

TO: Major Linda Gorton
Urban County Council Members

FROM: Jonelle Patton, Director
Lexington Enhanced 911

DATE: February 9, 2026

SUBJECT: Enhanced Law Enforcement Platform (ELEM) Service Agreement & Sole Source Renewal.

Why are you requesting? On behalf of the FCC, iconectiv, LLC maintains the only database of phone numbers and corresponding carriers utilized by the 911 system nationwide. The agreement with Iconectiv does not have an automatic renewal clause, thus it must be renewed annually.

Request:

The Division of Enhanced 911 is requesting a resolution authorizing the Mayor to approve an annual renewal agreement with iconectiv, LLC, which allows this agency to access the Number Portability Administration Center covering the Regional Bell Operating Companies US Service Areas for the purpose of determining which telephone company a phone number is affiliated with. Iconectiv maintains the ELEM telephone portability service for the Federal Communications Commission (FCC) under an exclusive agreement (Sole Source Form attached). The FCC portability law allows customers to keep their landline, wireless and VoIP telephone number when changing carriers and/or location. However, when location and carrier information is missing from call data presented to 911, this service identifies the carrier and landline location associated with the number used to dial 911. This service helps maintain the accuracy of the 911 database for Lexington and 29 counties in the Lexington owned Central Kentucky 911 Network. The term of the annual renewal is March 2026 to March 2027.

What are the costs in this budget year and future budget years?
\$6,000 annually

Are the funds budgeted? Yes, split-funded in the following accounts:
4205-505602-5621-77802 @ \$4,000 & 4204-505602-5622-77802 @ \$2,000

File Number: 122-26
