F. Evaluation

This is a competitive grant process, with Proposals evaluated by a neutral panel selected by the Commissioner of Social Services, all of whom have no affiliation with any applicant.

In evaluating whether to ultimately award funding to an agency, the Lexington-Fayette Urban County Government may consider how much funding, if any, an agency has previously received from LFUCG during the same funding cycle, and reserves the right to not fund, or to reduce the amount of funding that an agency might otherwise receive, based upon such an evaluation.

Scoring criteria are outlined in Section 4.0 Evaluation.

G. Selection

The highest scoring proposals as determined by the panel will be recommended for funding and contacted to negotiate a funding agreement.

H. Reporting

The funded projects will be required to submit regular financial and progress reports. Failure to submit complete reports on time will delay processing of invoices submitted for grant reimbursements and affect the grantee's competitiveness for any future funding opportunities with LFUCG. This includes, but is not limited to, timesheets for staff; bids, quotes, invoices and receipts for purchases; copies of any contracts for services; and additional information as required by LFUCG for compliance with federal regulations.

Grant Proposal Response to RFP #29-2025 - Moveable Feast Lexington, Inc.

Executive Summary

Moveable Feast Lexington, Inc. (MFL) respectfully submits this proposal requesting \$29,000 in operational investment support through the Nonprofit Capital Grant Program. These funds will be used to purchase a hybrid automobile that will strengthen our daily operations and ensure reliable service delivery to some of Fayette County's most vulnerable residents.

For three decades, MFL has provided free, nutritious, home-delivered meals to low-income individuals living with HIV/AIDS and those reliant on Hospice care here in Lexington. In 2024 alone, we delivered over 30,000 meals to approximately 100 clients. Most of our clientele live below the poverty line, are medically fragile, and face barriers to both food access and healthcare. For many, our staff and volunteers are their only consistent point of human connection and care in their day-to-day lives.

Currently, our van is used daily and we need another smaller vehicle as we grow our service over the next few years. We are estimating a 20% increase in demand for our services by 2027. We are putting in this request preemptively to prevent service disruptions in essential tasks such as food pickups, supply runs, donor deliveries, and smaller-scale meal transport. We often find ourselves in need of a more maneuverable, smaller vehicle for daily errands around town while the van is utilized.

This grant will allow MFL to:

1. Ensure safe, consistent, and timely operations that directly support daily meal delivery.
2. Reduce fuel and repair costs through the use of a hybrid vehicle, allowing more funds to be directed to client care.
3. Establish our long-term sustainability while reducing environmental impact.

We are confident in our capacity to manage this project responsibly. With a proven record of grant compliance, audited financials, and a committed leadership team averaging tenure of over a decade, MFL is well positioned to complete this investment early in the grant cycle and maximize its community impact.

On behalf of our clients, our neighbors here in Fayette County who rely on these daily meals as a lifeline, we thank you for considering this request. With your support, we can

continue to fight hunger, improve health outcomes, and uphold the dignity of Fayette County residents facing life's greatest challenges.

With Thanks,
Ned Butler Royse, Executive Director
Moveable Feast Lexington, Inc.

Section 1: Services to Low-Income, Underserved, or Marginalized Residents

Moveable Feast Lexington, Inc. (MFL) is a 501(c)(3) nonprofit providing free, nutritious meals to Fayette County residents living with HIV/AIDS and those on Hospice residing in Lexington-Fayette County. We are on track to soon reach a benchmark of 1,000,000 meals served, as we reached over 800,000 in 2024 and we are seeing an increase in demand for service provided.

Though we do not publicly release client demographics for security reasons, we serve exclusively low-income residents, the vast majority of whom come from or identify as members of underserved communities. We serve marginalized populations including disabled folks, women, LGBTQ+ residents, seniors, and people of color. We hold a Platinum Seal of Transparency on Candid.org and comply fully with all federal, state, and local laws.

Section 2: Demonstrated Need

We seek funding for a hybrid automobile to free up our van for more deliveries while assuring our daily operations are not negatively impacted. The car will be used for daily errands, pickups, supply runs, donor deliveries, and transport to and from events. This vehicle will be used to supplement our existing delivery routes as well, allowing an additional staff member to serve in this capacity.

Over the last few years, we have seen a year-over-year increase in client demand with consistent growth between 2%-5% annually. Given the increase in locals reliant on Hospice care, we expect to add an additional 20-30 clients to our daily headcount by the end of 2026. While adding on cold lunch service, meals for families and caretakers, and expanding our service area to the edges of Lexington-Fayette County has benefitted our clients greatly, it has left our logistic capacity quite lean. We frequently find ourselves in need of one more vehicle, one more driver, or one more route to cover.

Currently, we are almost at capacity each day and rely heavily on volunteers to use their own vehicles for our weekday meal deliveries. As demand increases, an additional

vehicle can help us meet that need without taking up as much space and resource as our large cargo van. A new hybrid vehicle will ensure efficiency, reduce fuel costs, and sustain service delivery for clients who depend on us daily.

Section 3: Applicant Capacity for Project

MFL has a proven track record managing capital projects and grants, including previous grants from LFUCG, transparent PPP loan, and private donor support for specific recurring fundraisers. We consistently meet reporting and compliance requirements. We are fully capable of purchasing, maintaining, and reporting on this capital investment in the same manner as previous grants.

Our new Executive Director brings 12 years of nonprofit leadership at both local and federal levels. Staff are trained in grant compliance, logistics, and fleet management. We undergo annual independent audits and maintain strong fiscal controls with oversight from our active, hardworking Board of volunteers.

Section 4: Operational Feasibility

Timeline:

- Nov–Dec 2025: Solicit bids and select vehicle
- Jan 2026: Purchase, register, insure
- Feb 2026: Vehicle in daily use

Completion of purchase will occur before April 30, 2027.

Sustainability: MFL will cover daily expenses via existing funding channels and through a discounted auto policy rate provided by our current insurer. Hybrid technology reduces long-term costs and environmental impact. We have recently applied to join the green check program and see this new vehicle opportunity as a crucial investment in more environmentally friendly nonprofit work for our city.

Support: Letters of support from partner agencies can be provided by request to confirm our reliability and the importance of this investment. Our volunteers, staff, and Board unanimously support this proposal as do our hungry clients.

Section 5: Cost Analysis

Grant Project Budget:

- Hybrid Vehicle Purchase: \$28,000
- Registration/Insurance Setup: \$1,000

Total: \$29,000

Annual Total Agency Operating Budget: \$330,000

This is a one-time cost that will reduce repair expenses, lower fuel costs by half, and immediately increase operational capacity. Costs are consistent with current market rates in Lexington and Louisville. We anticipate the purchase of a small suv or large crossover vehicle with standard safety features. The average price for a used hybrid vehicle with mileage under 50,000 and basic features was determined by averaging costs at local dealerships, Carvana, CarGurus, and references from the Kelley Blue Book price model. As this is a major purchase, our Board will review the vehicle to assure a wise investment is made by our Executive Director who has experience in fleet vehicle acquisition.
