Director of Project Management

DATE: November 12, 2021

SUBJECT: Authorization to amend Sec. 17-29 in the Code of Ordinances related to Sidewalk Cafes to add the permitted use of on-street parking spaces for additional café seating.

Request:

Authorization to amend Sec. 17-29 in the Code of Ordinances related to Sidewalk Cafes to add the permitted use of on-street parking spaces for additional café seating per required reviews, approvals, and permit fees; and to update barrier requirements and fees associated with café seating permits.

Why are you requesting?

In response to the successful utilization of the Temporary Pandemic Program, which allowed businesses to expand into on-street parking and private parking lots for additional café seating, this request is made to allow the use of on-street parking beyond the temporary program. Various establishments utilizing the on-street parking during the pandemic program have requested the continuation of this permitted use. Businesses who wish to use private property/parking lots may do so through current approval processes through the Division of Planning and Building Inspection.
