9. Books of accounts shall be kept by the Organization and entries shall be made therein of all money, goods, effects, debts, sales, purchases, receipts, payments and any other transactions of the Organization. The books of accounts, together with all bonds, notes, bills, letters and other writings belonging to the Organization, shall be maintained at the principal place of business of the Organization as set forth in this Agreement. The Government, its agents and employees, shall, at all times, have unrestricted access to all places where or in which the services required hereunder are being carried on and conducted. Inspection and monitoring

of the work by these authorities shall in no manner be presumed to relieve in any degree the responsibility or obligations of Organization, nor to constitute the Organization as an agent of the Government.

11. Organization shall provide equal opportunity in employment for all qualified persons, shall prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and shall cause each of its subcontracting agencies to do so. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

14. Organization agrees that it shall apply all funds received by it from the Urban County Government in accordance with the following investment policy guidelines:

The trust department may utilize its regular short-term one hundred percent (100%) US Treasury Fund for daily funds investment.

The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to the US Department of Health and Human Services, Kentucky has had the highest rate of reported child abuse in the country each year since 2018, with 20.1 cases per 100,000 kids. However, unreported cases of abuse outnumber reported cases. Nationwide, up to one-in-ten children will be a victim of abuse. The pandemic has exacerbated the problem, with early reports indicating abuse rates up to three times higher than normal. The need for quality, coordinated care for childhood victims of abuse is greater than ever.

Children's Advocacy Center of the Bluegrass (CACBG) works to reduce the trauma experienced by child victims of sexual abuse and brings hope and healing to families. CACBG collaborates with law enforcement, the Cabinet for Health and Family Services, and the Fayette County and Commonwealth's Attorney's Offices to coordinate the treatment, investigation, and prosecution of child sexual abuse cases in Fayette County. CACBG is the only agency in Fayette County providing these services.

All services are implemented by our highly trained and dedicated staff in our safe, child-friendly facility. By coordinating services, we help children receive the care and support needed to leave the trauma of abuse behind them. Untreated child abuse has a detrimental impact on survivors' well-being as adults. The lifetime cost for survivors of untreated child abuse averages \$830,928, according to a 2018 study.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

CACBG addresses childhood sexual abuse in Fayette County by coordinating the treatment, investigation, and prosecution of each case. CACBG hosts Fayette County Multidisciplinary Team meetings, which include child protective services, law enforcement, prosecutors, medical/mental health providers, victims' advocates, and others who work together to investigate abuse allegations and provide support services to children and families.

Best-practice and Kentucky statute states that a child should be seen for a forensic interview at CACBG after abuse is reported. Forensic interviews are supportive, non-leading conversations led by highly-trained interviewers that elicit information about what a child has experienced. Investigators and social workers observe interviews at our facility, limiting the number of times a child must recount their story and increasing collaboration among agencies supporting the child and family.

At CACBG, Family Advocates meet with non-offending caregivers to explain the interview process, inform caregivers about therapy and counseling programs, and provide documentation and information regarding their legal case. Advocates manage the child's case throughout the process, and provide a minimum of two follow-up support checks with families.

If necessary, a comprehensive medical examination is scheduled in our medical clinic. The clinic is operated by a physician and nurse specializing in the treatment of childhood abuse. Exams take approximately 90 minutes and allow the physician

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

Clients of CACBG are children, up to age 18, who are suspected victims of abuse in Fayette County. Clients must be referred by law enforcement or social workers. Once a case has been opened, CACBG staff coordinates services between law enforcement, the Cabinet for Health and Family Services, and the Fayette County and Commonwealth's Attorney's Offices in the ongoing management of the child's case. CACBG also serves secondary victims (typically relatives, caretakers, or siblings of the affected children) who may be at risk, or may have witnessed abuse. All services are provided at no cost to children and their family members.

While at CACBG, non-offending caregivers are expected to participate in a discussion regarding their child's case. Caregivers are expected to provide transportation to CACBG and are asked for consent for the interview and/or medical exam (if deemed necessary by our medical team in consultation with case staff) of their child. CACBG will provide transportation, at no charge, if the family is unable.

If a child is referred for counseling and therapy, caregivers are requested to transport their child. For Parent-Child Interaction Therapy, parents are expected to actively engage in their child's treatment. CACBG also hosts two group-therapy options, a "Girl's Group" and a "Parent Group". These groups provide an outlet for survivors of abuse to discuss a shared experience, further promoting healing after abuse. All therapy opportunities are free of charge.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

CACBG's holistic approach ensures better outcomes and experiences for children and families than at non-CAC comparison sites (Jones, L.M. et al., 2007). A nationwide survey shows 97% of non-offending caregivers would recommend a CAC. (National Children's Alliance, 2015).

The Multidisciplinary Team (MDT) includes all agencies involved in the treatment, investigation, and prosecution of child abuse cases. Research shows the MDT approach results in better mental health and investigative outcomes (Herbert, J.L. and Bromfield, L., 2019). Studies show that effective responses to child abuse come from a variety of agencies (coming together via MDT) equipped with the knowledge and experience in working child abuse investigations (Young, T.L., & Nelson-Gardell, D., 2018).

Forensic interviewing protocols used by CACBG are evidence-based. According to research, duplicative interviews where children are asked similar questions repeatedly may lead to a variety of negative investigative and mental health consequences (Newlin, C.S. et al., 2015).

CACBG therapy services use Trauma-Focused Cognitive Behavioral Therapy (TF-CBT). Children participating in TF-CBT show decreases in PTSD symptoms, depression, anxiety, behavior problems, shame, cognitive distortions, and relationship difficulties (Cohen & Mannarino, 2017).

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

The goal for children seen by CACBG is to overcome the trauma of abuse and ensure they receive services in an effective, efficient manner.

Previously, childhood victims of abuse retold their story multiple times to multiple agencies, reliving their trauma. By conducting forensic interviews at CACBG, ensuring interviews are seen by all involved agencies, and recording and securely storing interviews we significantly reduce how often a child recounts their story.

Family Advocates help non-offending families understand the dynamics of abuse and navigate the legal process. Support includes crisis counseling and case management services, as all abuse cases are unique and require individualized treatment plans. If necessary, Advocates connect families with other agencies and services. Advocacy services help ensure children receive the full scope of care needed.

Medical exams identify and treat injury, collect evidence, and screen for other health conditions. Our physician performs a full well-child examination and our mental health specialist performs a mental health screening. Exams also provide reassurance and peace of mind for children and families.

Healing emotionally distraught children is the goal of therapy. CACBG therapists utilize trauma-informed counseling to

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

CACBG services make a significant difference in the lives of children who have been abused and their families. CACBG offers caregivers a place to speak openly about the complex range of emotions that arise after abuse is reported. CACBG staff address issues of guilt with caregivers, who are taught communication strategies to help their child cope during the recovery process. Services are provided in a safe, child-friendly setting to allow families to heal together. Caregivers in CAC cases are more satisfied with the investigation than those from non-CAC sites. 97% of parents would recommend a CAC.

Medical exams offer parents and children peace of mind. Identifying injuries and collecting evidence also helps in the legal case for law enforcement and local prosecutors. Our medical team addresses fears and anxieties, providing emotional support a child might not receive in an emergency room.

Through counseling and therapy, children address emotional and psychological issues stemming from the abuse. Children often experience nightmares, changes in behavior or mood, and feelings of anxiety, fear, or guilt. With our therapist, children work on their trauma narrative and talk about what it means to be a survivor.

In a 2018 report from the Journal for Child Abuse & Neglect, the lifetime cost of untreated childhood trauma is over \$823,000 per survivor. This includes health care costs, psychological counseling, and productivity losses. Investing in

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also be specific regarding sampling size and frequency of evaluation.

Continuous quality assurance is the hallmark of a well-functioning Children's Advocacy Center. This requires seeking feedback directly from clients regarding the services they received so that improvements may be made on an ongoing basis. Non-offending caregivers are asked to complete an Operating Measuring System (OMS) Survey that is designed to measure CAC performance based on client satisfaction. OMS helps us see from the clients' perspective and fill any gaps in our services. Survey data indicates over 98% of non-offending caregivers had their questions answered satisfactorily, and over 92% felt it was a safe place for their child. One survey respondent said "they were on top of everything as soon as we walked through the door."

Our Medical Director and Family Advocates track the number of cases we see through client files and the Center's statewide database, Collaborate, and are updated daily.

Our therapist utilizes a pre- and post-test design using the child behaviors checklist for clients. This test helps address specific issues and determines the desired outcomes for each individual client. Our goal is that at least 70% of clients will report improvement of mental health symptoms from pre- to post-test.

Data is gathered and examined monthly to look for quality improvement. Our data is used by Fayette County law enforcement and social workers to track child abuse cases and OMS statistics and results are included in aggregated

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

CACBG's leadership team evaluates and coordinates the needs for each case. Each Monday, members of the program team meet to review each client and case that will be receiving services for the week, helping ensure no cases fall through the cracks. All CACBG staff members that work with our clients are highly educated, skilled, and trained. Below is a listing of each staff person and their role in the Victims Assistance Program.

Family Services Director – Jackie Kuryla - Jackie serves as the supervisor to the Family Advocates and directs the day-to-day programming operations. Jackie is responsible for ensuring timely and effective services are offered to children and caregivers.

Family Advocates - Alex Quillen MSW, Whitney Roepke MSW/CSW, Rachael Helm MPA - Advocates work directly with families to help them understand the dynamics of abuse and navigate the legal process. This includes crisis counseling, support groups, and case management services.

Child & Family Therapist – Michelle Adams LCSW – Michelle provides counseling and therapy to child victims of sexual abuse, utilizing trauma-informed counseling to promote healing and recovery. In 2022, CACBG will hire an additional therapist to meet the needs of our children and families.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

CACBG's Victims Services Programs directly address issues prioritized in the Community Wellness & Safety ESR grant. CACBG provides violence intervention and therapy for children and their non-offending caregivers. By providing free therapy, CACBG is supporting our city's goal of addressing mental health issues. CACBG contracts with UK HealthCare to employ a child abuse pediatrician to provide free exams at our center. CACBG is also a popular site for social worker practicum students.

CACBG relies on strong and committed partners. Daily, CACBG partners with state and local law enforcement, state and county social workers, prosecuting attorneys and other organizations (such as CASA). In 2022, CACBG will provide over 30 hours of trainings on best-practices for handling child abuse cases for all Lexington Police Department officers, and six hours of Department of Criminal Justice training.

All CACBG partners sign a "best-practice protocol" agreement that is submitted to the Attorney General's office. Kentucky statute states that a child involved in a sexual abuse investigation should be referred to a CAC. CACBG is the only organization that has the full capacity to coordinate the investigation and treatment of each case in Fayette County.

Our Center is thankful for the support we receive from many donors across our state. Our diverse funding areas include the

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Child abuse does not discriminate and CACBG serves families of diverse backgrounds, ethnicities and socioeconomic statuses. All children, regardless of race, socioeconomic status, disability and any other historical barriers deserve access to the hope and healing that come from CACBG services.

CACBG has a full-time Intake Coordinator who is fluent in Spanish and English and serves as the contact for our Spanish-speaking clients. She greets our Spanish-speaking clients with the friendliness, comfort, and security we do all families and creates a climate for our clients to openly and easily discuss their issues and feelings. CACBG also provides translators at no-cost to clients requiring translation/interpreting services. In 2021, along with Spanish, translating services were provided in American Sign Language, Swahili, and French (for Congolese families).

CACBG is easily accessible through public transportation. We can also provide Lyft/Uber or other transportation at no cost to the family. Transportation should never be a barrier to a child and family getting the services they need at our Center. All children and families are also offered food and drink, as many children may miss a school meal while accessing services.

CACBG has expanded therapy options over the past two years to ensure access for all our clients, regardless of socioeconomic status. Therapy can be done remotely through HIPAA-compliant tele-health sessions if transportation or

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

Funding Priority Area: Community Wellness & Safety

Projected funding is \$900,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing **Mental Health, Substance Misuse Disorder, and Community Violence Prevention**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models. These programs may address one or more of the following areas, but shall not be limited to:

- **Substance Misuse Disorder**, which include prevention of alcohol and drug abuse; prevention and treatment of addictive and mental disorders through programs and services for individuals who suffer from these disorders; and harm reduction.
- **Mental Health**, which is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.
- **Community Violence Prevention**, which includes **Youth Violence Intervention**, including Gang & Gun Violence, Child Abuse & Neglect Services, Sexual Violence Prevention, Elder Abuse Prevention, Suicide Prevention and Intimate Partner Violence Prevention and Stalking.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model 15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn’t have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor’s Commission on Racial Justice & Equality?
