not including her salary in the program budget. Erica earned a BSW from Northern Kentucky University in 2003 and an MSW from U.K. in 2014. She served as Program Director for E7 Kids Cafe from 2012-2016, joined our staff in 2016 as a Resource Coordinator, and took on her current role in November 2017.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

Lexington Rescue Mission works closely with a number of community agencies and the City of Lexington to improve food security and nutritional access. We partner with Glean KY to provide fresh fruits and vegetables to our clients and Southland Christian Church for fresh produce from their garden. Our Executive Director serves as the Chair of the Fayette County Emergency Food and Shelter Board, coordinating food service with agencies including God's Pantry, the Hope Center, and the Salvation Army. We also work with many local restaurants who regularly donate food. These include Chick-fil-A, Lee's Famous Recipe, Red Lobster, Olive Garden, Canteen and North Lime Donuts.

We have approximately 50 volunteers who serve weekly in food service and because many of them have served for years, they have built strong relationships with our staff and are comfortable providing regular feedback about ways to improve our services. One of our board members, Kaleb Heitzman, volunteers weekly at the Outreach Center, talking with many of our meal guests, and his experience informs the board as it makes decisions about these programs.

Our meal program is primarily funded by individuals, businesses, and churches in the community, which provide over \$50,000 of general operating support of the program. We also received a grant from the Cralle Foundation for \$7,500 for community meals. We have a number of groups who sponsor food drives, which helps us keep our food costs down, including Valvoline, UK Federal Credit Union, Daybreak Community Church, Pepsi Co., and Amir Barber College.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

We are committed to ensuring our services are equally accessible to all participants. We adopted a non-discrimination policy that meets HUD standards. While we are a faith-based ministry, our services are open to all people regardless of their religious affiliation.

Our meals are open to everyone and guests are not required to show an ID, verify income, or participate in other services to eat. Our Outreach Center is around the corner from a LexTran bus stop and is fully accessible to people with physical disabilities, with a ramp leading directly to our dining room. The building meets all the requirements of the Americans with Disabilities Act. With 43% of our guests self-reporting mental illness, we are well-equipped to serve them. Our staff complete Mental Health First Aid training and receive training in both de-escalation skills and providing trauma-informed care.

Our meals are free-of-charge to ensure they are easily accessible to everyone who is hungry regardless of income. Erica Dominguez, our Director of Outreach Services, is fluent in Spanish, and our Spiritual Care Coordinator, Allan Alvarez, is Hispanic. They translate for clients who are Spanish speakers. For clients who speak other languages, we will engage Access Language Solutions to provide translation services over the phone and in person, as needed. We promote our services at community events, neighborhood fairs, mission fairs, and U.K. campus events to reach the broadest audience. We are implementing the recommendation of the Mayor's Commission to improve food access and healthy food options in a food desert.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

Funding Priority Area: Food Insecurity and Nutritional Access

Projected funding is \$600,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance **Food Insecurity and Nutritional Access** by supporting programs and services for the provision of addressing having reliable access to a sufficient quantity of affordable, nutritious food and providing nutritional services. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models.

Food security is a situation that exists when all people, at all times, have physical, social and economic access to sufficient, safe and nutritious food that meets their dietary needs and food preferences for an active and healthy life. Nutrition includes management for congregate and home delivered meals, delivering quality meals to nutrition sites and homebound clients so clients have nutritionally sound meals.

USDA Definitions:

- **High food security:** no reported indications of food-access problems or limitations.
- **Marginal food security:** one or two reported indications—typically of anxiety over food sufficiency or shortage of food in the house. Little or no indication of changes in diets or food intake.
- **Low food security:** reports of reduced quality, variety, or desirability of diet. Little or no indication of reduced food intake.
- **Very low food security:** Reports of multiple indications of disrupted eating patterns and reduced food intake.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals?
