The Government, its agents and employees, shall, at all times, have unrestricted access to all places where or in which the services required hereunder are being carried on and conducted. 11. Organization shall provide equal opportunity in employment for all qualified persons, shall prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and shall cause each of its subcontracting agencies to do so. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Through February 2022, there were 11 victims (under 21) of homicide or assault with a firearm. There were 8 in 2021 and 8 in 2020. Mapping in 2020 showed 79% of the violence occurred in North Lexington and were overwhelmingly male. Still 80% of 155 MADE students had held a gun, 93% knew someone who had been shot or killed, and 47% had been arrested.

MADE, the Urban League's violence prevention program for at-risk students, targets low-income, middle and high school students of color. Data shows that Black and Brown students are the majority offenders, their graduation rate is 11% below their White and Asian peers, and account for 61.8% of school discipline referrals - of which 68.3% are males. Without a diploma/GED, youth are susceptible to crime, and "face increased chances of unemployment and poverty, which are also major contributors to the factors behind committing a crime."

We partner with the school district, One Lexington and OMAC. This provides a seamless transition between grade levels, service delivery, and continuity of adult mentorship. Our students are "...looking for ways to understand and express their masculinity. Many of them, unfortunately, have no father or consistent male role model in their lives. Yet television, movies and music videos provide more models than needed of violent male behavior, posture and accouterments." This is how MADE fits within the system; providing a constant role model with street-sense, supporting academic performance, providing cognitive behavioral therapy, from middle school to graduation.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

COGNITIVE BEHAVIORAL THERAPY –Students meet weekly for a one-hour, group therapy sessions with the MADE Director, Licensed Clinical Social Worker, and school support staff. Lessons are focused on social and emotional learning. Traumatic events thwart the planned lesson to help students process their feelings and identify other solutions. The National Institute of Justice says CBT addresses violence by helping students: become more aware of thoughts and feelings; understand the connection to unlawful behavior; and find new ways of thinking. These skills are known to decrease negative behaviors and disciplinary actions.

EDUCATIONAL COMMITMENT –Evidence shows that "students with the highest truancy rates have the lowest academic achievement rates, and because truants are the youth most likely to drop out of school, they have high dropout rates as well." Therefore, we monitor grades, attendance, and behavior weekly before CBT and work with teachers on make-up assignments, missed learning, tutoring, assist with summer school and credit recovery programs, and encourage parent engagement.

PROVIDE MENTORS - "For those youth who have a family member in jail or just grow up around maladaptive behavior, such as violence, abuse, and disrespect to authority, these actions are engrained into their minds as normal and automatic, simply 'part of life.'" Staff and mentors provide 24-hour access and make a multi-year commitment. Mentors within the schools are reminders to make better choices, focus on education, and reiterate lessons learned in group therapy. Mentors are another protective factor.

5 Points

5.1.3 Client Eligibility and Requirements

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

MADE middle and high school students are identified by their families or school staff based on their lack of performance in the classroom and increased participation in negative behaviors such as gang involvement, being suspended, and poor attendance. No students is turned down from participating in this free program.

Participants are expected to attend 75% of MADE cognitive behavioral therapy sessions. They are expected to make improvements with school attendance (i.e. excused absences over unexcused, reduce in/out-of-school suspensions and classroom removals, and make improvements in school conduct). Students are expected to improve academically (decreases the number of Ds and Fs on weekly grade checks, and improve GPA). Students are expected to decrease unsavory activities like gang involvement, carrying weapons, drug use, using defamatory language, and breaking curfew (set by parents, school, and local laws).

MADE works. Annually, we observe decreases in negative behaviors and academic improvements. In school year 2022, 11 of 24 seniors graduated early and with a 3.0+ GPA. Of 163 students, 116 (71%) are passing all classes with 64% making academic progress in the last six months. Fifty-four students (33%) made the honor roll in December 2021. We believe the extra attention and support, mentors, goal-setting, counseling, motivation, and peer support are helping them to focus on being successful; choosing a positive lifestyle over what our director calls a "death-style."

10 Points

5.1.4 Evidence-Based/Best Practice

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Best practices most utilized are from the Center for Disease Control and the Phoenix Curriculum. All emphasize Cognitive Behavioral Therapy because it teaches youth to slow down their decision-making processes, and be less impulsive. Notably, CBT "delivered weekly hour-long group sessions to at-risk male youth for one to two school years" see arrests decrease by 12% and youth were 9% more likely to graduate high school on time." The CDC reports that CBT is also effective in decreasing depression, anxiety, post-traumatic stress disorder and other trauma symptoms in children and teenagers.

Mentoring is another best practice. The CDC notes that youth with caring adult relationships are less likely to be involved in negative behaviors including crime and violence. Benefits include increased graduation rates, healthier relationships and lifestyle choices, better self-esteem, self-efficacy, and improved behavior.

We also utilize the Cycle of Change which helps participants see their progress in making positive changes. It includes: Pre-Contemplation – no intentions of changing their behavior; Contemplation – aware the problem exists but have no commitment to action; Preparation – intent on taking action to address the problem; Action – active modification of the behavior; Maintenance – sustained change and new behaviors replace the old; and Relapse. Other implemented best-practice models include street outreach that connects families with social services and mediate conflicts. This component has led to 38% reduction in gang-related homicides at 24 months (Cincinnati) and drop in homicides for youth ages 15–24 (Indianapolis). Staff/mentors make home visits and are onsite during and after trauma.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

MADE students will develop a positive self-belief and self-regulation skills. Our service philosophy is that each student is capable; capable of learning and growing with the right scaffolding. Success is measured by increasing positive behaviors that offset risk factors for violence.

Outcome 1: Increased skills in communication, emotional regulation, problem solving, conflict resolution, and impulse control. Successful completion is attending 75% of weekly sessions in the school year. Other Indicators: • 83% gain/use conflict resolution skills, anger management, problem solving, and effective communication. • 60% make progress through the Theory of Change and pre/post assessments • 50% decrease negative activities in/outside the classroom

Outcome 2: Increased positive adult/mentoring relationships that offset the negative imagery students experience in their communities and media platforms. Completion is meeting with the caring adult weekly for 55% of the year. Other indicators: • 51% make progress on their individual development plan with mentor coaching • 33% participate in enrichment activities with mentors

Outcome 3: Increased graduation rates and improved academic performance. Service is complete when students achieve no Fs during reporting period. Other indicators: • 85% of seniors graduate high school within 5 years • 83% improve school attendance • 65% decrease the number of D's and F's at the end of two grading periods • 50% parents engage in their student's academic achievement • 33% participate in academic support activities

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

The MADE family is the difference between life and death. MADE negates cognitive distortions, improves behavior, and emotional responses leading to less youth violence in our community yielding a better educated workforce, increased earning potential, less demand on social services, and improved quality of life.

Quinten joined MADE when he was 12. For six years he participated in all the program components. Because of that scaffolding "Q" graduated from Bryan Station High School with a full scholarship to play football at Eastern Kentucky University. Today, he is a senior expecting to graduate on time.

"I got youth going away to big colleges, who they thought would never even finish school let alone get a scholarship to a major university, while others who were known most of their school years for fighting and being disruptive in class are now going into the military to fight and protect us and our country."

In school year 2021, 119 of 154 participants attended 75% of CBT sessions, 97% decreased unexcused absences, and 116 decreased Ds and Fs on two or more grading periods. Through service-learning projects, students delivered essential items to the homeless, and packed relief items for Hurricane victims. MADE director said, "We understand that when the youth invest in their communities it makes it much harder for them to destroy it and the others that live in it."

5.2.3 Data Assessment & Quality Improvement

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

CBT sessions teach conflict resolution, anger management, active listening, mediation, and self-efficacy. These skills help youth "establish healthy relationships, prevent youth violence, set them up for good employment, and generally be more successful in life." We consider the methods effective when 83% of 150 students gain these skills. A pre/post assessment from The Youth Risk Behavior Surveillance System is given to all participants at the beginning and end of each semester (Aug – Dec, Jan – May) to monitor peer conflict and aggressive behaviors. We're successful when the majority have made improvements. If not, we analyze individual responses to identify what needs to be enhanced or replaced. Annually, we assess their Theory of Change progress and design a specific plan for that student to succeed.

MADE weaves positive adult/teen relationships that empower students to reach their individual goals. The youth sets an individual development plan with SMART goals. The mentor coaches the student in achieving those goals. Tracking student progress quarterly on their IDP indicates if the mentorship is working. If not, a new connection is made.

Academically, we evaluate the change in academic standing. Grades are monitored weekly prior to group therapy and at the end of the grading period. Our overall assessment is based on 2 consecutive progress reports during the school year by all students. Seniors are evaluated at the end of summer school. Parent engagement is measured twice through-out the school year through self and mentor reports.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Logan Avritt is the director of MADE. Avritt has real-world experiences with gang activity, negative behaviors, several identified Center for Disease Control risk factors for youth violence, and has served 10 years in prison. Upon his release in 2008, he came to Kentucky and started working with his uncle to help students with credit recovery. Shortly thereafter, MADE was created and though endorsed by the school system, they could not hire him because of his background. Fourteen years later Logan is still employed by the Urban League to lead MADE within 12 participating schools, provide clear direction, provide motivation, social and emotional support to students and families, build soft skills in students, provide career exposure to students, provide cultural activities, mentor and train mentors, and educate the community about the challenges MADE students face.

Quincy Murdock, is a former University of Kentucky football player, Freedom Writer teacher, works in Fayette County Public Schools and has a Masters in Social Work and is a Licensed Clinical Social Worker. Quincy has been working with the MADE program since inception in 2008. He provides the therapy part of this dynamic team including social and emotional learning, cognitive behavioral therapy, motivational enhancement therapy, monitors movement on the theory of change, recruits volunteers, and assists with data tracking.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

As a community, the Racial Justice and Equality (RJE) report indicates we want to educate students and prepare them for life-long learning. The scope of work for this proposal includes addressing learning loss, youth violence prevention, and mentorship. All of these are addressed through MADE.

Coming from distressed homes, MADE students are entering classrooms plagued by traumatic experiences. In addition to impacting behavior, trauma is wreaking havoc on their ability to learn. Berkley says that children who have been exposed to repeated trauma "suffer from other social, psychological, cognitive, and biological issues, including difficulty regulating their emotions, paying attention, and forming good relationships—all of which make it very difficult for a child to succeed in school." MADE helps students maneuver through traumatic experiences through cognitive behavioral therapy, teaching social skills, life skills, providing mentors, and helping significantly reduce violent acts of aggression and retaliation. MADE mentors, especially those in the school system, remind students to implement the lessons learned, be resilient, in control of their actions, and remember they are important, cared for, and loved.

Locally, MADE has a formal agreement with Fayette County Public Schools and informal agreements with Kentucky State University, One Lexington, and OMAC. Currently, MADE is supported by United Way of Bluegrass and the Kenan Charitable Foundation. The current grants expire June 30, 2022. Board members help with fundraising for all UL programs through personal and corporate gifts. Committed operational resources include our Chief Administrative Officer and Account Executive.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

MADE is active in 12 Fayette County Public Schools including: Bryan Station Middle, Winburn, LTMS, Leestown, Crawford, Jesse Clark, Bryan Station High, Douglass, MLK Academy, Tates Creek, Dunbar, and Lafayette. Our hope is to be available in all middle and high schools should funding and staffing allow.

Students are identified by school staff and family members. All are accepted. Initially the program was for males but data indicated female groups were needed. Partnering with FCPS, MADE meets ADA accessibility factors and have access to translators and headsets for real-time translation. Co-facilitator Murdock works in the schools and implements inclusionary practices for special needs like autism, low-vision, ELL students, hearing impaired and other special needs. Inclusion also taps into using inclusive language, increasing cultural sensitivity, planned seating, timeouts, devices for enlarged text, small group work, changing teaching methods – not always lecturing, allowing students the flexibility to learn how they do it best (sitting, writing, walking, fidget spinners, etc).

MADE falls under the RJE Education Committee and focuses on recommendation #5: • MADE "promotes collaborative partnerships to support student learning, enriches educational experiences, and prepares students to excel as successful citizens in a global society (p16)." • MADE reduces high-risk behaviors, improves classroom behavior, reduces illicit drug use, promotes physical health, provides early job and skills training through volunteerism, instills positive work ethics and values, and encourages goal setting and future educational planning (p20). • MADE meets the need to increase minority males in the school system (p21).

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

1.1 **Background**

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2023 and 2024 (July 1, 2022 – June 30, 2024), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Childhood & Youth Development

Projected funding is approximately \$650,000 of total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2023 Budget.

LFUCG seeks to strengthen and enhance **Childhood and Youth Development** by supporting programs and services for early childhood through teenage populations (birth through 18 years old). These programs would include, but not be limited to: **addressing student learning loss (specifically kindergarten through 12th grade), youth violence prevention, and mentorship**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models.

All Submissions must be uploaded to the LFUCG procurement website at <https://lexingtonky.ionwave.net> by **March 7th, 2022 before 2:00 PM EST**. The Submission shall include an enclosed form that shall contain the required documents, and respond to one or more established funding priorities.

Proposal submissions containing significant omissions of required information will be considered non-responsive and removed from the RFP funding process on the application deadline date (March 7th, 2022). Significant missing responses to questions constitute an incomplete application. The final decision regarding application completeness and penalties will be determined by the LFUCG Division of

Central Purchasing in consultation with the Commissioner of Social Services. **All proposals must be written in a clear and concise manner, as there will be no follow-up or clarifications to proposer's Proposal Submittal Form once the evaluation process begins.**

Funding Priority Area: Childhood and Youth Development

Projected funding is \$650,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance **Childhood and Youth Development** by supporting programs and services for early childhood through teenage populations (birth through 18 years old). LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models.

These programs shall consist of an intentional, pro-social approach that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for young people by providing opportunities, fostering healthy relationships and supporting positive leadership.

These programs may address one or more of the following areas, but shall not be limited to:

- Affordable access to early care & education for children under 5 years of age
- Development services focusing on life skills, social skills, employment mentoring, enrichment, language tutoring, & leadership skills
- Services focused on Kindergarten readiness
- Parental, caregiver, & kinship resources and support
- Improving reading & math proficiency
- Reducing poverty rates among children & youth
- Services for limited English language learners & for overcoming cultural barriers
- Transportation access for child & youth programming
- Addressing student learning loss (*specifically kindergarten through 12th grade*)
- Youth Violence Prevention
- Mentorship

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn’t have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?
