

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

Sole Source Purchases are defined clearly, based upon a legitimate need, and are limited to a single supplier. Sole source purchases are normally not allowed except when based upon strong technological grounds such as operational compatibility with existing equipment and related parts or upon a clearly unique and/or cost effective feature requirement. The use of sole source purchases must be justified and shall be limited only to those specific instances in which compatibility or technical performance needs are being satisfied.

Sole Source Services are defined as a service provider providing technical expertise of such a unique nature that the service provider is clearly and justifiably the only practicable source available to provide the service. The justification shall be based on the uniqueness of the service, sole availability at the location required, or warranty or defect correction service obligations of the service provider.

This form must be filled out for the request to purchase any good or non-professional service that requires a competitive procurement process (informal quotes (\$1001-\$10,000), formal quotes (\$10,001 - \$19,999.99), or formal bid (\$20,000 or more) as defined in the LFUCG's Purchasing Manual. This form must be completed in its entirety and attached to the purchase requisition.

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

STATEMENT OF NEED: (Add additional pages as needed)

My division/department's recommendation for sole source is based upon an objective review of the product/service required and appears to be in the best interest of the LFUCG. I know of no conflict of interest on my part, and I have no personal involvement in any way with this request. No gratuities, favors, or compromising actions have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials, persons or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

1. Describe the product or service and list the necessary features this product provides that are not available from any other option.

The product requested for purchase via sole source certification is the:

- ABS Blower Model HST40-300-1-L-5
 - New blower with same BOM as current unit
 - Factory Standard Testing
 - New inlet silencer
 - 5-year warranty
 - Freight to site and start-up

Requested product will replace an existing (identical unit) blower that has failed due to major component(s) equipment damage.

2. Below are eligible reasons for sole source. Check one and describe.

Licensed or patented product or service. No other vendor provides this. Warranty or defect correction service obligations to the consultant. Describe why it is mandatory to use this licensed or patented product or service.

Existing LFUCG equipment, inventory, custom-built information system, custom-built data inventory system, or similar products or programs. Describe. If product is off-the-shelf, list efforts to find other vendors (i.e. web site search, contacting the manufacturer to see if other dealers are available to service this region, etc.)

Uniqueness of the service. Describe.

The LFUCG has established a standard for this manufacturer, supplier, or provider and there is only one vendor. Attach documentation from manufacturer to confirm that only one dealer provides the product.

Factory-authorized warranty service available only from this single dealer. Sole availability at the location required. Describe.

Used item with bargain price (describe what a new item would cost). Describe.

JUSTIFICATION FOR SOLE SOURCE CERTIFICATION

- Other – The above reasons are the most common and established causes for an eligible sole source. If you have a different reason, please describe:

-

3. Describe efforts to find other vendors or consultants (i.e. phone inquires, web site search, contacting the manufacturer to see if other dealers are available to service region, etc.).

Equipment manufacturer was contacted to identify local/regional factory authorized service providers. Equipment manufacturer, Sulzer, indicated and has provided written documentation identifying Southern Sales Co., Inc. as the, "...contracted Sulzer sole Master Distributor for Sulzer wastewater (formerly ABS) products...", copy attached.

4. How was the price offered determined to be fair and reasonable?

(Explain what the basis was for comparison and include cost analyses as applicable.)

Price and condition(s) offered were determined to be fair and reasonable considering the indicated purchase price is approximately \$80,000.00 less than original purchase price of failed blower. The indicated purchase price, \$155,600.00, requires turnover of the existing failed blower to Sulzer.

5. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier.

The cost savings realized by acquiring the indicated blower from the manufacturer identified sole Master Distributer is \$80,000.00
