Forms for both the quarterly financial and program reports will be provided.

4. In the event of termination of this Agreement by Government as provided for in paragraph 1 above, Organization shall be entitled to that portion of total compensation due under this Agreement as the service rendered bears to the service required herein.

6. Organization shall indemnify, defend and hold harmless Government, its elected and appointed officials, employees, agents, volunteers, and successors in interest, from and against any and all liability, damages, and losses, including but not limited to: demands, claims, liens, suits, notices of violation from governmental agencies, obligations, causes of action, judgments, penalties, fines, liens, costs, expenses, interest, defense costs and reasonable attorney's fees that are in any way incidental to or connected with, or that arise or are alleged to have arisen, directly or indirectly, from or by Organization's performance of or breach of this Agreement and/or the provision of goods or services, provided that (a) it is attributable to personal injury, bodily injury, sickness, or death, or to injury to or destruction of property (including the loss of use resulting therefrom), or to or from the negligent acts, errors or omissions or willful misconduct of the Organization; and (b) not caused solely by willful misconduct of the Government. The Parties understand and agree that the Organization's obligation to defend the Government includes the obligation to investigate, handle, respond to, resist, provide a defense for, and defend claims, at Organization's expense, using attorneys approved in writing by the Government, which approval shall not be unreasonably withheld. The Parties also understand and agree that the Organization's obligation to indemnify includes, but is not limited to: attorney fees and expenses, costs of litigation, court and administrative costs, expert witness fees and expenses, judgments, fines, penalties, interest, all environmental cleanups and remediation costs of whatever kind, and any liability arising from death, injury, or damage of any kind, to any person, including employees and agents of Organization and Government, and damage to, or destruction of, any property, including the property of Government. This provision shall in no way be limited by any financial responsibility or insurance requirements, and shall survive the termination of this Agreement. Organization understands that Government is a political subdivision of the Commonwealth of Kentucky and acknowledges and agrees that

the Government is unable to provide indemnity or otherwise save, hold harmless, or defend the Organization in any manner.

7. Organization represents that it has filed all federal, state and local income tax returns required by law in the legally prescribed time and manner. This Agreement shall not become effective unless and until copies of all of the executed originals of the aforementioned tax returns filed for the Organization have been registered for the current tax year by the Organization in the office of the Sponsor, and the Organization shall not be compensated unless and until such registration has taken place.

8. The Organization shall, on such forms as the Sponsor shall provide, submit to Sponsor an annual report and financial statement which summarize the previous year's activities regarding the services enumerated in Exhibits A and B attached hereto.

9. Books of accounts shall be kept by the Organization and entries shall be made therein of all money, goods, effects, debts, sales, purchases, receipts, payments and any other transactions of the Organization. The books of accounts, together with all bonds, notes, bills, letters and other writings belonging to the Organization, shall be maintained at the principal place of business of the Organization as set forth in this Agreement. Government shall have free and complete access to the books, papers and affairs of the Organization, that relate to the performance of this Agreement, at all reasonable times, and if it desires, it may have the books and papers of the Organization, that relate to the performance of this Agreement, audited and examined by auditors, accountants or attorneys. Any examination shall be at the expense of the Government.

10. Government may designate such persons as may be necessary to monitor and evaluate the services rendered by the Organization. The Government, its agents and employees, shall, at all times, have unrestricted access to all places where or in which the services required hereunder are being carried on and conducted. Inspection and monitoring

of the work by these authorities shall in no manner be presumed to relieve in any degree the responsibility or obligations of Organization, nor to constitute the Organization as an agent of the Government.

11. Organization shall provide equal opportunity in employment for all qualified persons, shall prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and shall cause each of its subcontracting agencies to do so. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

12. Organization shall adopt a written sexual harassment policy, which shall, at a minimum, contain a statement of current law; a list of prohibited behaviors; a complaint process; and a procedure which provides for a confidential investigation of all complaints. The policy shall be given to all employees and clients and shall be posted at all locations where Organization conducts business. The policy shall be submitted to Sponsor for review within thirty (30) days of the execution of this Agreement.

13. This instrument, and additional documents attached hereto, contains the entire agreement between the parties, and no statement, promises or inducements made by either party or agent of either party that is not contained in this written Agreement shall be valid and binding; and this Agreement may not be enlarged, modified or altered except in writing signed by the parties and endorsed hereon.

14. Organization agrees that it shall apply all funds received by it from the Urban County Government in accordance with the following investment policy guidelines:

- A. Objectives: Capital preservation with surety of income. Reasonable competitive income consistent with high investment quality and purpose of funds. All investments shall conform with state and local law and regulations and these policies.
- B. Investment Funds Management: The governing board may elect to either:

(1) Manage its investment through its executive director where the size or complexity of funds to be managed is deemed by the board to be within the training, expertise and/or available time capacity of the executive director and the operating staff; or

(2) Utilize the professional investment management facilities of a local bank trust department acting in a fiduciary capacity within the same approved investment policies and federal, state, local and trust laws and regulation. The trust department may utilize its regular short-term one hundred percent (100%) US Treasury Fund for daily funds investment.

The election of option 1 or 2 should be made consistent with the relative cost incurred and in the case of option 2 the cost shall be competitive among local trust departments.

C. Investment Policies - - Safety and Prudence.

(1) Short-term liquidity funds shall be invested in "riskless" investment, i.e., deposits in Kentucky commercial banks or savings and loan associations that are fully federally insured or deposits collateralized by U.S. Treasury securities with a current market value of at least one hundred percent (100%), or in direct obligations of U.S. Treasury securities.

Investments shall be diversified according to maturity in order to meet projected cash flow needs.

Collateral pledged to secure uninsured deposits shall be held at a federal reserve bank with the receipt providing absolute control by the agency.

(2) Retirement funds, endowment funds, long-term capital reserve funds and any other special funds may be held and invested by a local bank trust department under investment objectives and diversification in accordance with the individual nature of the funds and pursuant to the "prudent man" investment rule as well as general trust law.

(3) All investments shall be reviewed monthly by a finance or investment committee of the agency.

(4) Local brokerage firms may hold and invest funds provided that investments are located within Kentucky and are full insured.

D. Audit - - All investments shall be audited at least annually by independent certified public accountant who shall express an opinion as to whether or not investments during the year audited have conformed with state and local law and regulation and with the approved investment policies.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

According to 2019 US Census data, 9% of Fayette County residents lack a high school diploma. That number rises to 29% for residents in Lexington's North End. Countywide, 20% of children under 18 live below the poverty line. That jumps to 51% in the North End. Since 2011, Common Good (CG) has worked with families, schools, and the community to give North End children and youth an opportunity to overcome these odds.

Of the 36 students enrolled in CG's elementary after-school program: 29 attend Arlington, 1 William Wells Brown, 3 Northern, 1 Ashland, 1 Maxwell and 1 Coventry Oaks. Arlington consists of 35% Hispanic children, 32% black, 28% white; 91% are economically disadvantaged (KY average is 60%). Of the 38 students in CG's youth program, 11 attend Bryan Station Middle, 2 LTMS, 1 Winburn, 10 Bryan Station High, 3 Frederick Douglass, 3 Carter G. Woodson Academy, 5 STEAM, 2 Opportunity Middle College, and 1 Henry Clay. CG families who move out of the neighborhood can continue enrolling students if they provide transportation and attendance meets guidelines.

The schools where CG students attend have programs geared towards enhancing student engagement and increasing test scores. Very few programs offer students and families ongoing mentorship or wholistic assistance in removing barriers. 79% of CG families are non-native English speakers, making access to services especially challenging. CG helps remove those barriers through programming focused on education, leadership development, enrichment activities, recreation, and spiritual formation, which cultivates thriving children, strong families, and flourishing neighborhoods.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each "unit of service" you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

Daily programming: Monday-Thursday, 2:40-6pm, 34 weeks/year. 74 students receive mentoring, educational/literacy enhancement, leadership development, recreational activities, and a daily meal. Program directors provide accountability by monitoring grades and attendance of all students.

Elementary Program Clubs: Three times/week for 34 weeks/year. Many students attend schools with limited extracurricular opportunities and most families cannot afford these privately. CG's club times rotate access to cooking, science, gardening, and art.

Mission Transition (College Readiness): Two hours/week for 34 weeks/year. High school juniors/seniors meet with staff/mentors to pursue post-high school opportunities. Many students in under-resourced neighborhoods, and particularly immigrant students, are not aware of opportunities and resources available to them, and most of them will be first-generation college graduates. CG provides support to families navigating the post-graduation process and ongoing mentorship for high school graduates in college, working, or still discerning next steps. In total, three graduates have joined CG's staff, one is currently employed at CG.

Parent Leadership Development: Two hours/month for eight months/year. CG provides parenting support, leadership development, and help with school communication. These meetings engage parents who might not be involved in school because of linguistic/cultural barriers.

Matchstick Goods: CG's social enterprise and economic development arm creates opportunities for CG students and graduates, including first/second generation immigrants, to express their unique and creative voices in their current cultural context. Students work 4-8 hours/week learning skills related to running a business and design/creation of ceramic goods.

Youth Employment: CG employs three students at Matchstick Goods during the school year and six students during the Summer Program.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

CG programs are neighborhood-based and most clients receiving services live around or very near the program's physical location. Families pay \$10 per school year per child for the after-school program and \$10 per child for the six-week summer program. This contribution gives parents a buy-in without being cost prohibitive to anyone. CG does not financially screen participants, but staff awareness of participating families suggest 95% of families in the program live at or below the poverty level.

The expectations for students in the after-school program include regular attendance (the attendance policy is reviewed with students and parents at the beginning of the program); respect for staff, volunteers, and property; and respect for each other. CG has a behavior system that rewards positive behavior and effort with "CG Bucks" (a micro-economy where students can earn and spend the "bucks" in CG's store) and discourages negative behavior through buck removal. The expectations for CG students are high, but there are strong support structures in place to help them understand the social and emotional implications of their actions. Students are treated with respect as they navigate the complexities of growing up. CG staff are trained in trauma-informed care and Safe Sanctuaries, and all mentors are given background checks and thorough training on CG policies before spending time with students.

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are doing is best-practice.

CG practices DePaul University's Asset-Based Community Development model that focuses on building community capacity. (<https://resources.depaul.edu/abcd-institute/resources/Pages/default.aspx>).

This practice brings those most impacted by marginalization and societal challenges to the forefront, empowering them to effectuate their own personal and community development. Community development studies have repeatedly shown that sustainable development involves those most impacted and must rely on the skills and strengths of the community. To help identify strengths and invest in the community, CG prioritizes geographic proximity among staff. All but two full-time staff live in the service area.

CG has a strong mentorship model and intentionally recruits mentors whose life experiences represent the demographic of CG students. Recruiting local community mentors and mentors of color is critical to success and has been proven the most effective mentoring model by the National Mentoring Resource Center. CG currently has 51 mentors - 20 mentors of color, and five CG HS students who serve as elementary mentors. They are assigned to work in the same classroom for the semester, assisting with homework, reading, enrichment activities, and play while creating strong connections with students, and providing them with needed consistency from caring adults. This has been CG's model for ten years, and some mentors have been with us for all ten years. Mentoring relationships are key to CG's work.

Mentoring and after-school programs that connect youth to caring adults and activities are strategies recommended by the CDC for the prevention of youth violence and associated risk behaviors. (<https://www.cdc.gov/violenceprevention/youthviolence/prevention.html>)

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define "successful" completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

Sense of security: Many CG families are in tenuous situations due to financial stress, immigration status, and/or trauma. CG provides a safe place where each student and his/her entire family feel welcomed.

Post-secondary opportunities: CG wants all students to know available options. Barriers are real, but so is the support system and ability to reach their goals. CG has 15 graduates currently pursuing post-secondary options; six have completed BAs, one has completed an AA and three are pursuing master's degrees.

Increased academic performance: CG provides tutoring and accountability by checking students' grades, behavior, and school attendance monthly. From August 2021-February 2022, 64% of elementary students made gains of two+ reading levels and 32% gained one level.

Access to extracurricular opportunities: CG provides access to extracurriculars for students facing economic and/or transportation barriers. Elementary students participate in weekly club times, and beginning this spring, older youth will partner with the ACE (Architecture, Construction, Engineering) Mentor Program to enhance their awareness of careers in these industries.

CG defines success for students as being engaged in the program, attending regularly, desiring success for themselves, and making academic and social gains. More broadly, CG wants students and families to remain engaged in programming for years to come. A specific goal is for participants to willingly give back to the program. This long-term goal is being achieved. CG has hired three program graduates as staff; graduates and six current students serve as summer program employees every year; and a parent of CG graduates serves on the board.

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

Navigating post-secondary decisions is difficult enough without cultural, linguistic, and economic barriers. Fortunately, Common Good's wholistic programming can uniquely assist students and families with this process and provide them an alternative to becoming reliant upon overburdened social services.

Angel Waight, a senior at Frederick Douglass high school was born in Central America but came to the US with her family to escape domestic violence. Her mother, a single mom, works three jobs. Her older sister is a CG graduate and a first-generation college graduate who earned her degree in Exercise Science from Asbury University and is preparing to return to school to become a physical therapist. Angel's younger sister is 14 and active in CG programs.

Despite the cultural and financial challenges her family faces, Angel is an excellent student with a 3.75 GPA. She tells us, "At CG I can connect with my peers, hear others' stories, and learn about different cultures. My path is challenging, but my mentors are checking my grades and encouraging me to dream. I have hope. I have built my leadership skills over the years at CG. Last spring, I co-led four college readiness nights along with two of my peers. These nights were designed to help sophomores and juniors prepare for college. We had guest speakers like professors, first-generation college graduates and admissions counselors. We heard about people just like us who persevered through challenges. Common Good is teaching me the path and equipping me to get to where I want to be."

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn't have to be complicated, evaluation is more than saying "we provided this many 'units of service.'" How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

Elementary students take reading assessments at the beginning and end of each semester through the Reading A-Z assessment (except when Covid restrictions are in place). This allows CG staff to evaluate gains in literacy for both native English speakers and students who are enrolled in English Language Learner (ELL) services. CG's goal is for 70% of elementary students to make gains of at least one level from the beginning of the fall semester to the end of the spring semester. The assessment results inform the structure of CG's after-school program literacy component.

CG program staff meet with teachers biannually to discuss students' academic gains and struggles. These meetings inform the curriculum implemented during programming.

CG has 39 families representing 74 students. The goal is for one parent/guardian from 15 different families to attend at least two Parent Leadership Team meetings annually. Parents/guardians are given surveys annually in April to rank their evaluation of the after-school program, including an evaluation of the Parent Leadership Team meetings. These evaluations help guide programming.

Youth maintain a consistent 65% attendance rate, and elementary students maintain a consistent 80% attendance rate. This is tracked through weekly attendance records.

CG's college students receive support through scholarships, informational workshops, tutoring, letters, phone calls, mentoring, care packages, and retreat opportunities.

Matchstick Goods employs four to six students annually and pays them the fair wage of \$11/hour for HS students and \$12.50/hour for graduates. These student-employees learn valuable lifelong skills.

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

Brenda Vanegas, Senior Program Director. Brenda joined the staff in September 2016. She has a B.A. in psychology. Originally from Mexico, she is a native Spanish speaker. Brenda embodies many experiences of CG families: being a DACA recipient and first-generation college graduate. She oversees all programming.

Noranne Hendricks, Elementary Program Director. A first-generation college graduate, Noranne studied Community Leadership Development before joining CG's staff in August 2017. Born and raised in Louisville, she understands the dynamics of growing up as a woman of color in Kentucky. Noranne provides leadership and manages staff for the elementary program.

Greison Mitchell, Youth Program Director. Greison recently graduated from Calvin College with a degree in Spanish and International Development and joined our staff in May of 2021. He is from Guatemala and moved to the US as a 7-year-old, when he was adopted. His own quest for understanding his cultural identity makes him an excellent mentor and leader. Throughout college he had opportunities to do international development work and has invaluable experience. Greison leads our middle and high school program.

Katie Hacker, Assistant Elementary Program Director, and Peyton Henderson, Elementary Program Lead Mentor, are both long-time volunteer mentors who joined Common Good's staff through the AmeriCorps program. Katie has a B.A. in psychology and Spanish and leads our 2-3 grade students. Peyton has a B.A. in communications and leads our K-1 grade students.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community's comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

CG programming provides a safe, equitable space for students and families, a need previously lacking in Lexington's North End. While other after-school programming exists in CG's service area for elementary students, it is often unaffordable, and there is a significant gap in services for area middle and high school students. Most youth in CG's program attend because they desire to participate, not because a guardian requires them to do so. This buy-in from youth is essential to their individual success and program-wide success.

CG has many established partnerships including: Seedleaf, Black Soil, On-the-Move Art Studio, local schools, UK College of Pharmacy, UK Undergraduate Resource Center, God's Pantry, Centenary UMC and Embrace UMC.

CG has an engaged board of directors, including one who volunteers with the program weekly. The board provides programming and staffing advice and oversees the Executive Director. Volunteers are also crucial to the program's success. For the 2022 spring semester, CG has 51 weekly mentors and 10 volunteer cooks.

CG continues to work diligently to increase support from corporate sponsors and grants. Individual donors contribute 89% of the budget. In October 2021, CG received \$117,000 in pledges and donations for 2022. CG also hosts an annual walk fundraiser every June. This raised over \$23,000 last year.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?

Because CG is neighborhood-based, most students/families walk to the program which makes it easily accessible to participants. Currently, the student population includes 41 Latino students, 28 African or African American students, and five white students. 47% of CG's elementary students receive ELL services at school. Importantly, CG's staff represents the families served and one-third of them are bi-lingual. This allows CG to provide services in multiple languages and helps families feel welcomed. CG's fee structure of \$10/child for the entire school year creates equity among participants. CG's daily meal is provided by God's Pantry and any child who needs a meal is welcomed. CG's 1:3 ratio of adult mentors to students is exceptionally low. This enables students with high needs to receive individualized attention (for example, CG serves students with 504 plans and IEPs) while still allowing all students to receive needed time and attention from mentors and staff. CG's space is handicap accessible with ramps and an elevator to accommodate anyone with physical limitations.

CG programs support all five of the recommendations regarding education made by the Mayor's Commission on Racial Justice and Equality. We use a "whole family" approach by involving family members in our programs; we collaborate with schools and other nonprofits to strengthen support to families; we have always provided many meaningful educational and vocational afterschool and summer opportunities for youth. That is the core of CG's mission.

6.0 Program Budget Summary Form Instructions

Proposal Submittal shall be considered incomplete and shall be rejected without completed Budget Summary Form. (Including total amount of ESR grant request for the first year of the cycle, Fiscal Year 2023.)

For organizations requesting funding for more than one program in this RFP, combine into a single Program Budget narrative for the proposal.

Please note that the Program Budget will be part of the grantee agreement with LFUCG and regular tracking and expenditure reporting will be required.

To ensure readability and uniformity, please use the Program Budget form included. Provide brief line-item detail as specified in each section below and verify all calculations.

This section provides a summary of the total proposed Program Budget for FY 2023. It requests the allocation of all projected funding amounts (City and non-City sources) for anticipated FY 2023 program expenditures. The allocation for FY 2024 shall be the same as FY 2023.

Total Program Budget

Column A should reflect projected expenditures for the entire program (not just the proposed LFUCG ESR grant funding request portion). When the chart is completed this column should equal ESR Grant Funding Request plus other/non-ESR program funding. ($A=B+C$)

ESR Grant Funding Request

Column B is the grant amount being requested from this RFP to support this program's services to eligible Fayette County Participants.

Non-LFUCG Program Funding

Column C is the non-LFUCG ESR funding that is allocated to the Total Program Budget ($A-B = C$).

This form is for the budget for the PROGRAM applying for ESR funds, not the total agency budget.

For each category identify the amount requested and the amount to be leveraged through other programs or organizations (if applicable).

Staff Salaries – Identify the number of Full-time position salaries allocated to the program, and part-time positions allocated to the program, and the amounts of each allocated to Columns A, B, & C.

Consultant Services – In the "List Details" box, **briefly** describe any expenses associated with providing expanded supportive services or other services for which the organization intends to contract with another entity. Laws and Regulations

All applicable state laws, municipal ordinances and regulations of all authorities having jurisdiction over the project shall apply to the contract, and shall be deemed to be incorporated herein by reference.

Equal Employment Opportunity

The Entity (regardless of whether construction contractor, non-construction contractor or supplier) agrees to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, creed, national origin, sex or age, and to promote equal employment through a positive, continuing program from itself and each of its subcontracting agents. This program of equal employment opportunity shall apply to every aspect of its employment policies and practices.

Kentucky Equal Employment Opportunity Act

The Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) requires that any "county, city, town, school district, water district, hospital district, or other political subdivision of the state shall include in directly or indirectly publicly funded contracts for supplies, materials, services, or equipment hereinafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin;
- (2) The contractor will state in all solicitations or advertisements for employees placed by or on behalf of the contractors that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin;

(3) The contractor will post notices in conspicuous places, available to employees and applicants for employment, setting forth the provision of the nondiscrimination clauses required by this section; and

(4) The contractor will send a notice to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding advising the labor union or workers' representative of the contractor's commitments under the nondiscrimination clauses."

The Act further provides:

"KRS 45.610. Hiring minorities -- Information required

(1) For the length of the contract, each contractor shall hire minorities from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities to satisfy the agreed upon goals and timetables.

(2) Each contractor shall, for the length of the contract, furnish such information as required by KRS 45.560 to KRS 45.640 and by such rules, regulations and orders issued pursuant thereto and will permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the department for purposes of investigation to ascertain compliance with KRS 45.560 to 45.640 and such rules, regulations and orders issued pursuant thereto.

KRS 45.620. Action against contractor -- Hiring of minority contractor or subcontractor

(1) If any contractor is found by the department to have engaged in an unlawful practice under this chapter during the course of performing under a contract or subcontract covered under KRS 45.560 to 45.640, the department shall so certify to the contracting agency and such certification shall be binding upon the contracting agency unless it is reversed in the course of judicial review.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the department. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the

contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. For the provisions of KRS 45.560 to 45.640, a minority contractor or subcontractor shall mean a business that is owned and controlled by one or more persons disadvantaged by racial or ethnic circumstances.

KRS 45.630 Termination of existing employee not required, when

Any provision of KRS 45.560 to 45.640 notwithstanding, no contractor shall be required to terminate an existing employee upon proof that employee was employed prior to the date of the contract.

KRS 45.640 Minimum skills

Nothing in KRS 45.560 to 45.640 shall require a contractor to hire anyone who fails to demonstrate the minimum skills required to perform a particular job."

It is recommended that all of the provisions above quoted be included as special conditions in each contract. In the case of a contract exceeding \$250,000, the contractor is required to furnish evidence that his workforce in Kentucky is representative of the available workforce in the area from which he draws employees, or to supply an Affirmative Action plan which will achieve such representation during the life of the contract.

LFUCG Non-Appropriation Clause

Contractor acknowledges that the LFUCG is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate.

In the event that public funds are unavailable and not appropriated for the performance of the LFUCG's obligations under this contract, then this contract shall automatically expire without penalty to the LFUCG thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that the LFUCG shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations.

In the event of a change in the LFUCG's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects the LFUCG's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to the LFUCG upon written notice to Contractor of such limitation or change in the LFUCG's legal authority.

EQUAL OPPORTUNITY AGREEMENT

The Law

- Title VII of the Civil Rights Act of 1964 (amended 1972) states that it is unlawful for an employer to discriminate in employment because of race, color, religion, sex, age (40-70 years) or national origin.
- Executive Order No. 11246 on Nondiscrimination under Federal contract prohibits employment discrimination by contractor and sub-contractor doing business with the Federal Government or recipients of Federal funds. This order was later amended by Executive Order No. 11375 to prohibit discrimination on the basis of sex.

- Section 503 of the Rehabilitation Act of 1973 states:

The Contractor will not discriminate against any employee or applicant for employment because of physical or mental disability.

- Section 2012 of the Vietnam Era Veterans Readjustment Act of 1973 requires Affirmative Action on behalf of disabled veterans and veterans of the Vietnam Era by contractors having Federal contracts.
- Section 206(A) of Executive Order 12086, Consolidation of Contract Compliance Functions for Equal Employment Opportunity, states:

The Secretary of Labor may investigate the employment practices of any Government contractor or sub-contractor to determine whether or not the contractual provisions specified in Section 202 of this order have been violated.

The Lexington-Fayette Urban County Government practices Equal Opportunity in recruiting, hiring and promoting. It is the Government's intent to affirmatively provide employment opportunities for those individuals who have previously not been allowed to enter into the mainstream of society. Because of its importance to the local Government, this policy carries the full endorsement of the Mayor, Commissioners, Directors and all supervisory personnel. In following this commitment to Equal Employment Opportunity and because the Government is the benefactor of the Federal funds, it is both against the Urban County Government policy and illegal for the Government to let contracts to companies which knowingly or unknowingly practice discrimination in their employment practices. Violation of the above mentioned ordinances may cause a contract to be canceled and the contractors may be declared ineligible for future consideration.

Please sign this statement in the appropriate space acknowledging that you have read and understand the provisions contained herein. Return this document as part of your application packet.

Bidders

I/We agree to comply with the Civil Rights Laws listed above that govern employment rights of minorities, women, Vietnam veterans, handicapped and aged persons.

1.1 **Background**

Each fiscal year the Mayor and Urban County Council allocate funds for use by selected 501(c)(3) non-profit partner agencies through the Department of Social Services' Extended Social Resource (ESR) Program.

This grant cycle shall cover Fiscal Years 2023 and 2024 (July 1, 2022 – June 30, 2024), and will award grants between the four Funding Priorities, which each have separate required Proposal Submittals and criteria, and awarded on an approximate scale, listed below.

Funding Priority Area: Childhood & Youth Development

Projected funding is approximately \$650,000 of total ESR Grant Program Community Based Initiatives Award. This amount is subject to change upon Council ratification of the Fiscal Year 2023 Budget.

LFUCG seeks to strengthen and enhance **Childhood and Youth Development** by supporting programs and services for early childhood through teenage populations (birth through 18 years old). These programs would include, but not be limited to: **addressing student learning loss (specifically kindergarten through 12th grade), youth violence prevention, and mentorship**. Funding Priority Area: Childhood and Youth Development

Projected funding is \$650,000 of ESR Grant Program – Community Based Initiatives

LFUCG seeks to strengthen and enhance **Childhood and Youth Development** by supporting programs and services for early childhood through teenage populations (birth through 18 years old). LFUCG intends to award grants for priority-rated programs and services which originate with demonstrated client needs, establish clearly-defined outcomes, and are designed to best practices or evidence-based models.

These programs shall consist of an intentional, pro-social approach that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for young people by providing opportunities, fostering healthy relationships and supporting positive leadership.

These programs may address one or more of the following areas, but shall not be limited to:

- Affordable access to early care & education for children under 5 years of age
- Development services focusing on life skills, social skills, employment mentoring, enrichment, language tutoring, & leadership skills
- Services focused on Kindergarten readiness
- Parental, caregiver, & kinship resources and support
- Improving reading & math proficiency
- Reducing poverty rates among children & youth
- Services for limited English language learners & for overcoming cultural barriers
- Transportation access for child & youth programming
- Addressing student learning loss (*specifically kindergarten through 12th grade*)
- Youth Violence Prevention
- Mentorship

The term “client” is used throughout this proposal; however we understand that within the context of your work “client” may not mean an individual. For some agencies it may be helpful to think of “client” as whole system (such as a school) or as a neighborhood, group, or community.

5.1 Program Proposal & Design

5.1.1 Needs Statement—Purpose of the Program Proposal / Problem Statement

15 Points

Using local data, provide a description of the problem in Fayette County. Identify the specific population your program is targeting (i.e. age, geographical region, economic status, etc.) and explain why. Discuss whether this population is under-served or at-risk. Describe your understanding of the local system of services addressing this problem, obstacles and/or opportunities your clients face, and how your agency fits within this system of services.

5.1.2 Service Delivery Model

15 Points

What steps will you take or what activities will you provide to assist clients in achieving these goals? Describe each “unit of service” you will provide for clients and how often and how long this service will be provided (e.g. a one-time three-hour training; a weekly one-hour support group for 12 weeks; one 30-minute health exam twice a year; 1-3 hour advocacy services as needed; etc.) How will these services address the problem as identified in the Needs Statement above? Be specific.

5.1.3 Client Eligibility and Requirements

5 Points

What eligibility requirements must clients meet to qualify for services? What are the expectations of clients while receiving services? (e.g. client must pay \$30 fee for each class; client must remain sober; client is responsible for chores; nothing other than participation in services; etc.)

5.1.4 Evidence-Based/Best Practice

10 Points

Describe the evidence-based or promising practice model on which this service approach is based. Provide particular sources that indicate what you are proposing is best-practice.

5.2 Program Measures & Evaluation

5.2.1 Service Efficacy & Desired Outcomes

10 Points

What do you hope to help your clients achieve? What are some examples of goals you will set with clients? What is your service philosophy in terms of helping your clients achieve these goals? Describe how you define “successful” completion of services. (e.g. service is complete if: client remains for entire three-hour training; client continues services until judge orders otherwise; etc.) What percentage of clients meet that criteria for success?

5.2.2 Client Empowerment & Community Impact

10 Points

Describe what meaningful difference these services make in the lives of people served. What value is added to the community? Provide examples. (e.g. client demonstrates change in attitude; client has behavior change; etc.)

5.2.3 Data Assessment & Quality Improvement

10 Points

While it doesn’t have to be complicated, evaluation is more than saying “we provided this many ‘units of service.’” How will you know if your services have been effective? How does this relate to the desired outcomes for your clients? How will the information gathered be used to improve your services in the future? Be specific (for example, data collection may be through focus groups, pre-and post-tests, client satisfaction surveys, etc.), and also **be specific regarding sampling size and frequency of evaluation.**

5.3 Capacity & Sustainability

5.3.1 Staff Qualifications & Experience

5 Points

Provide information on the key/primary individuals that will be involved in the provision of services and demonstrate that they have the capacity to address the stated need. List each position by title and name of employee, if available. Describe the anticipated roles and responsibilities for each person as it relates to this project. Describe the experience, expertise, and capacity of each individual to address the proposed activities.

5.3.2 Partnership & Resource Leverage

5 Points

How do your programs and services support our community’s comprehensive response to the identified priority area of Community Wellness & Safety? Does your organization have any formal agreements or informal working relationship with other local service programs?

What role does your governing board members, volunteers, and / or donors play in facilitating viable service delivery and program administration? Does your program have any major civic benefactors or corporate sponsors? Describe other secured funding sources and committed operational resources your organization has allocated for the proposed program.

5.3.3 Outreach & Inclusion Strategy

15 Points

Demonstrate how the program will ensure services are available and accessible by all potential participants, especially related to language barriers for persons with limited English proficiency; persons with physical or other disabilities; and persons impacted by poverty and economic distress.

Has your organization enacted any policies (or employs any standard operating procedures) to ensure equitable service opportunity and / or benefit program to a diverse cross-section of the greater community? How does your proposal support or enhance the recommendations made by the Mayor's Commission on Racial Justice & Equality?
