5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Abuse, neglect, and violence are problems that demand community response. It is not a coincidence groups identified as at-risk for committing or experiencing violence are the same groups who do not have equitable access to resources. The Nest serves at-risk populations that are racially diverse, young, mostly single, and impoverished. The local service systems (child protection, education, housing, & healthcare) are inundated with community needs. When demand exceeds available resources, families lose hope and react in harmful ways. Kentucky child protective services (CPS) identifies the most harmful abuse risk factors are substance misuse (64%), mental health (50%), and intimate partner violence (IPV, 47%). In Fayette County, the leading causes of child (near) fatality are abuse, drug poisoning, and motor vehicle injury. A 2020 report from the National Survey of Children's Health Data shows 42.2% of Kentucky's children experienced at least one type of Adverse Childhood Experience (ACE). The Nest's ACE survey shows our clients experienced the following childhood traumas: 71% experienced parental separation; 46% lived with someone with addiction problems; and 33% were physically or sexually abused. The Nest served 1,064 Fayette County IPV survivors & 231 parents in 2021. The Nest takes a holistic approach to services focusing on safety, healing, & nurturing families. Our services target at-risk populations breaking a multi-generational cycle of abuse, neglect, and violence. Our staff provides specialized services for recovery, immigrants/refugees, and LGBTQIA+. The Nest's Healing the Home Program offers FREE advocacy, counseling, education, and legal services to Fayette County IPV survivors and parents.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

The Nest staff and clients work together to reach their goals and fulfill The Nest's purpose to prevent violence, abuse, and neglect. The FREE activities below address the identified community problem:

1. Parenting and IPV Intakes-Survivors and parents fill out forms on-line. A specialist reviews and recommends services (2 hours each).
2. Individual Counseling-Weekly individual sessions to IPV survivors and parents with significant mental health symptoms one hour per week.
3. Educational Groups -5 ongoing groups for mothers; 3 ongoing groups for fathers; 4 IPV ongoing groups for survivors at least one hour per week. Parents and survivors attend at least 12 sessions. We offer specialized groups for parents in recovery and Spanish speaking parents and survivors.
4. IPV Legal Services- IPV court advocates attend the Fayette County IPV Docket Monday-Thursday. Our attorney and contracted attorneys consult with and represent Fayette County survivors for their protective order hearings and custody matters.
5. Social Justice Group (MPWR started 05/21)-Nest families attend an ongoing community support group to understand systems such as healthcare, housing, education, and child protective services.
6. Advisory Council (New Activity)-Former/clients meet to discuss needs and gaps in services and make recommendations for improvements one hour per week.
7. Peer Support Specialist (New Activity)- Our PSS will partner with Nest constituents to screen for case management needs, provide emotional support, offer group support, and follow up care.

Evidence shows that education, counseling, advocacy, and legal services dramatically decreases violence in the home.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

All IPV survivors and parents are eligible for services free of charge. Clients are self-referred or are required by child protective services to complete education. When a client calls for services, they receive an email with our intake documentation including a consent for treatment, release of information, and psychosocial history. Once the documents are submitted, they schedule to meet with an intake specialist, who reviews their responses and makes service recommendations. If wifi access is a problem, they come to The Nest to complete the intake. Our recommendations consist of a minimum of 12 IPV and/or parenting individual or group sessions for. Clients sign an agreement regarding confidentiality, attendance, and threatening behavior. Clients are expected to attend consistently, be active participants, and support fellow group members. If their participation during the assessment or any future service becomes problematic due to: 1) aggressive behavior; 2) appearing to be under the influence of drugs or alcohol; or 3) suffering from a severe mental health disorder, they may be asked to leave and given referrals for other services better suited to meet their needs. Should the issues later be controlled or resolved through treatment, they may be permitted to restart services. We value the power of collective decision-making and developed additional activities (M-PWR, Advisory Council, Peer Support) to center the lived experiences of our clients allowing them to share ideas about gaps and needs in the community. These activities are also open to any client who has received services at The Nest.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

We offer evidenced-based parenting classes created by Dr. Stephen Bavelok which are recognized by the Mental Health Services Administration as proven programs for the prevention and treatment of child abuse and neglect. Topics covered in class include: Improving Children's Self-Worth, Discipline, Developing Empathy in Children, Protective Capacity, Recognizing and Understanding Feelings, Trusting Relationships and Constructive Communication, Feeling Empowered and Negotiation, Compromise and Problem-Solving, Helping Children Handle Stress, Values and Rules, Establishing Nurturing Parenting Routines, Understanding and Handling Anger, Sexuality, Personal Space and Respect, The Effects of Witnessing Domestic Violence on Children, Child Brain Development, and Adverse Childhood Experiences Survey. Our funder, Prevent Child Abuse Kentucky, requires us to utilize this curriculum. By utilizing the Safe and Together Model for IPV services, we make better child-centered decisions, build meaningful partnerships with adult survivors, & develop effective interventions with domestic violence perpetrators. The model focuses on the safety, healing, stability, & nurturing of the family. We focus on the perpetrators pattern of coercive control; actions taken by the perpetrator to cause harm to the child; the full spectrum of non-offending parents efforts to promote child safety & well-being; adverse impact of the perpetrators behaviors on the child; & role of substance use, mental health, culture, & other socio-economic factors. We utilize nationally recognized evidence-based assessment tools to assess IPV risk; Campbell Danger and Bragg Assessment, National Stressful Events Survey, Adverse Childhood Experiences Survey; and the Adult and Adolescent Parenting Inventory.

5.2 Program Measures & Evaluation

10 Points

5.2.1 Service Efficacy & Desired Outcomes

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Our hope is to improve child safety and family functioning by highlighting parental strength and resilience. Goals for the clients include increasing parenting skills, decreasing violence in the home, and creating a nurturing environment. We address the needs of families experiencing economic, racial, and cultural oppression by focusing on behaviors instead of stereotypes based on race, religion, class, or ethnicity. Our philosophy is to collaborate with survivors based on their priorities. We work toward a plan that respects the family's socio-economic and cultural situation while keeping children safe. This year, we implemented an advisory council of Nest clients. The council discusses service gaps in our community. Their goal is to develop a peer support network. Our holistic approach addresses safety, healing, connection, and stability. Parents and survivors' complete services after 12 classes or individual sessions. Clients complete a post class inventory and survey, which determines if the information presented in class was retained. In addition, we are offering concrete supports such as car seats, gun locks, and med lock boxes to address the three leading causes of child fatality in Kentucky. We are successful when a family develops a safety plan; receives a protective order; reunites with their child; and advocates for their needs through systems of care. Eighty percent of our clients meet the criteria of success. For those that do not, we make sure they know that they are welcome to come back when they are ready!

10 Points

5.2.2 Client Empowerment & Community Impact

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Our holistic and empowering services walk families through some of the hardest times in their lives. For example, a husband assaults his wife in front of their children. The survivor files a protective order on behalf of her family. She appears in court and realizes her husband has a lawyer, but she cannot afford one. Child Protective Services (CPS) investigates the incident to ensure the children's safety. The Nest plays a vital role by offering FREE services to the survivor to stabilize the family. A Nest lawyer represents the survivor for the protective order and custody matters. A Nest advocate attends court to collaborate with CPS, lawyers, and judges who determine family safety. A Nest peer support specialist informs the survivor of all the additional Nest services. A Nest counselor assesses the survivor, and they develop a safety plan. She utilizes our childcare services and family assistance to mitigate financial burdens. During group, the survivor develops nurturing parenting skills, addresses trauma, and finds her voice. When she returns to court, her lawyer and advocate are there. When she wants to process trauma, she and her children have experienced a counselor is there. When she wants to share with others, she attends group. When she wants to someone who has successfully navigated the system, she a peer support specialist is there. One client states, "Through this program I have grown as a mother and a woman." The Nest believes the safety and protection of all people adds value to our community.

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

The Nest parents take an evidenced based pre-and post-test assessing their understanding of child development, empathy, discipline, family roles, & power and independence. They successfully complete classes when their scores on the test are within a normal range, which is the desired program outcome. Our sample size is 300+ clients per year. We administer IPV risk assessments giving staff an understanding of how trauma is impacting their lives. If the scores on the risk assessments are high, additional services and resources are offered to the survivor. A survivor successfully complete 12 classes which is the desired program outcome. Our sample size is more than 200.

The Nest administers a client satisfaction survey to ALL clients at the completion of services. The survey assesses safety, empowerment, social connectedness, and stability of the family unit. Recent survey results showed: 99% of the clients felt like the groups were helpful and 90% felt more connected to others after services. A parent and/or survivor is welcome to utilize the services anytime they need so, returning to The Nest when needed is encouraged.

Our Nest advisory council, a group of former/current clients, gives direct feedback regarding community needs. This network of Nest families work together and support one another as they face challenges and successes. The council will administer a survey, creatively share their lived experiences, and developing a client approved resource list. The collective impact of this approach guarantees we are responding to community needs.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Program Director (Katie Mooney) will receive her doctorate in social work in May 2022. She is a Licensed Clinical Social Worker meeting with Nest IPV survivors and parents since September 2012. She has supervised all clinical programs since August 2013.

Supervisor (Kesayne Bailey) earned her bachelor's in psychology from Kentucky State University. She is currently working as a supervisor and facilitator for the Parenting and IPV Programs. She has great connections to many community resources available to families including Child Protective Services.

Supervisor (Faith Campbell) has a master's degree in social work. She is currently working as a supervisor and facilitator for the Parenting and IPV Programs. She has worked at The Nest since 2011 and has a deep understanding our holistic services.

Counselors and Facilitators (Ashley Horton, Saxen Martin-Jensen, Claire Fitzsimmonds, Sheri Estill, Carlos Pena, Faith Calhoun-Louden) facilitate intakes, individual counseling, and groups with survivors of IPV and parents. Each has unique training to serve specialized populations including immigrants/refugees and LGBTQIA+.

Court Advocates (Carmen Brown, Sophia Dovenbarger, Carolina Gonzalez) provide crisis intervention, information about IPV survivor rights, and facilitate groups in English and Spanish.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

The services we offer to our community are unique, critical, and highly utilized. Our staff are trained to provide trauma informed care to IPV survivors and parents in our community. In working with families in high-risk situations, practitioners need to assess the life-generated risks which may keep them in their circumstances: financial constraints; housing; stability of children's schooling; and the ability to meet basic needs can all be deterrents. We partner with other organizations that offer shelter, hospitalization, substance use treatment, housing resources, job opportunities, and immediate financial assistance. It is critical to our community that we have strong partnerships with organizations that provide these specialized services. We partner closely with the Department of Community Based Services, Ampersand, Kentucky Refugee Ministries, Fayette County Public Schools, Fayette County Prosecutors Office, New Vista, Crossroads Counseling, Voices of Hope, Community Action Council, and Salvation Army. We have formal agreements with Greenhouse17, Lexington Rescue Mission, Fayette County Sheriff's Department, Lexington Pride Center, and LFUCG's Domestic and Sexual Violence Prevention Coalition. These collective partnerships are the heart of our community. Whether you are a board member, volunteer, donor, staff, partner, or client, your role at The Nest is vital to us all reaching the ultimate goal of a violence-free community.

Our board members meet frequently to discuss and contribute to our overall mission to be a safe and healing place for education, counseling, advocacy, and support. Volunteers and donors provide crucial concrete supports. Our major funders include VOCA, VAWA, PCAK, Kentucky Bar Foundation, Fayette County Bar Foundation, Toyota, Anne Camden Stolle Trust, and United Way.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

The Nest is centrally located in downtown Lexington in the 40508-zip code, where many are impacted by poverty. Our building is handicap accessible and designated a "Safe Place" in Duncan Park. We are on the bus route and offer services online. Five staff members are bi-lingual and bi-cultural. They provide direct services to Hispanic clients. For other language barriers, we access interpreting services through Clarity Services and Access Language Solutions. We also have a counselor who specializes in serving people in recovery and LGBTQ+ survivors of IPV.

Our organization approaches all clients from a trauma-informed lens. Oppression and discrimination deeply impact our community starting with the systems our families navigate on a daily basis. We understand that bias can be unconscious and insidious. The Nest's mission for a diverse and inclusive environment demands the effort of each one of us. Our words come from a place of respect, empathy, and a deep understanding and appreciation of our individual differences within our Nest family.

We continue to meet weekly with staff and clients to discuss social justice issues and how they impact our community. Our focus continues to be on racial justice and the intersection of oppressive systems. We are active participants in community racial justice initiatives. We started the Nest advisory council centering clients' ideas and finding ways to address the gaps they have identified in services. We recognize addressing social justice takes a lifelong commitment and we are dedicated to this learning and advocacy.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.
- Section 503 of the Rehabilitation Act of 1973 states:
The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.
- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:
The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

1.1 **Background**

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2023 and 2024 (July 1, 2022 – June 30, 2024), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Community Wellness & Safety

Projected funding is approximately \$900,000 of total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2023 Budget.

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing ***Mental Health, Substance Misuse Disorder, and Community Violence Intervention***. Funding Priority Area: Community Wellness & Safety

Projected funding is \$900,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance Community Wellness and Safety, by supporting programs and services addressing **Mental Health, Substance Misuse Disorder, and Community Violence Prevention**. LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models. These programs may address one or more of the following areas, but shall not be limited to:

- **Substance Misuse Disorder**, which include prevention of alcohol and drug abuse; prevention and treatment of addictive and mental disorders through programs and services for individuals who suffer from these disorders; and harm reduction.
- **Mental Health**, which is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.
- **Community Violence Prevention**, which includes **Youth Violence Intervention**, including Gang & Gun Violence, Child Abuse & Neglect Services, Sexual Violence Prevention, Elder Abuse Prevention, Suicide Prevention and Intimate Partner Violence Prevention and Stalking.

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement 15 Points

Using local data, provide a description of the problem in Fayette County. Be specific.

5.1.3 Client Eligibility and Requirements 5 Points

5.1.4 Evidence-Based/Best Practice 10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

Affordable child care is a barrier for many Kentuckians, but it has always affected lower-income families the hardest. The average annual cost of a child care center for a toddler in Kentucky is \$7,574, meaning that a two-parent household would on average need to spend 9 percent of their income on care for one child every year. The families supported by The Nest fall well below the average income referred to in this statistic.

In Kentucky, rates of kindergarten readiness hover around 50 percent, meaning only half of young children are getting the early learning experiences that set them up to succeed in school. Research and data have shown that learning starts at birth, and the subsequent early years of childhood are the most formative over a person's entire lifetime. The Nest Child Care is the only program in Central Kentucky that addresses this problem by providing free high-quality drop-in childcare for families in need. The Nest is serving this at-risk population because all families deserve support and all children deserve high quality childcare regardless of family situations or inability to pay.

The Nest will meet the immediate needs of low-income families within our community by providing free high-quality childcare for children birth through age five. We will also provide support and resources for caregivers allowing them to meet their basic human needs. When communities offer affordable, accessible, and culturally-relevant options for high quality early learning programs, children start Kindergarten better prepared to succeed.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

The Nest Childcare Program provide FREE Drop-in Childcare Monday through Friday from 8:00 am to 5:00 pm for children birth through age five. A unit of service equals each time a child attends our program. This varies from one hour while caregivers attend a counseling session, to a full-day while working, attending classes, or taking a much-needed break. Other families need childcare once they find employment, but their Childcare Assistance has not yet started. We fill this gap in service for our working-class families. We make long term commitments based on situations such as grandparents who are caregivers or for a parent furthering their education. Childcare ranges from 1 day to ongoing weekly care, based on the individual needs.

Our intake process identifies the needs of both parent and child. Understanding the problems our families face allows us to schedule time accordingly and connect them with beneficial resources. During follow-up meetings we discuss how stress is being alleviated through meeting goals, therefore reducing the risk of child abuse, and strengthening the family unit.

The Nest plays a crucial role in supporting parents and caregivers by helping them manage stressful situations and providing concrete support to families in crisis. By providing Free access to high-quality childcare, The Nest helps eliminate the stress and financial burden parent's face when trying to find a safe environment for their children, ultimately reducing the risk of child abuse and neglect.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

The Nest Childcare Program's number one goal is preventing child abuse and neglect. We recognize that all families go through times of stress, which is why no family is turned away when experiencing crisis. Childcare is provided free of charge to families with incomes that are low income (less than 80% of the average area median income) and/or are experiencing some form of crisis, including but not limited to domestic violence, history of abuse, homelessness or referral from a social service agency.

Families are expected to communicate their needs, plan for the time slots needed and notify The Nest of any change in circumstances. Parents are required to provide documentation when requesting on-going care, such as class schedules, court dates, and counseling sessions. This allows us to appropriately schedule childcare and meet their individual needs. Ongoing meetings are conducted with parents to assess their current needs and the developmental needs of their child.

Families are asked to contribute by bringing their child's daily needs including wipes, diapers and formula. If the family is unable, The Nest will always supply these items free of charge. We also ask families to take part in assessing their children using the Ages & Stages Questionnaire to identify if early intervention services are needed for developmental delays. Families are also encouraged to participate in classroom activities, family nights and parent/teacher conferences.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

Kentucky All STARS is Kentucky's five-star quality rating and improvement system serving all early care and education programs – The unified system is based on Kentucky's Early Childhood Standards and research-based indicators of quality. Kentucky All STARS recognizes programs that have made a commitment to continuous quality improvement. The Nest Childcare maintains a 4-STAR quality rating which requires meeting standards of excellence in classroom and instructional quality, family and community engagement, staff qualifications, leadership practice and professional learning. We exceed in all these categories and maintain ratios averaging a 1:4 teacher-to- child ratio. Smaller class sizes are particularly effective at raising achievement levels of low-income and minority children according to a study done at Northwestern University.

We deliver a holistic approach to services that incorporates the six protective factors that help families thrive in our community and promote positive outcomes. Kentucky's Strengthening Families Framework includes: Parents Resilience, Social Connections, Knowledge of Child Development, Concrete Support in Times of Needs, Social and Emotional Competence, and Nurturing and Attachment. These protective factors help children and families flourish despite whatever risk factors they might face.

Research from Schuyler Center for Analysis and Advocacy shows that high-quality intensive early education programs for low-income children can have lasting positive effects such as; greater school success, higher graduation rates, lower juvenile crime, decreased need for special education services later and lower adolescent pregnancy rates.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Our service philosophy is to prevent child abuse, strengthen the family unit and give access to high-quality education to the children who need it most. Families encounter difficulties coordinating trusted, reliable and affordable care when there is no dependable support system in place to help them meet their immediate goals. The Nest provides safe accessible childcare for up to 200 children annually, allowing families to meet immediate needs.

Our staff works with at-risk children towards the goal of reaching developmental milestones and achieving the skills necessary for school success. The Nest creates a partnership with parents, providing the needed resources and understanding of developmental milestones to support their role in their child's early childhood education. We act as a concrete support in times of need for our families by providing a safe nurturing environment for children while giving parents a much-needed break.

Success is achieved when we see a child learn to interact positively with his peers, develop self-help skills and see their language blossom. We also celebrate success with family achievements such as completing counseling sessions, finding employment, or graduating from classes. The ability to provide care for over 90% of the families that reach out to us is also a measurement of success, and 90% of the families that utilize our Respite Care report a reduction in stress. When a parent is certain their child is being well-cared for it reduces the risk of child abuse and neglect allowing parents to focus on strengthening their family situation.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Our program provides a meaningful difference in the immediate needs of our families. We have a broad understanding of the problem's families are dealing with which is why we offer a variety of support to strengthen the family and work with them in ways that are culturally sensitive and appropriate. Along with childcare we offer domestic violence counseling, legal counsel and advocacy, emergency needs assistance, and parenting education and support. When clients come in for one service, our staff assesses the client's needs and refers them to any of our other services that will be helpful in assisting that person as they work toward self-sufficiency.

We recognize that children learn best when they feel safe, nurtured, and have positive experiences with their caregivers and peers. We work to help each child be successful life-long learners by building the skills needed such as curiosity, cooperativeness, respectfulness, and the ability to follow routines and directions. We've witnessed the progression and maturity of students who may have struggled and now are adapting and learning social and emotional skills which will help them succeed in school!

The value that we provide to the community is our ability to help reduce child abuse by providing free high-quality childcare that they would otherwise not be able to access. In addition, parents and care givers receive the resources and support needed to provide for the basic needs of their family. We continually make a difference in our community one child and one family at a time!

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

We continually evaluate our program to ensure that we are meeting the needs of the children and families we serve. Annually, we complete the Infants and Toddler Environment Rating Scale (ITERS-R) and the Early Childhood Environment Rating Scale (ECERS-R) to evaluate our classrooms. The Environment Rating Scales were developed to evaluate the process quality in settings for children. Each scale contains items assessing the physical environment, basic care of children, curriculum, interactions, schedule and program structure, and parent and staff needs.

We use the Ages & Stages Questionnaire, which is proclaimed as the gold standard for developmental screening by leading authorities. The assessment is completed within 90 days of enrollment and every 6 months thereafter. Screening young children is an effective, efficient way for us to gauge developmental progress and determine meaningful next steps. We evaluate our curriculum and lesson plans based on these results to adapt to the needs of the children we serve.

We collect data (why they need of services, times needed, issues preventing them from utilizing services) from all families who contact The Nest for child care services. We will use the data collected to evaluate barriers that prevent clients from utilizing our service. The results will help us determine ways to help eliminate these barriers in the future. We complete a Family Feedback assessment annually to evaluate the parent's perspective on the environment, staff knowledge and education expectations. These results allow us to make adaptations to our program structure when needed.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. 5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

The Nest Child Care Program is a key component of the Childhood and Youth Development Priority Area. We provide affordable access to early care and education for children under 5 years of age. The only center in the area that provides this high-quality service at no cost to families in need. We also provide support and resources for parents and caregivers through our Family Assistance Program. All families who utilize our Respite Child Care are eligible to receive assistance with tangible items such as toiletries, diapers, wipes, cleaning supplies, clothing, food, and baby equipment. We have formal agreements with Greenhouse 17 and Lexington Rescue Mission to provide childcare for families utilizing their services. We have a contract with Help Me Grow Kentucky to provide developmental screening materials to assess children and provide resources and/or referrals when necessary. We work with Food Chain to provide nutritious meals. We also partner with local physicians and mental health providers to provide care while caregivers attend appointments.

Each board member plays an active role in advising our programs, securing financial support, and supporting out staff. Volunteers help keep administrative costs low by assisting in the classroom and sorting donations and donors provide tangible resources to assist our families.

Secured Funding: Orphan Society, Kentucky Utilities, PNC, Fifth Third Bank

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

The Nest is a safe place that treats all our clients with respect, dignity, fairness, and cultural sensitivity. Our programs are offered free of charge which means we are accessible to those impacted by poverty or experiencing economic distress. We ensure that program information and outreach materials are linguistically and culturally appropriate and inclusive. Our Parenting and Domestic Violence classes are offered in both English and Spanish and our Family Assistance Coordinator is fluent in Spanish. We partner with online interpretative services so all clients with language barriers can benefit from our programs. Our building is handicap accessible and is designated a "Safe Place" in Duncan Park.

The Education section of the Mayor's Commission on Racial Justice & Equality families states that there should be access to high quality learning experiences within neighborhoods with high asset needs and concentrated poverty. The Nest fills a gap in services by providing free accessible childcare in the impoverished 40508 zip code where the population is racially diverse, and poverty is prevalent.

We recognize how oppression and discrimination deeply impacts our community. The Nest has developed an Anti-Racist statement along with a Racial Justice and Cultural Sensitivity orientation for all staff and interns. As of 2022 we have a Nest Advisory Council made up of previous or active clients that have a familiar relationship with services provided by the organization. Their primary role is to provide recommendations to our leadership team on how to enhance services to our community.

Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.

- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.
