Building. Any structure whose floor area is enclosed overhead by a roof or other covering of any material, whether permanent or temporary, and has forty (40) percent or

more of its perimeter permanently or temporarily enclosed by walls, windows, doors, or other coverings of any material. Any structure whose floor area is enclosed overhead by a roof or other covering of any material, whether permanent or temporary, that has 40% or more of the perimeter temporarily enclosed by walls, windows, doors or other coverings of any materials shall not be subject to the definition of a building when the temporary walls, windows, doors or other coverings are not in place.

(2)

Dwelling. Any building used primarily for sleeping overnight and conducting activities of daily living, including, without limitation, a single or multi-family residential housing unit, a hotel or motel room or suite or a hospital, hospice or nursing home room.

(4)

Private organization. An organization which is the owner, lessee, or occupant of a building, that is not open to the public. The building will be used exclusively for the organization's or a member's purposes at all times. The organization must maintain selective members, and be operated by the membership. The organization neither provides food, drink, nor lodging for pay to anyone who is not a member or a member's guest, nor permits others to provide food, drink, or lodging for pay to anyone who is not a member or a member's guest. The organization has been granted an exemption from the payment of federal income tax as a club under 26 U.S.C. § 501.
