A Resolution authorizing and directing the Mayor, on behalf of the Urban County Government, to execute an Agreement with Telcordia Technologies Inc., d/b/a iconectiv, for accuracy of the 911 database, at a cost not to exceed $6,000. [Div. of Enhanced 911, Stack]

Authorization to approve an Agreement with Telcordia Technologies, Inc. d/b/a iconectiv, which allows this agency to access the Number Portability Administration Center covering the Regional Bell Operating Companies US Service Areas for the purpose of determining which telephone Co. a phone number is affiliated with. Iconectiv maintains the ELEP telephone portability service for the Federal Communications Commission (FCC) under an exclusive Agreement (Sole Source Form attached). The FCC portability law allows customers to keep their landline, wireless and VoIP telephone number when changing carriers and/or location. However, when location and carrier information is missing from call data presented to 911, this service identifies the carrier and landline location associated with the number used to dial 911. This service helps maintain the accuracy of the 911 database for Lexington and 27 counties in the Lexington owned Central Kentucky 911 Network. Annual financial impact is $6000. Funds are Budgeted.
