A Resolution authorizing the Mayor, on behalf of the Urban County Government, to execute a Purchase Agreement and all other documents necessary to grant substation and transmission line easements to Ky. Utilities Co. for the sum of \$10,478. [Div. of Water Quality, Martin]

Authorization to Grant easements to Kentucky Utilities (KU) Company for the expansion of the existing electrical substation located on LFUCG property at the West Hickman WWTP and for the relocation of overhead power transmission infrastructure also located on LFUCG property. DWQ recommends that these easements be Granted in exchange for “no capital cost” power upgrades at the substation to meet additional demand created by DWQ wet weather storage tank/new headworks at the West Hickman facility. If approved; KU will also compensate LFUCG in the amount of \$10,478.00 to mitigate downstream Stormwater management issues created by the increased impervious area of the expanded substation. No cost will be incurred by the LFUCG. (L0455-17) (Martin/Hoskins-Squier)

Budgetary Implications: Yes

Advance Document Review:

Law: Yes, Completed by Charles E. Edwards, III, 4/17/2017

Risk Management: No
