- c) **Termination for Convenience (Without Cause).** Either Party may terminate without cause after the initial term has ended and the Renewal term has begun and should you choose to terminate once you are in a **Renewal Term**, provide a 90-day advance written **notice of intent to cancel** before the end of the annual maintenance cycle date, and services will cease per the annual maintenance date. **MIDTERM CANCELATIONS WILL NOT BE ACCEPTED.**

- a) **Payment of Fees.** You agree to pay us all Fees permitted by the Agreement. Fees for specific Services are described in the Order Schedule and will be billed annually, or as you and we may decide. All Fees are based on Services provided, not on your actual usage. Except as permitted by the Agreement, all Fees paid are non-refundable.
- b) **Fee Commencement.** Upon the contract's execution, the initial invoice for the software subscription and hosting will be issued, and payment will be due. Contracts are considered fully executed when both parties have signed.
- c) **Due Date; Late Fees; Interest.** Payment is due within 30 days from the date you receive our invoice (the "Due Date"). All payments are due in U.S. dollars. Unpaid balances owed to us will accrue interest at the rate of 1.0% per month.

Subject to future appropriation by future council, VS reserves the right to apply the COLT enhancement to any fees after the FIRST TWELVE (12) MONTHS of the initial term AND at the start of each Renewal Term, in its sole and absolute discretion.
- f) **Breach for Non-Payment of Fees.** Payment not made within 30 days of the Due Date will result in an automatic breach of the Agreement and start the clock on a 20-day period in which to cure. If payment is still not received by the 51st day after the scheduled Due Date, we reserve the right to suspend Services until all outstanding Fees are paid. Continued non-payment of Fees more than 60 days after the Due Date will result in a default under the Agreement and will be considered seriously delinquent. In the event of default, all payments otherwise due to us under the Agreement will be accelerated and will be considered due and payable by you immediately, as of the date of default. We shall have no obligation to release any of your Customer Data until all outstanding Fees are paid in full. WE RESERVE THE RIGHT TO TAKE LEGAL ACTION ON ALL SERIOUSLY DELINQUENT ACCOUNTS.

Please make sure that you have taken appropriate steps to pay your Taxes.
- h) We are obligated to comply with all valid tax liens or levies associated with your business. If we must pay Taxes on your behalf, you agree to indemnify us, to the extent allowable by law for any such payments within 30 days from your receipt of a special tax-related invoice. This shall not be deemed a waiver of sovereign immunity or any other third-party defense

6) MODIFICATIONS.

- a) **Changing the Order Schedule.** You may add or remove Services during the Term at any time provided that we agree to such changes. We reserve the right to change our fees and/or introduce new charges at any time with at least 30 days prior notice to you, which notice may be provided by email. Regardless of whether our discussion with you about changes in Services occurred verbally or in writing, we will document any Service changes in an updated invoice which we will send to you for review. If you disagree with the Service change, as reflected in the invoice, please notify us immediately. If you pay the updated invoice, accept the benefits of any added Services, or fail to object to the updated invoice within 14 days after you receive it, we will consider you to have accepted the changes, which will be considered a valid modification of any Order Schedule then in place (which will, in turn, update the Agreement automatically). Modification of Services will not change the contract term.
- b) **Other Changes to the Agreement.** Except as otherwise described in this Section, no modification of the Agreement will be binding unless in writing and manually signed by an authorized representative of the parties.

7) CUSTOMER DATA.

SERVICE LEVEL AGREEMENT (SUPPORT)

At Vermont Systems, we highly value our customers and are dedicated to delivering top-quality support services to ensure the seamless operation of your software systems. Our Service Level Agreement (SLA) defines the level of support you can anticipate from us, specifying our response times, issue resolution procedures, and overall support quality. With our proficient team of software professionals and unwavering commitment to customer satisfaction, you can rely on us to meet all your software support requirements with competence.

Terms not specifically described in this Service Level Agreement for Support ("Support SLA") shall have the meanings as set forth in Section 1 of the Terms of Service or elsewhere in the Agreement.

- 1. ELIGIBILITY.** This Support SLA shall apply only to Customers receiving Vermont Systems' Support Desk, including "live" support channels by phone or chat. To be eligible for the Support SLA, Customers must be current in their payment of Fees to Vermont Systems and must remain compliant with the terms and conditions of the Agreement.
- 2. CASE PRIORITIES.** To provide high-quality support and to effectively assign resources to incoming cases, the following four types of case priorities have been identified:

***Final determination of priority will be agreed upon by the case contact(s) and Vermont Systems.**

Priority 1	Critical	Critical business impact occurs on a production system preventing business operations. End Users and Patrons are prevented from working within the Software with no workarounds. Examples include: Software crashes or goes off-line; functionality critical to business operation not available; data breach or loss of Customer Data.
Priority 2	Major	Significant business impact occurs on a production system severely impacting business operation. End Users and Patrons are impacted by the issue but may still be able to work in a limited capacity within the Software. Examples include significant performance degradation; functionalities important to business operation not available; loss of Software functionality has an escalating impact on business operations.
Priority 3	Medium	Minor business impact occurs on a production system that causes a partial or non-critical loss of functionality in the Software. A limited number of End Users and/or Patrons are affected.
Priority 4	Low	Issues occurring on a non-production system in the Software. Examples include: a question, comment, or enhancement.

3. RESPONSE TIMES. VS will respond and escalate support issues in accordance with the table below. All days referenced below are business days.

	Priority 1 (within)	Priority 2 (within)	Priority 3 (within)	Priority 4 (within)
Initial Response	1 hour	4 hours	24 hours	48 hours
Escalation Stage	<p>VS will escalate within the operations team. Operations will engage development resources as needed. Notification will be made to Operations leadership for issue awareness.</p> <p>Communication cadence on specific cases will be defined by the case contact(s) and Vermont Systems on a case-by-case scenario.</p>			

4. CUSTOMER REPORTING CHANNELS; PROCESS. Support Desk Customers experiencing support issues must report customer support concerns through VS's established support channels, including:

- a) **Customer Support Portal:** accessed by going to support.vermontsystems.com available (24/7)
- b) **Chat Support:** available through the support portal – Monday through Friday, 8 AM – 5 PM
- c) **Email:** support@vermontsystems.com
- d) **Customer support line:** 877-883-8757, leave voicemail, (monitored during business hours only). 8AM - 8PM eastern time, Monday - Friday.

• **After-Hours Emergency Support:** Leave voicemail at 802-490-1911 — receive VS Support response within 15 minutes. (After hours emergency support fees apply)

All issues or questions reported to support are tracked with a support case that contains at a minimum the Customer account name, contact person, software product and version, module and/or menu selection, detailed description of the issue, and any other pertinent information. Case statuses are viewable on the VS support portal. Each case is stored in a queue and the first available support representative will be assigned to the next case issue based on priority. While reviewing the case issue, the assigned support person will contact the Customer, if additional information is needed. The VS support person will either resolve the issue or advise Customer regarding the status and the course of action being taken to resolve it. All correspondence and actions associated with a case are tracked in the support database. If the issue needs to be escalated to a development resource, Customer will be informed. While issues escalated to development will be scheduled for resolution, they may not be resolved immediately depending on the nature and complexity of the issue. Customer may view the development status at any time.

5. Open Database Connectivity (ODBC): VS will support establishing an ODBC connection in environments where allowed (such as VS Premium Cloud Hosting). The database schema can be printed running the “RecTrac Dictionary Listing” report from within the RecTrac application. Current entity relationship diagrams are also available (can be accessed via VS FTP site). No other ODBC support services will be provided by VS, such as but not limited to development assistance and development troubleshooting.
